ANNUAL REPORT 2022 - 23

EXECUTIVE SUMMARY

National Institute for Empowerment of Persons with Multiple Disabilities (Divyangjan), is a national-level apex body under the Department of Empowerment of Persons with Disabilities (DEPwD), Ministry of Social Justice and Empowerment, Government of India. The institute focuses on quality services for the life cycle needs of persons with multiple disabilities, conducting research and developing human resources in the field of multiple disabilities through long-term, short-term, skill development, employment, assistance and livelihood support.

NIEPMD develops transdisciplinary multidisciplinary and interdisciplinary models of services to provide quality care and services through a professional approach in the areas of Prevention, Early Detection, Early Intervention, Inclusive Education, Skill training and various rehabilitation and services for Persons with Multiple Disabilities.

ADMINISTRATIVE STRUCTURE OF NIEPMD

Fig:1 Administrative Chart

SERVICES

The inter and multi-disciplinary team of professionals comprising from units such as Early Intervention, Medical Intervention, Physiotherapy, Occupational Therapy, Prosthetics & Orthotics, Special Education, Psychology, Speech, Hearing & Communication, Vocational Training, Guidance & Counselling, Community Based Rehabilitation and Special Clinics (Psychiatric, Neurology & Ophthalmology) which provide services to meet the needs of individuals with Multiple Disabilities.

MEDICAL SCIENCE

Social Work - Unit

The services include registration, detailed analysis, referral, psycho-education, the orientation of schemes, programme, benefits, respite care and training programmes. The unit functions as the facilitating unit between the different departments.

About 4068 new cases and 97737 Follow-ups beneficiaries were registered and 57980 supportive Services were provided in the service and program unit.

During the year 2022-23, 4571 New Cases & 20628 Follow-up cases availed services from the Extention and Outreach services of NIEPMD.

Medical Consultation - Unit

Promotion of comprehensive medical management - including assessment and diagnosis, treatment of health conditions, prevention of disabilities and treatment of complications, is the main focus of the unit. During the year 2022-23, 3097 New Cases & 4373 follow-up Cases were rendered services from the Medical Science and also this unit provides specialty clinics services to meet the health care for the stakeholders. During the year 2022-23, 9231 New Cases & 3773 follow-up Cases were rendered specialty clinical services to beneficiaries.

Prosthetics and Orthotics - Unit

The Prosthetics and Orthotics department is catering to the needs of the person with neuro-musculoskeletal dysfunction resulting in impaired mobility, coordination and optimal functional outcomes that restrict their functional capabilities and full participation. This unit assists them to achieve maximum functional capacity and enhance fruitful participation. This unit registered 426 New Cases & 919 Follow-up Cases during this year.

THERAPEUTICS

Early Intervention - Unit

The Early Intervention unit provides services in early detection, identification and intervention in multiple disabilities and also empowers parents and family members in the care and management of children with their disabilities. During this year early intervention unit rendered services to 4970 new cases and 24683 follow-up cases.

Physiotherapy - Unit

Physiotherapy provides services for persons with movement difficulties to develop maintain and restore maximum movement and functional ability throughout the lifespan and is also concerned with physical, psychological, emotional and social well-being thereby improving the quality of life of people with disabilities. This includes providing services through habilitation and rehabilitation for movement and functions threatened by aging, injury, pain, diseases, disorders, conditions leading to impairment and disability. During the year 2022-23, physiotherapy unit rendered services to 1632 New Cases & 28542 Follow-up Cases.

Occupational Therapy - Unit

The occupational therapy unit enhances the quality of life of individuals by protecting their rights, enhancing their level of independence in their performance through creating a barrier-free environment, and designing appropriate adaptive devices and rehabilitation services through purposeful activity and occupation. During the year 2022-23, 1100 New cases & 17746 Follow-up cases were benefited from services.

CLINICAL PSYCHOLOGY

The Department of Clinical Psychology is actively working towards mental health concerns and the rehabilitation of persons with multiple disabilities. It caters its services through various psychological assessments, interventions and psychosocial rehabilitation. We cater to 1981, New cases & 8847 Follow-up cases in 2022-23.

SPEECH, HEARING AND COMMUNICATION

The Department of Speech, Hearing and Communication is committed to providing clinical services to individuals with communication disorders, including comprehensive assessments of speech, language, hearing, swallowing disorders and provides intensive speech, language, feeding and auditory training. Audiology lab built-in universal design, equipped with state of art instruments for detecting and diagnosing hearing loss became functional this year. In 2022-23, 1337 New cases & 17559 Follow-up cases availed services from this department.

SPECIAL EDUCATION

The NIEPMD model school, designed for children with special needs, provides an age-appropriate individualized curriculum, to ensure independent living training through systematic training procedures and programs. During this year early intervention department rendered services to 981 new cases and 11623 follow-up cases and also 143 Persons with disabilities were enrolled and 16714 sessions were attended.

Clinical services under the Department of Special Education rendered services for 981 new cases and old 11623 cases. Enrolment in inclusive programs along with support services provided at the Clinical Services have shown good progress and currently, 3476 sessions have been offered for a smooth transition into inclusive education program.

Individuals with MD passed their matric exam/ Senior Secondary exam / NIOS exams were 6 students and successfully joined Colleges at different levels such as Polytechnic programs, degree level programs.

ADULT INDEPENDENT LIVING

The Department of Adult Independent Living functions to provide adequate support for adults with multiple disabilities to lead independent lives. The service includes assessment, vocational guidance, skill training and vocational training programs for adults with multiple disabilities. During the year, 389 new cases and 19985 follow-up clients were benefited and also 389 new cases and 820 follow-up clients were given guidance and counselled in Vocational Rehabilitation.

SCHEMES

The Institute implements various schemes of the Ministry of Social Justice and Empowerment (Govt. of India). For instance, under the assistance to disabled persons for purchase and fittings of Aids and Appliances (ADIP) scheme, the institute organizes identification, assessment and distribution camps to provide aids and appliances to persons with disabilities. During the year 2022 -23, 6481 persons with disabilities were provided 7250 aids and appliances.

