14. **Performance Guarantee:** The selected bidder shall be required to furnish a **Performance Bank Guarantee equivalent to 10% of the contract value (Purchase order value)**, as per purchaser's prescribed Performa (Annexure - V), in the form of an unconditional and irrevocable bank guarantee (to be executed on Rs. 100 Non Judicial Paper) from a scheduled commercial bank / Nationalized bank in India other than Cooperative bank or Grameen bank, having net worth of at least Rs. 500 Crore and capital adequacy ratio of 9%, in favour of "**Director, National Institute for Empowerment of Persons with Multiple Disabilities**". Performance Bank Guarantee would be returned only after successful completion of tasks assigned to them and only after adjusting/recovering any dues recoverable /payable from/by the Bidder on any account under the contract. On submission of this performance guarantee and after signing of the contract, EMD submitted should be returned. All expenses, commissions and interests related to issuance and surrendering of the performance guarantee, accrued to the bank, shall be at the sole cost of the bidder. The bidder, who has caused and delivered the performance guarantee, shall not be entitled to put forth any accrued interests thereon.

Terms & Conditions for Performance Guarantee

- a. The bank guarantee / DD must be submitted after award of contract within a period of 15 days from the date of written notification of award of contract to the bidder, but before signing of contract, using the performance security format provided by NIEPMD.
- b. The initial performance security shall be **valid for a period of up to Two month after completion of the contract including extension period, if any** and shall be denominated in Indian rupees and shall be a bank guarantee in favour of NIEPMD, payable at Chennai. The successful bidder has to renew the bank guarantee on same terms and conditions for a period of up to two months after completion of the contract if the contract period is extended after two years of the initial contract period.
- c. The proceeds of the performance security shall be payable to NIEPMD as compensation for any loss resulting from the bidder's failure to complete its obligations under this bid. NIEPMD shall notify the bidder in writing of its invocation of its right to receive such compensation within 15 days, indicating the reasons for which the bidder is in default.
- d. The performance security shall be discharged by NIEPMD and returned to the bidder within 30 days from the date of final certificate certifying the fulfilment of the performance obligations under this bid.
- e. The bidder shall furnish amendment to the performance guarantee, if required, within 15 days of notification.

C. Scope of Work

1. Provisioning and commissioning of 100 Mbps dedicated DIA symmetric internet bandwidth (1:1 uncompressed and unshared with last mile on fiber in ring topology) connectivity through leased line/RF link with assured bandwidth of 100 Mbps worldwide with 1:1 full duplex.
2. The vendor willing to apply for providing internet service should visit the campus with prior

appointment for understanding the site requirement, availability of existing infrastructure & present connectivity. Vendor visiting to site should obtain site visit certificate and same to be uploaded with technical bid for acceptance of bids.

3. The lease line from category "A or B" ISP (license from Govt. of India) must only be commissioned.
4. The Internet connectivity leased line should have fully dedicated (1:1), unshared & high quality 100 Mbps symmetric bandwidth without any compression factor through optical fiber. In case connectivity from fiber cable fails or breaks, the same connectivity speed will have to be provided through wireless line by the service provider, without any extra charge.
5. Local loop has to be through fiber cable, wherein optical fiber is extended right up to the customer premises. The fiber optic link to the campus should be on a ring to provide redundancy.
6. Internet Bandwidth with committed access rate on 1:1 basis till ISP International Gateway must be commissioned.
7. The connectivity provided to NIEPMD, should be dedicated to NIEPMD only.
8. The termination of the last mile connection is to be made in CCTV server room of NIEPMD. The proposed link is to be terminated through the UTM.
9. Traffic should be routed to secondary International Gateway once the primary fails.
10. Network redundancy has to be built to protect the traffic from cable cuts.
11. Complete detail of service provisioning including offered bandwidth, compression type, termination details etc. are to be clearly stated in the technical bid.
12. The last mile link will be on fiber with self-healing architecture to maximize the availability of the link and minimize the failure.
13. The data exchange between NIEPMD and ISP premises shall be over a dedicated high-speed link.
14. ISP will supply and install the necessary hardware and software for implementation & commissioning of the Internet connectivity. ISP shall undertake installation & configuration of modems, routers or any such associated Fiber-optic equipment to make the entire system working to provide sustained Internet bandwidth of not less than 100 mbps.
15. ISP shall provide 16 Class C, real IP addresses for exclusive use by NIEPMD, DEPwD, GOI and shall configure the new IP addresses and gateways on the existing router.
16. Building permissions, entry pass to the location for delivery of Internet Leased Line, Hardware/Software and last mile to be managed by the ISP.
17. All necessary clearances shall be the sole responsibility of the service provider. Bidder should ensure that the local loop provisioning does not violate regulations as laid by Government of India / DoT / TRAI in respect of such links / networks.
18. The bidder should provide all necessary equipment for connectivity, if any. However, resources available should be utilized and given priority.