HUMAN RESOURCE DEVELOPMENT

Long Term Training Programme:-

NIEPMD is a national resource centre with one of the main objectives to bring promote the development of human resources in the field of multiple disabilities. The details of the students enrolled in different courses are given below:-

Table:1 Long Term Training Programme

S. No	Name of Course	Category	Duration of Course	No. of. Students Enrolled
1	M.Phil., Clinical Psychology	M.Phil	2 Years	12
2	M.Ed.,Spl. Edn. – MD	M.Ed	2 Years	5
3	B.Ed.,Spl. Edn. – MD	B.Ed	2 Years	22
4	D.Ed., Spl. Edn. – MD	D.Ed	2 Years	33
5	B.ASLP	Under Graduate	4 Years	24
6	BOT		4 Years 6 Month	23
7	BPT		4 Years 6 Month	24
8	BPO		Years	19
9	PGDEI	PG Diploma	1 Years	7
10	Primary-CCCG	Certificate	3 Months	4
Total				173

Short Term Training Programme

Further, the institute offers various short-term training programs across the nation to strengthen the expertise and experience of the professionals to render the best possible services. Many of these programs are part of Continued Rehabilitation Education (CRE) and are accredited by RCI (Govt. of India) and implemented through public-private partnership mode across the nation.

Table:2 Details of Training programs

Name of the Programme	No. of Programme	No. of Participants
Webinar/Orientation/Awareness	340	12187
CRE	43	6911

FLAGSHIP PROGRAMME

The institute has specialized services, programs and facilities for a populace of the SC, ST categories and the North-Eastern states of India. About 132 programs were organized and 12906 were benefited.

KIRAN – MENTAL HEALTH HELPLINE

The Ministry of Social Justice and Empowerment has launched a 24/7 toll-free helpline 'Kiran'. 18005990019 in 13 regional languages with 660 professionals across India on September 7, 2020. To provide support to people facing anxiety, stress, depression, suicidal thoughts and other mental health concerns. Kiran-MHRH launched in the year 2020 in September, the total number of calls received toll-free till March 2023 is 2418. The number of follow-up calls received is 1113.

LIBRARY AND INFORMATION CENTRE

Library and Information center plays an important role in furthering the academic & research mission of NIEPMD and facilitating the creation and dissemination of knowledge. It has an excellent print collection of more than 5863 volumes of books, journals, theses, reports, standards and pamphlets. It also provides access to more than 1000 electronic books and journals in the field of rehabilitation. It also has a printing and photocopying service to the library clientele as per library rules. During the year, 18245 visitors availed the facilities of the library and 4117 books have been circulated to the users. The students can access more than 48,984,683 books are available in this portal. The institute received 112 RTI & 6 Public Grievances applications during the year 2022-23 and replied to all the queries within the stipulated time.

NATIONAL BOARD OF EXAMINATION IN REHABILITATION

In addition to conducting the training programs nationally, the institute also conducts examinations for the various levels of programs at a national level through the National Board of Examination in Rehabilitation (NBER), a statutory body under the Rehabilitation Council of India. In the year reporting NIEPMD-NBER conducted 2 examinations for 9 courses in 444 (Four hundred and forty four) institutes all over India. A total number of 11994 students attend exams. During the pandemic situation.

CORPORATE SOCIAL RESPONSIBILITY

NIEPMD is promoting effective measures on rehabilitation services to safeguard the rights of disabled persons and to stimulate their inner potentials through CSR activities. The flagship project of CSR initiative is distributed of digital device to facilitate TLM, UPS, Financial support to the differently-abled students and aluminize of NIEPMD and Organised Sports programmes, Mentor Development Programme, training session on inclusive employment for the employees of Chennai Petroleum Corporation Limited (CPCL).

CHAPTER - 1

ABOUT NIEPMD

INTRODUCTION

The mission of National Institute for Empowerment of Persons with Multiple Disabilities (Divyangjan) is to generate new knowledge and to promote its effective use to improve the abilities of individuals with disabilities to perform activities of their choice in the community and to expand society's capacity to provide full opportunities and accommodations for its citizens with disabilities.

As a national resource center for the empowerment of persons with multiple disabilities under the Department of Empowerment of Persons with Disabilities (Divyangjan) (DEPwD), Ministry of Social Justice and Empowerment, Government of India, NIEPMD strives to achieve this mission by providing research, demonstration, training, technical assistance and related activities to optimize the full inclusion and integration into society, employment, independent living, family support and economic social self-sufficiency of individuals with disabilities of all ages.

The Institute annually caters to over 2.5 lakh individuals with disabilities & their families across the country through its vast variety of services specifically designed to meet the needs of individuals with Multiple Disabilities, Autism, Cerebral Palsy, Deaf-Blindness, Intellectual Disabilities, Mental Illness, Locomotor Disability, Dwarfism, Muscular Dystrophy, Chronic Neurological Conditions, Specific Learning Disabilities, Multiple Sclerosis, Speech and Language Disabilities, Leprosy cured persons etc. No stone is left within our capacity unturned to ensure that the best opportunities and services are made available to persons with disabilities & their families to help them attain their maximal potential.

The rehabilitation professionals at NIEPMD work towards a holistic & life cycle approach for persons with disabilities and attempt to practice it. NIEPMD provides a wide array of support and assistance to persons with disabilities and their families and helps the PwDs to assimilate knowledge towards empowerment.

NIEPMD is located in a very accessible environment on East Coast Road on its west. NIEPMD has been nationally awarded for having accessible infrastructure and another national award for having an accessible website. A client coming to NIEPMD is welcomed followed by a detailed case history/ client situation analysis. The client is referred to the needed department where individualized assessment and therapeutic/ education intervention is provided to the beneficiaries. The life span needs of persons with disabilities along with their family members are addressed at NIEPMD.

NIEPMD also extensively engages in human resource development, parent empowerment programs, mobile services, distribution of aids and appliances, community-based rehabilitation programs and research activities.

Through its long-term and short-term training programs ranging from certificate course to Diploma, UG, PG and M.Phil. level; NIEPMD offers training in special education for different disabilities like Multiple Disability, Autism, Deaf blindness, Cerebral Palsy and also offers training Programmes, services like Physiotherapy; Occupational Therapy; Audiology, Speech and Language Pathology; Clinical Psychology, etc.

OBJECTIVES

1. To undertake human resource development in various functional areas covering inter-disciplinary, multi-disciplinary and trans-disciplinary activities for empowerment of persons with Multiple Disabilities through the state-of-the-art rehabilitation intervention Viz., educational, therapeutic, vocational, employment, leisure and social activities, sports, cultural programs and full participation as also through developing various approaches including community rehabilitation, project management and capacity building of Non-Government Organizations (NGOs).
2. To promote and conduct research in all areas relating to multiple disabilities and to develop trans-disciplinary models and strategies for social rehabilitation to meet various functional needs of diverse groups of people with multiple disabilities, by this society hereinafter referred to as “The Institute” or through NGOs.
3. To conduct, sponsor, coordinate or subsidize research into all aspects of the education, rehabilitation, capacity building, independent living of persons with multiple disabilities by the Institute or through NGOs.
4. To undertake and/or sponsor the training of trainers and professionals in the area of early intervention, early childhood education, special education, vocational training & employment, independent living, community rehabilitation and project management, therapists and such other personnel as may be deemed necessary by the Institute in empowering the persons with multiple disabilities.
5. To manufacture, fabricate, adapt promote or subsidize the manufacture of prototypes and distribution of any or all aids designed to promote any aspects of the education, therapy and rehabilitation of persons with multiple disabilities.

VISION

The persons with multiple disabilities have equal rights to lead a better quality of life. This may be enabled with committed professionalism, an accessible environment, equal opportunities, positive attitudes and appropriate, affordable, acceptable and available technological interventions.

MISSION

To provide need-based comprehensive rehabilitation through a team approach facilitating inclusion, ensuring empowerment of persons with Multiple Disabilities and their families and by substantiating field-based research and development of human resources.

VALUE STATEMENT

Promoting quality of life for persons with multiple disabilities through equal participation of clients, families, professionals and community agencies.

NIEPMD is delighted to share the news and events of the year 2022-23.

OUR INITIATIVES:

Set-up of 3D printing technology laboratory

NIEPMD is one of the Implementing Agency of the ADIP Scheme; a central Government Scheme that aims to provide free of cost Aids and Assistive Devices to poor socioeconomic persons

with disability across India. Material Development- Aids & Appliance/Prosthetics and Orthotics unit is engaged in assessment, prescription, fabrication, fitment & trial and delivery of prosthetic and orthotic aids and appliances to persons with disability suffering from neuromusculoskeletal impairment and facing challenges in personal mobility and performing functional activities in day-to-day life.

Till the set-up of 3D printing Technology Prosthetic and Orthotic unit used traditional/conventional methods to measure, fabricate and fit the assistive devices which involved contact-manual and individual skill-based approach. The success rate of fitment and user satisfaction in the conventional approach entirely depends on individual expertise, skill and experience. The conventional approach uses a lot of varieties of raw materials and is time-consuming. It requires multiple visits of users before the final delivery of the assistive device.

While exploring Hi-end New Technology to overcome the challenges encountered in conventional approaches, 3D printing Technology was found to be the right kind of technology intervention which involves a non-contact, invasive type of approach in the measurement, design & fabrication of Prosthetic & Orthotic aids and appliances through digitization fabrication process with zero wastages.

Under the CSR project of PEHEL Foundation, a subsidiary body of the Punjab National Bank Housing Finance Limited (PNBHFL), came forward to support in setting up of 3D Printing Technology at NIEPMD, Chennai. Since April 2022, the 3D Printing Technology laboratory is actively engaged in scanning, designing and printing prosthetic and orthotic devices for needy beneficiaries.

We have made fitments various categories of prosthetic and orthotic users like below knee amputee, below elbow amputee, craniectomy, upper limb dysfunction, spinal pain, etc. Also, we are looking forward to designing and developing Teaching Learning Materials (TLM) for Children with Special Needs (CWSN), used for educational development purposes.

CELEBRATIONS AND OBSERVANCES AT NIEPMD

World Autism Awareness Day:

World Autism Awareness Day is an internationally recognized day on April 2nd every year, to raise awareness about people with Autism Spectrum Disorder throughout the world. The theme of this year is “Inclusion in the Workplace: Challenges and Opportunities in a Post-Pandemic World”. NIEPMD observed World Awareness Day on 2nd April 2022. To mark the occasion NIEPMD organized a series of programs from 30th March to 2nd April 2022. On 30th & 31st March 2022, the Department of Special Education, NIEPMD conducted an Awareness program on “Needs of Children with Autism Spectrum Disorder during the adolescent age” and “Understanding the magical world of Children with Autism for Parents of Children with Special Needs”.

On 1st April 2022, Model School for Persons with Multiple Disabilities, NIEPMD organized fun games and activities (Musical chair, balloon volleyball, bubble bursting, blow up for the painting, hop and jump, bucket the ball, blow the candle, brick walk, hit the tower, wring the hand, find the colour, match the colour with paper) for Children with Autism. The Department of Adult Independent Living, NIEPMD organised an Educational tour to visit “Dhakshina Chitra: Heritage Museum” for trainees of Adults with Autism on 1st April 2022 in association with the National Career Service Centre for Differently Abled and Dhakshina Chitra.

On 2nd April 2022, to create awareness about Autism among the general public, HRD students of NIEPMD performed a Group dance and drama/skit on the theme of Autism at Kovalam Beach. The program was inaugurated by Smt. J.Shobana Thangam Sundar, Panchayat President, Kovalam Panchayat, in the presence of Smt. Adhilakshmi Perum, Vice President, Kovalam Panchayat. Dr. Nachiketa Rout, Director, NIEPMD, Dr.A. Amarnath, Deputy Registrar (Offg), NIEPMD staff and HRD students. On 4th April 2022, NIEPMD (DIVYANGJAN) Chennai organized a training program on “Suprayoga Robotic & GITA App” in association with Nimaya Robotic Ltd for Clinical Psychologist, Physiotherapist, Occupational Therapists, Speech Therapists and Special Teachers of NIEPMD on 4th April 2022. This Robotic based training program will be useful for children with Autism and Multiple Disabilities. The program was inaugurated by Shri. S Sankara Narayanan, Deputy Registrar (Admin), NIEPMD. The Resource Person of the Program was Dr.Ramya S. Moorthy, Director of Nimaya Robotic Ltd, Chennai.

Fig: 5 Glimpses of World Autism Awareness day

National Health Fest for Divyangjan and Guinness World Record:

On the Occasion of World Health Day and celebration of 75 years of India’s Independence (Azadi Ka Amrta Mahotsav), NIEPMD in association with Special Olympic Bharat, Tamil Nadu organized the National Health Fest for Divyangjan which received Guinness World Record for: Most people running in place simultaneously in Multiple venues on 7th April 2022 at NIEPMD, Muttukadu, Chennai. , The event was presided by the chief guest Dr. M. Sundar, Vice Chancellor, Tamil Nadu Physical Education & Sports University, Chennai and the guest of honour was Smt.Tarika Roy, IRAS FA & CAO / Stores, Integral Coach Factory, Perambur and the special guest was Shri.V.Baskaran, Padmashri & Arjuna Awardee, Olympic Gold Medalist. Dr. Nachiketa Rout, Director, NIEPMD delivered the welcome address and Smt. Julia Vasanthi.M, Area Director, Special Olympic Bharat – Tamil Nadu, delivered the Vote of thanks. Dr.A.K.Vela, Chairman, Amrit Mahotav Committee and Special Olympic Bharat Sports, Director, Dr.A. Amarnath, Deputy Registrar (Offg), NIEPMD, Parents of PwDs etc. were among those present on the occasion. This mega event was organised by Special Olympics Bharath Tamil Nadu, in association with the National Institute for Empowerment of Persons with Multiple Disabilities, Dept. of Empowerment of Persons with Disabilities (Divyangjan), Ministry of Social Justice and Empowerment, Govt. of India. About 250 persons with disabilities participated in the program.