19. Bidder should provide the tools, utilities and management applications to monitor the bandwidth / network performance of the Leased Line Circuit.

20. **Support & Maintenance:** ISP shall be completely responsible for providing comprehensive support to the customer during the entire period of service contract and extension period, if any.

- i. Bidder shall be responsible for provisioning end-to-end solution.
- ii. The bidder should have Toll Free number for fault registering within Chennai region and should provide support on 365 x 24 x 7 basis.
- iii. Vendor has to mention the Escalation procedure and matrix for customer complaints.
- iv. Complete maintenance of the Internet services up to NIEPMD premises (Ethernet port of central switch/UTM) shall be sole responsibility of the vendor.

21. **Network performance/availability:**

- i. The performance of the internet leased lines will be observed for 90 days. If the user does not satisfy with the performance of the service provider, their contract would be terminated immediately.
- ii. They will submit documentary details of their performance and network availability at NIEPMD's location.
- iii. In case of the performance of the service is not found satisfactorily, the explanation of the firm/company can be called by issuing a show cause notice. If the reply of show cause notice is not found satisfactory, action against the firm/company like forfeiture of security money and blacklisting etc. can be taken. In such case, the purchaser reserves the rights to cancel the services of the service provider and take services from any other service provider.

22. **Uptime & Downtime Metrics:** The ISP has to ensure minimum 99.5% uptime per month for the connectivity.

- a. The Actual Uptime on fiber Link to be calculated in respective month and will be measured against total uptime hours 99.5%. If the downtime exceeds the total uptime hours following service credits will be due to NIEPMD:
 - i. Actual Uptime $\geq 99.5\%$ No Credit
 - ii. Actual Uptime $< 99.5\%$ and $\geq 99\%$ 2 days equivalent service credit
 - iii. Actual Uptime $< 97\%$ and $\geq 95\%$ 7 days equivalent service credit
 - iv. Actual Uptime $< 95\%$ and $\geq 90\%$ 15 days equivalent service credit

Calculation of Actual Uptime % =
(Actual Uptime Hours / Total Uptime hours) X 100

Definition:

Total Uptime hours = No of days in month X 24

Actual Uptime Hours = Total Uptime hours – Downtime in hours in a month

Example:

In the Month of May total days is 31 and total down time in the same month in hours was 7 hours. In such case the Actual Uptime can be calculated as follows:

Total Uptime hours = 31 X 24 = 744

Actual Uptime Hours = 744 – 7 = 737
Actual Uptime % = (737/744) X 100 = 99 %

b. If the Actual Uptime is less than 90 % then penalty will be charged @ Rs 2000/- per day to the Vendor.

23. Fault Rectification Schedule & Penalties: Any fault in the internet connectivity will have to be resolved by the ISP as per the following schedule:

- i. The service provider will maintain the internet leased line on 24x7x365 basis. The services/repair calls are to be attended by the service provider within **30 Minutes** from the time of registration of complaint/reporting of service failure. In case the services are not restored back to their fully optimum functionality or the issues not resolved within **30 Minutes** the rental for the particular period in which the services remained affected shall not be paid, besides imposing a penalty after 30 Minutes @ 1% of the quarterly rental per week up to a maximum limit of 20% of quarterly rent. It may also be mentioned that for the period in which the leased line remain out of order, no payment will be made. The period will be calculated from the date on which the problem is registered.
- ii. During the National function days like Republic Day, Independence Day, elections NIEPMD conferences, seminar and other declared festival holidays & emergencies, the service provider should ensure 100% uptime.
- iii. In cases of downtime beyond 48 hours, penalty will be automatically deducted from the payable amount. The firm will respond to a site visit and commence repair work on the equipment within 24 hours of being notified of service failure. The service provider will ensure making the faulty Internet Service – fully functional/up & running, within maximum 24 hours from the time complaint is lodged.
- iv. In case the service provider fails to provide any service listed above, there would be a minimum penalty of Rs.1000/- per day for each service affected. If the engineer fails to report to NIEPMD then in addition to penalty an additional amount per day as decided by competent authority at NIEPMD will be deducted from the payment of the company as well.
- v. If the service provider fails in execution and successful completion of the new orders as approved in this contract within given stipulated time, a penalty of Rs.1000/- per day per order will be deducted from his bill.
- vi. Penalty to be imposed will be subject to a maximum of total value of the contract. In case of the gross negligence and downtime, security deposited by the service provider can be forfeited besides immediate cancellation of the contract.
- vii. In case of intermittent failure and repeated failure the service will be considered continuously down and down time penalty clause will apply accordingly.