Fig: 6 Glimpses of National Health Fest for Divyangjan and Guinness World Record

Observance of World Parkinson’s Day

The National Institute for Empowerment of Persons with Multiple Disabilities (Divyangjan), observed World Parkinson’s Day on 11th April 2022. The Theme of the year is Integrated Health Care. Parkinson’s disease is a neurodegenerative brain disorder. It affects nerve cells that produce a chemical called dopamine which carries messages between brain cells, especially facilitating movement of the body. To mark the occasion NIEPMD organized various programs as part of creating awareness for the general population and the patients to have a meaningful and purposeful activity that can benefit their coordination problems. Physiotherapists, Occupational Therapists, Speech therapists and other Rehabilitation professionals play a vital role in the management of movement disorders right from the onset of the condition to preventive and rehabilitative measures.

Physiotherapy (BPT) students organized Exhibition on topics related to the Physiology and pathophysiology of the condition, a competition was conducted for the general population on the coordination & balance exercise and Flash Mob was done focusing on the Physiotherapy management. The Speech Therapy students (BASLP) conducted awareness in the form of exercise for treating dysarthria and dysphagia. Homeopathy Research Institute of Disabilities created awareness in the form of pamphlets and prescriptions for medicines. During the program, patients and the general population were explained the importance of exercise by Physiotherapist and Speech therapist. Exercise was incorporated in the form of an activity-based training/Play way method which motivate the participants to actively perform the exercise.

Fig: 7 Glimpses of World Parkinson’s Day

Celebration of Yoga:

As per the direction by the Dept. of Empowerment of Persons with Disabilities (Divyangjan), Ministry of Social Justice & Empowerment, Govt. of India vide letter No: A-42018/26/2019- Estt dated 12th April 2022. NIEPMD organized the Common Yoga Protocol and Yoga-related activities on 19th April 2022.

The details of the programs are

1. Model School of Persons with Multiple Disabilities, NIEPMD organized a Seminar on the “Importance of yoga” for the Staff, HRD students and parents of PwDs. Dr. Rishi Vardhini, Medical officer, at Smile Nature cure centre, Chennai was the resource person for the program.
2. Organized Drawing competitions on the theme of Yoga for Model School Children with Disabilities.
3. Dr. Prema, Yoga Instructor, NIEPMD demonstrated various Yogasanas to Persons with Disabilities.

Fig: 8 Glimpses of Yoga by Pwd

World Haemophilia Day:

Every year on 17th April World Haemophilia Day is being observed worldwide to increase awareness of haemophilia, von Willebrand disease and other inherited bleeding disorders. This is a critical effort since, with increased awareness comes better diagnosis and access to care for the millions who remain without treatment.

NIEPMD observed World Haemophilia Day by organizing various programs from 19th – 22nd of April 2022. To mark the occasion CBID students of NIEPMD organized an awareness program on Hemophilia to Govt. School Students at Kovalam, on 19th April 2022. On 20th & 21st April 2022, CBID students of NIEPMD performed a street play about Haemophilia Disorder at MGM theme park, Chennai and NIEPMD respectively. On 22nd April 2022, organized Signature campaign.

Fig: 9 Street Play about Haemophilia Disorder at MGM theme park

Observance of National Panchayat Raj Day:

National Panchayati Raj Day is the national celebration, that commemorates the Panchayati Raj Systems in India. It is celebrated every year on 24th of April. The day is also marked to honour the passing of the 73rd Constitutional Amendment Act in 1992. India has more than 6 lakh villages and is governed by the Panchayati Raj system which is one of the oldest governing bodies in the country. The day was first celebrated in April 2010 to mark the decentralization of power, making it one of the most significant events in Indian history.

On the occasion of the National Panchayati Ray Day 2022, NIEPMD Staff and HRD Trainees attended Special Gramma Sabha Meetings on 24/04/2022 held at Various Panchayat Offices in Chengalpattu District. During this programme staff members and students explained about Sustainable Development Goals to village members.

Sustainable Development Goals (SDGs) are a universal set of goals, targets and indicators that 193 countries in the world have jointly set under the leadership of the United Nations. The countries are expected to frame their agendas and policies over the next 15 years to end poverty, protect the planet, enjoy peace and ensure prosperity for all.

India is one of the signatories to the resolution on SDGs. It has moved ahead on the nationalizing of the implementation of the SDGs and initiated preparation of the Vision Document 2030 with NITI Aayog in the lead. Based on the guidance from NITI Aayog, State governments have begun the process of SDGs implementation. In addition to the State level, there is a critical need to take SDGs to the local level. Here lies the importance of local governments, especially the Gram Panchayats.

Panchayati Raj institutions (PRIs) have been a critical component of local self-governance across rural India and we have witnessed the contribution of these institutions in achieving last-mile connectivity and execution of various schemes of different line departments/ministries.

Fig: 10 NIEPMD Staff and HRD Trainees attended Special Gramma Sabha

Observance of Cyber Jagrookta Diwas:

As per the direction by DEPwD, MSJ&E, GoI, letter no: A-42018/11/2022- Estt dated 28th April 2022 regarding Observance of Cyber Jagrookta (Awareness) Diwas, NIEPMD organized an Awareness program on Cyber Crimes in Banking Sector through virtual mode on 4th May 2022. Shri. Santhosh Kumar, Lead District Manager, Indian Bank, Chengalpattu District, Resource Person, delivered the topic on Cyber Crimes in Banking Sector. About 57 participants attended the program.

Fig: 11 Organized an Awareness program on Cyber Crimes in Banking Sector through virtual mode on 4th May 2022

Observance of World Thalassemia Day:

World Thalassemia Day is observed on May 07. The day creates awareness to honour the struggle of patients suffering from the disease. Thalassemia is an inherited blood disorder that doesn't let the body create enough haemoglobin. The disease weakens and destroys the blood cells. There are two types of thalassemia, alpha and beta, along with Thalassemia minor, intermedia and major as its subcategories. The day is celebrated across the globe to honour the efforts of doctors, scientists and medical staff for improving the lives of people suffering from this disease.

NIEPMD observed World Thalassemia Day by organizing various events on 9th May 2022.

1. Blood Donation Camp organized in collaboration with The Tamil Nadu Dr.M G R Medical University, Chennai
2. HRD students created awareness of Thalassemia through Exhibitions and Street play
3. Under the CSR initiative, SMART Foundation, Chennai served food to the Blood Donors.

International Bio-Diversity Day

Biodiversity is essential for achieving the Sustainable Development Goals, ending the existential threat of climate change, halting land degradation, building food security and supporting advances in human health". In this view, the Department of Adult Independent Living of NIEPMD and Department of Marine Engineering, AMET Deemed to be University jointly organised "Plantation of Trees" on the occasion of International day of Biodiversity at NIEPMD Campus on 23/05/2022. On this occasion, Officials & student trainees from AMET University, Persons with Disabilities & their family members & Staff of NIEPMD actively participated. Sapling's were sponsored by Viruksham (Mastermind Foundation) for the above-said event.

Fig: 12 NIEPMD and AMET University jointly organised “Plantation of Trees” on the occasion of International day of Biodiversity at NIEPMD Campus

Observance of World Schizophrenia Day:

In view of World Schizophrenia Day, the Department of Clinical Psychology, NIEPMD proudly introduced SOAR’22 (Schizophrenia Optimism Awareness & Resources) on 24th May 2022, an annual event conducted to create awareness about schizophrenia which includes breaking the stigma against the condition and also to welcome their rehabilitation and reintegration in the community. To mark the occasion NIEPMD organized various programs viz., Expert Talk, Panel Discussion, Street Play, Poster Completion, Vocational Stalls and Movie screening.

The program was inaugurated by Dr. Archana Padmakar, Assistant Director - Emergency Care and Recovery Centre, Banyan in the presence of Shri. S. Sankara Narayanan, Deputy Registrar (Admin.) and Dr. A. Amarnath, Deputy Registrar (Admin.) (offg.), NIEPMD. The chief guest addressed the gathering about the condition and the various ethical treatment options available for schizophrenia and shared her clinical experience. Followed by this a street play was performed by the M.Phil scholars of the department emphasizing the importance of support of family, peers, society and professionals in the treatment of the person with mental illness. A Panel discussion was conducted with panelists which included Dr. Balabaskar (HOD, Department of Adult Independent Living, NIEPMD), Ms. Molly Phillip (Psychiatric Nurse, NIEPMD), Ms. Arthy Jayavel (Clinical Psychologist, SRIHER), Ms. Gayathri (Service User) and Mr. Parthiban (Caregiver of service user). CHAPTER - 2

RESEARCH AND DEVELOPMENT (R&D)

INTRODUCTION

“Research is a systematic investigation designed to develop or contribute to generalizable knowledge”.

The Research and Development programmes of NIEPMD aim to undertake new ideologies and spotlights on scientific innovations in the field of disability. R&D targets to facilitate the development of technologies, both mainstream and specialized, that enable persons with disabilities towards equal opportunities in our society. The main thrust of R&D is on new emerging technologies. Emerging researches have significant potential to enable persons with disabilities and to promote their inclusion in mainstream society.

R&D at NIEPMD

The R&D of NIEPMD comprises of highly-qualified and experienced internal and external members whose areas of expertise include multi-dimensional approaches toward people with disability. The R&D committee of NIEPMD perpetually coordinates and guides the research projects of academicians. The committee encourages data-based qualitative research carried out for the rehabilitation of persons with multiple disabilities in collaboration with eminent experts from various universities across India and Overseas. We also offer technical, intramural funding and other infrastructural support to facilitate research activities.

The R&D Research Proposals were developed & proposed to the various Ministries under the Union Government to seek financial support/ aid for the successful implementation of the said projects.

Objectives

1. To promote research aptitude in the area of disability.\
2. To accomplish innovative research in the field of disabilities for the welfare of PwDs.
3. To enhance cross-disability research
4. To encourage the student community in carrying out Doctrinal and Non - Doctrinal research in the field of disability.
5. To facilitate collaborations with Government and Non-Government Organisations for achieving shared mission and objectives in the field of research.

Research Committee

Fig: 37 Researches committee meeting

Researches committee comprises eminent researchers and academicians from distinguished fields of research. The research meeting held on 06.04.2022. The committee meeting was chaired by Dr. A. Amarnath, Dy.Registrar (A) (offg.,)

Academic Council:

The Academic Council is primarily concerned with all the academic affairs of the Institute, encompassing academic staff, academic planning, instructional issues and co-curricular activities. It is the responsibility of the academic council to endeavor and ensure that the best practices are implemented and standards are maintained.

AIM:

To provide a healthy and creative atmosphere for the academic welfare of the students and researchers.

Purpose:

The purpose of the academic council is to advance the enterprise of academics by promoting the highest standards of excellence in short and long-term HRD programs.

The Academic Council Meeting was held on 22nd August 2022.

Fig: 39 Academic Council Meeting

Academic Council Meeting

The Academic Council exercises the following functions.

- Guiding in Framing and revising the curriculum of academic programs.
- Promoting research activities within the institute.
- Planning and executing the overall academic growth of the Institute.

SUMMARY

Research and development (R&D) is a process intended to create new or improved technology that can provide a competitive advantage to all the stakeholders. During the academic year 2022-23, 9 books were published under the research & development of NIEPMD.

CHAPTER - 3

DEPARTMENT OF MEDICAL SCIENCE

The Department of Medical Science is one of the pivotal departments of NIEPMD that provides services for the diversified population in the field of disability. Based on its nature and functioning, the department executes its services through Various Units – Social Work, Medical Consultation and Prosthetics & Orthotics.

The unit of Social Work proactively worked intending to improve the well-being of persons with disabilities and their family members and empower them by providing service-related guidance. We geared up to ensure the safety of persons with disabilities and their families and enhance their quality of life by extending our service to families, community, policy development, advocacy and research through the various units of the unit and also by networking with DPO's, NGO's, universities, colleges, schools and other government bodies.

The clients are clinically examined for their nature, extent and causes of disability through various medical examination procedures; medicines are prescribed for psychiatric and neurological condition if needed and the clients are referred to other departments for further investigation and rehabilitation. Medical and genetic counselling is also provided to the parents of persons with disabilities. Further, the unit caters to the needs of individuals with emergency conditions and coordinates various speciality clinics like the Psychiatry Clinic, Neurology Clinic, Dental Clinic and Nutrition Clinic. A pharmacy counter that functions under this unit dispenses medicines which are prescribed by the physician and other specialists from the psychiatry and neurology clinic.