Failure to satisfactorily rectify and resolve critical/major/minor/Non Service affecting faults within the stipulated duration and timeframe, shall make the service provider liable to pay penalty for the entire period of breakdown including Saturdays, Sundays and holidays as entailed under:

Critical: Rs 2000/- per hour for 1 hr to 3 hr period and Rs 1800/- per hour beyond 3 Hrs in addition to the initial 2000/-.

Major: Service affecting faults all such faults shall be rectified within six hours. Seventh Hour onwards Rs. 1500/- per hour/fault will be charged as penalty.

Minor: Faults which are partially affecting the service: All such faults shall be rectified within 2 days. Third day onwards Rs. 1000/- per day/fault will be charged as penalty.

Non service affecting: Any other fault not affecting the service and in case of delay in repair/replacement of original defective components/subsystems beyond 15 days, the Bidder shall be charged penalty at the rate of Rs.500/-per day for 15 to 30 days period and beyond that @ Rs.1000/- per day.

****Note:**

- i. Classification of faults and errors into categories i.e. "Critical, Major, Minor & Non-Service Affecting" shall be done before signing of contract between NIEPMD and the successful bidder.
- ii. Penalties being charged for non-rectification of faults attributable to the bidder shall not exceed 60% of the total contracted value.
- iii. However, any abnormal delay in rectifying the fault by the bidder which is attributable to the bidder, disrupting the services will entail NIEPMD to recover extent of loss of services quantifiable by NIEPMD, apart from the maximum penalty indicated above. The amount quantified for this loss of service by NIEPMD, will be final and binding on the bidder and further the same shall not be challenged by the bidder either before arbitration, tribunal or court of law.
- iv. Any penalty levied under this clause shall be recovered from the Bidder either by deducting from the payment due or by en-cashing the Performance bank guarantee security submitted by the Bidder.

24. Service Provider Obligations & Service Level Guarantees:

- i. The Service Provider shall be responsible for providing 100 Mbps (1:1 uncompressed and unshared) leased line internet connectivity at NIEPMD, at all the time throughout the contract period.
- ii. The Service Provider shall be responsible for commissioning and configuring of hardware and uplink of connectivity.
- iii. Liaisoning (if required) with other firm(s) for obtaining point to point connectivity between ISP node and NIEPMD, shall be the responsibility of the Service Provider.
- iv. The Service Provider would insure that the local loop provisioning does not violate any regulations as laid by Government of India / TRAI in respect of such links / networks. Service Provider shall be responsible for making all the payments towards the local loop charges / rentals / WPC charges etc.
- v. The Service Provider will do preventive maintenance once a quarter for upkeep of the systems running. The schedule will have to be adhered to strictly by the service provider.
- vi. To provide Internet Router Port at ISP Gateway for required Bandwidth and minimum subnet of 16 Public IP addresses including Reverse Lookups configured at these IP's.
- vii. **Packet Losses:** Less than 1 % (Average over 1000 ping) at any given point of time to any part of Country / ISP Internet gateway/globe.
- viii. **Latency:** Less than 100ms from The Institute to ISP's tier 1 peering point. Latency will be randomly checked on daily basis. In case of non-adherence latency limit, the link will be considered as down with effect from time of detection till the time is restored.
- ix. Maintenance support service (24 hours and 7 days a week) for Bandwidth and equipment.
- x. Any instance of sub-standard services by the contractual firm will lead to the cancellation of the contract, forfeiture of Performance Security deposited by the firm and action for blacklisting of the firm shall also be taken.
- xi. **Network Availability (uptime):** More than 99.5 % per month.
- xii. National Backbone should be available on the same ISP.
- xiii. Reports for performance, monitoring / usage to be submitted by the ISP on weekly or monthly

basis or as per requirement of NIEPMD.

- xiv. **Downtime Calculation:** Downtime shall be calculated as outlined and stipulated in Pt. 22 of Scope of Work, mentioned above. Deduction in payment will be made for downtime in the quarterly bills raised by the ISP, as outlined and stipulated in Pt. 23 of Scope of Work.
- xv. The response time for attending the faults will be as outlined and stipulated in Pt. 23 of Scope of Work.
- xvi. **Downtime penalty in % of monthly payment:** As outlined and stipulated in Pt. 23 of Scope of Work
- xvii. **SLA Matrix for Standard Internet Access (1:1):**

SLA Matrix for Standard Internet Access (1:1)			
Node Type	Network Uptime (over a month)	Round trip delay between customer edge router at supplier node and supplier upstream edge router	Packet Drop