The services of this unit are provided to persons with disabilities in terms of assessment, measurement, fabrication, fitment and training of various types of orthotic, prosthetic splints, adaptive devices and seating devices as per their needs and requirement to perform and make accessible to the environment and community. The fabrication and fitment technologies are based on low cost and low weight, to reduce the energy demand cost expenditure in performing day-to-day activities.

SERVICES OFFERED BY THE DEPARTMENT

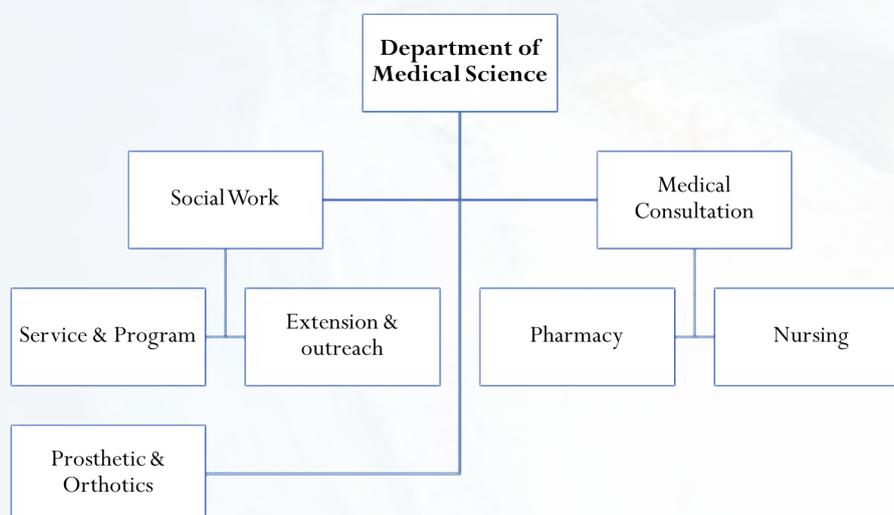

Fig: 40 Services offered by the Department

SOCIAL WORK

Social Work unit emphasizes innovation, meaningful participation and promoting an inclusive society with a holistic focus by empowering individuals, families and community to utilize the resources available and to facilitate changes aimed to empower persons with disabilities by using various Social work methodologies: Social Case Work, Social Group Work, Community Organisation, Advocacy and Research. Social Work Unit also involved in delivery of appropriate services by networking with DPOs, NGOs, Universities, Colleges, Schools and other government bodies to enhance the quality of life, to provide social inclusion and community living, employment, quality education and proper rehabilitation.

OBJECTIVES OF THE UNIT

- To assist individuals, families and groups to restore or enhance their capacity for social functioning while creating societal conditions favorable to their goals.
- To practice with knowledge of human development & behaviour, social, economic & cultural institution and interaction of all these factors.

SERVICES OFFERED BY THE UNIT

Fig:41 Services offered by the unit

BEST PRACTICES

Social workers traditionally use a series of steps or processes to help clients with disabilities resolve their problems. While building a relationship among the worker, the client and the client's environment (engagement), collecting information about the client (assessment), making sense of the information (diagnosis), doing and the work that will enable the client and the practitioner to accomplish the goal decided upon in the assessment (intervention) and determining whether the process has been helpful (evaluation).

Social Work unit follows often a fluid circular process whereby professional social workers move from assessment to intervention and evaluation and back to assessment again.

UNIT ACTIVITIES

CASEWORK (STRENGTHS BASED SOLUTION FOCUSED APPROACHES)

Solution-focused practice concentrates on helping people move towards the future that they want and to learn what can be done differently by using their existing skills, strategies and ideas – rather than focusing on the problem. Solution-focused practice Social work intervention with individuals and families was carried out by social workers having specialization in psychiatric social work and the aim was to

assist individuals with disabilities and their family members to survive coping with the impossible, foster resilience, or enable them to begin to build platforms of support that could improve their lives. In the year 2022-23, a total number of **1179** individual casework was carried out.

Fig :42 Social case work intervention with individuals

GROUP WORK (TASK TASK-CENTRED WORK PRACTICE)

The most common forms of group work are with people having mental health difficulties, young careers, children, teenage mothers, children or individuals with physical and intellectual disabilities. In this type of intervention, the social workers use their collective experience and expertise to share effective solutions, provide mutual support and promote esteem confidence and identity. In the year 2022-23, a total number group work sessions taken: **74**.

Fig :43 Activities in Groupwork

MINDFULNESS

Mindfulness is the basic human ability to be fully present, aware of where we are and what we're doing and not overly reactive or overwhelmed by what's going on around us. While mindfulness is something we all naturally possess, it's more readily available to us when we practice on a daily basis. Bu for Children with special needs, they need some assistance at times. To improve mindfulness among children with special needs, Social Work Unit conducted sessions on mindfulness for DAIL students on a daily basis. No of sessions conducted in the year 2022 – 2023: 51

Fig :44 Mindfulness session for DAIL students

GROUP WORK AT PSYCHIATRIC OPD

Circle time has been conducted for Psychiatric OPD clients and their parents on every Wednesdays on various topics such as awareness on benefits available for person with Mental illness, Disability certificate and its benefits, UDID, Niramaya Health Insurance and also recreational activities for the clients and their care givers. No of sessions conducted: 19

Fig :45 Group work for psychiatric OPD clients and their care givers

GROUP WORK FOR PARENTS OF CHILDREN WITH SPECIAL NEEDS

Parents of Children with Special Needs are often exhausted and often become stressed. Their reserves of time and resources for self-care are even more depleted than those of parents of typical children. To make the parents sustained through the marathon of caring for a child with special needs Social Work Unit conducted group work sessions on Mindfulness and recreational activities. No of Sessions conducted: 4

1. Conducted Group Work for parents of children with special needs on 11th May 2022.
2. Conducted Group Work for parents of children with special needs on 7th July 2022.
3. On 30th September 2022 conducted session on Mindfulness for the parents of children with special needs at Respite Care.
4. On 3rd October 2022 conducted session on Mindfulness for the parents of children with special needs at Respite Care.

Fig :46 Group Work for parents of children with special needs at Respite Care

COMMUNITY DEVELOPMENT

Where problems such as environmental poverty, high unemployment rates and poor housing, are affecting a community, particularly persons with disabilities, social work intervention and a community development approach are necessary, so in this regard in the year 2022-23, a total number of 9 Community Development programmes conducted.

- As part of observation of Haemophilia Awareness Week, Social Work unit conducted awareness programme on Haemophilia at St Lurd's Church School, Muttukadu by CBID students on 20th April 2022
- As part of observation of Haemophilia Awareness Week, Social Work unit conducted awareness programme on Haemophilia at MGM by CBID students on 21st April 2022.

Fig :47 Haemophilia Awareness at MGM & NIEPMD

- Conducted awareness programme on Haemophilia at NIEPMD Campus by CBID students on 22nd April 2022.
- Social Work Unit interns from Loyola, SDNBV, MCC, HCAS College in collaboration with Aaram NGO conducted Community Organization Program on title "Importance of Mental Health" on 17th May 2022.

- On 6th July 2022 Social Work Unit interns from MSSW conducted Skills based training program on soap making for parent of children with disabilities.
- Social Work Unit interns from Patrician College conducted Vocational training on Incense making for parents of children with special needs at NIEPMD on 9th March 2023. No of beneficiaries : 80

Fig :48 Vocational training on Incense making for parents of children with special needs

- Organised awareness programme on Disability and Mental Health for the parents of children with special needs at Kallukuttai on 12th March 2023. No of beneficiaries : 35

Fig :49 Awareness programme on Disability and Mental Health for the parents of children with special needs

- Conducted awareness programme on disability and Government schemes for fisherman community at Karikattu Kuppam on 16th March 2023. No of beneficiaries : 30
- Conducted awareness programme on Abuse against disabled women and children for the parents of children with special needs at NIEPMD on 23th March 2023. No of beneficiaries : 30

Fig : 50 Awareness about abuse against disabled women and children

INTERNSHIP

NIEPMD, Social Work provides concurrent field work, summer placement and internship opportunities to undergraduate and post-graduate social work students from various colleges and universities in different parts of India. Total. No.of 38 students undertaken Internship at NIEPMD for the year 2022-23.

OBSERVATIONAL VISIT

NIEPMD, Social Work provides concurrent field work, summer placement and internship opportunities to undergraduate and post-graduate social work students from various colleges and universities in different parts of India. Total. No.of 346 students visited at NIEPMD for the year 2022-23.

HRD PROGRAMME

1. Short term training programme was conducted for students pursuing II B.Sc., Public Health in SRM University from February 2023 to March 2023. Total no of students: 20
2. Sociology classes were taken for the HRD students pursuing BPT, BOT, BPO and PGDEI in the year 2022- 23

Table:11 Sociology classes – HRD Students

Fig : 58 Session on Art Therapy and Mindfulness

- Dr. Rajesh Ramachandran delivered lecture on Psycho Social aspects of LD in National CRE webinar on understanding Learning Disability assessment, Diagnosis and intervention on 26th October 2022. Total no of participants :177
- On 5th December 2022, Dr.Rajesh Ramachandran and Mr.Sactivel attended DPHICON – 2022 Pre conference workshop organised by Directorate of Public Health and Preventive medicine, Tamilnadu at Temple Bay, Mahabalipuram.

Fig : 59 DPHICON Conference, Mahabalipuram

- Contributed for “Abilities Hub” a National Exhibition under National Fund for PwD’s conducted at NIEPMD on 28th February 2023.

Fig : 60 At Abilities Hub, NIEPMD

Social Work Unit proactively worked intending to improve the well-being of persons with disabilities and their family members and empower through them social work intervention, social workers offer intervention to individuals, families and groups which enable them to meet their needs and issues. The main purpose of these interventions is to aid clients in alleviating problems and improving their well-being. Social workers should think creatively about interventions that may be helpful to the individuals, couples, families and groups or communities they serve. Social Work Unit at NIEPMD carries out a Community based Inclusive Development programme to create a pool of grass-root rehabilitation workers at the community level who can work alongside ASHA and Anganwadi workers to handle cross-disabilities issues and facilitate the inclusion of persons with disabilities in the society.

SERVICE AND PROGRAMME

The service and programme unit of Social Work aim to provide suitable rehabilitation services to Persons with Multiple Disabilities and Uni disability which includes registration, detailed analysis, referral, psycho-education, the orientation of schemes, programme & benefits, respite care and short-term Continuous Rehabilitation Education programmes. It is designed to minimize the impact of disabilities & attain rehabilitation goals, thus facilitating equal access and opportunity.

OBJECTIVES OF THE UNIT

- To provide suitable rehabilitation services to persons with Multiple Disabilities and Single-disability including clients coming with impairment.
- To serve the clients with a positive approach changing their perception of disability and life.

SERVICES OFFERED BY THE UNIT

Fig : 61 Services offered by the unit

BEST PRACTICES

Based on the rights-based approach, promoting, protecting and ensuring the full and equal enjoyment of all human rights and fundamental freedoms by all persons with disabilities and in turn, promoting respect for their inherent dignity.

Services and programmes by liaison with all the departments and Units of NIEPMD striving hard to promote removal and inclusion including health, rehabilitation, assistance and support, environments, education and employment sectors.

The service and Programme unit coordinate rehabilitation services. Based on the type of disability (Multiple disabilities and Uni disability) this unit provides individualized services and it is designed to minimize the impact of disabilities and to attain rehabilitation goals, thus facilitating equal access and opportunity for the disabled.

UNIT ACTIVITIES

REGISTRATION

Registration of new clients was done by the support staff at reception by collecting all the details of the client and categories them into UD or MD. The clients were sent to Rehabilitation Professionals for Client Situation Analysis. The staff at reception also guides the clients to other departments for further treatments and follow-up sessions and also receives inter-office calls and outside calls and guides them appropriately about our services, availability of cottage and other services provided at the institute.

Fig:62 New Client Registration & Follow-Up Entry

Table :12 New & Follow-up client details for the year 2022 - 2023

New Clients	Follow-Up Clients	Supportive Services
4068	97737	57980

CLIENT SITUATION ANALYSIS

The client Situation analysis unit analyses the need of the clients as part of a preliminary phase by collecting information about clients using the Case Work method. Based on the condition and needs of the client they are referred to other departments for further the management plan will be prepared after all the assessments are completed units Social Work professionals educate the parents/caregivers about the condition of the client and explain the management plan to avail the services at NIEPMD as well as the home-based learning programmes. In the year 2022-23, client situation analysis was carried out for 1179 beneficiaries.

Fig : 63 Client Situation Analysis

RESPIRE CARE

The respite care unit provides relief for primary caregivers from the ongoing responsibility of caring for an individual with special needs. Although respite care unit allows caretakers and the other family members to take a short pause from their continuous task of caregiving to their loved ones. It also aims at creating opportunities for family members to get respite time in order to fulfil other responsibilities. For the year 2022- 23, the following are the details of beneficiaries attending respite care services:

Table:13 Beneficiaries attending Respite care Services

No. of beneficiaries attending respite care services	No. of sessions attended (4 sessions per day x 10 days x 240 days per year)
40	1600 sessions

Fig : 64 Activities being carried out for beneficiaries at Respite Care

SHORT TERM TRAINING PROGRAMME

CONTINUOUS REHABILITATION EDUCATION

NIEPMD organizes various Continuous Rehabilitation Education (CRE) programmes for the stakeholders, professionals, parents & beneficiaries according to the recent trends & requirements. CRE programme is basically to upgrade the knowledge and skills of in-service and practising rehabilitation professionals/personnel, registered with the RCI u/s 19 of the RCI Act of 1992 and also to update the professional knowledge and skills of master trainers working in the field of disability rehabilitation and special education.

Table: 14 Details of CRE programmes

- On 14th & 15th November 2022 conducted drawing competition for the children with special needs.
- On 16th November 2022, Dr. Rajesh Ramachandran took part in Swachha campaign meeting with DDAWO Chengalpattu.
- Celebrated Children's Day on 17th November 2022 and conducted fancy dress competition for Children with special needs. No of beneficiaries: 200 parents and children

Fig : 69 Fancy Dress Competition on Children's Day

- On 3rd December 2022 - International Day of Persons with Disabilities conducted Magic show to the children, parents, students and staffs.

Fig : 70 Magic show on International Day of Persons with Disabilities

- On 7th Dec 2022 at Latur, Swachhata campaign 2.0 training conducted for village Panchayat presidents co-ordinated by Dr. Rajesh Ramachandran along with Mr. Iniya Lakshman Raj and Mr.Sactivel – No of participants : 35
- On 12th Dec 2022 at Kattankulathur, Swachhata campaign 2.0 training conducted for village Panchayat presidents coordinated by Dr. Rajesh Ramachandran along with Mr.Iniya Lakshman Raj and Mr. Sactivel – No of participants : 35 participants
- Christmas Celebration was conducted on 23rd December for Children, parents, students and staff members at Auditorium.

Fig : 71 Puppet show on Christmas Day celebration

- Dr. Rajesh Ramachandran and Mr.Jeeva Prem took part in Purple Fest - Exhibition at Goa from 6th to 8th January 2023.

Fig : 72 Purple Fest – Exhibition at Goa

Services and programmes enhance the quality of life for persons with disabilities and their family members by extending service to families, community, policy development, advocacy and research in liaison through the various units and departments of NIEPMD and also by networking with other institutions and organizations. Services and programmes coordinate with rehabilitation services which include registration and client situation analysis apart from that also function with respite care, CRE, research and helpline. Every year number of beneficiaries are benefitted in the aspect of resourcing, empowering, knowledge and therapy. Various training and awareness programmes are conducted to reach the maximum population.

EXTENSION & OUTREACH SERVICES

INTRODUCTION

A large number of persons with disabilities living in rural, far-flung and remote areas do not get the attention that the persons with disabilities living in urban areas get. To make the services (evaluation, assessment, diagnosis, therapy, fitment, counselling and creating awareness) available; Outreach and Extension services are provided by NIEPMD, in line with NIEPMDs work to promote new strategies to reach persons with disabilities of the different age groups of different categories with different needs. NIEPMD Extension Centres started functioning at the following three places:

- Rajiv Gandhi National Institute of Youth Development, Sriperumpudhur, was established on 18th September 2016.
- Chengalpattu Medical College, Chengalpattu.
- Supportive assessment services to the State Govt. of Tamil Nadu for Issuing Disability Certification (SRTC)

A team of multidisciplinary team equipped with diagnostic equipment and fitment aid provides services by camping in rural and far-flung areas. Also, they guide local NGOs in the rural areas, in setting up service centres, pre-schools and vocational training centres. NIEPMD provides technical support on need and expertise based on a consultancy basis, NIEPMD is also involved in distribution of Aids and Appliances under the ADIP Scheme, Parent Training Programmes, Short Term Training Programmes (Seminar, Conference, Workshops, Training programmes, Awareness programmes), conducting special events for children/persons with disabilities, special programme (PMSTP/SIPDA/R&D/HRD) for SC/ST/North East Regions, etc. It is ensured from the technical side to make the Extension Centre function to the fullest by engaging skilled manpower in the centre and by providing well-structured quality services to the clients.

OBJECTIVES:

- To provide access to various services for long-distance clients.
- To expand the service of NIEPMD.

EXTENSION AND OUTREACH ACTIVITIES:

- Providing rehabilitation services for persons with disabilities (Spl. Edn/Physio Therapy/ Occupational Therapy/Psychological Counselling/Speech Therapy/etc)
- Imparting various training programmes for PWDs and their parents /care givers.
- Organizing various Short-Term Training programmes for clients with disabilities and their families.
- Conducting various co-curricular activities and extracurricular activities for PWDs.
- Providing Aids and Appliances for PWDs.
- Conducting awareness programme, capacity building programme, empowerment and community mobilization of PWDs and their families.
- Documentation and record-keeping.

Table: 16 Details of Extension services

MEDICAL CONSULTATION

INTRODUCTION:

The Medical Consultation unit of Medical Science endeavours to fulfill the commitment of providing accessible, affordable and accountable quality health services for Persons with Disabilities. The prime focus of the unit is to deliver comprehensive medical management by means of assessment, diagnosis, treatment of minor illness, prevention of further complications and appropriate referrals. The unit plays a crucial role in the early detection and interventions of various associated health conditions among persons with disabilities. Services offered through specialty clinics address and deal with conditions of mental illness, neurological disorders, dental and nutritional problems. Antipsychotics and anticonvulsants are distributed at subsidized prices to support the clients to continue the treatment for chronic neuropsychiatric conditions. The unit provides first aid and emergency services to PwDs, HRD trainees, staff and family members of NIEPMD. Medical consultation, specialty clinics, nursing and pharmacy Sub-units function under this unit. Besides, the unit coordinates and conducts Certificate Courses in Care Giving to train and develop professional caregivers for persons with various disabilities.

OBJECTIVES:

- To provide comprehensive medical rehabilitation programs to the life cycle health care of persons with multiple disabilities.
- To diagnose the conditions causing Multiple Disabilities and plan medical interventions
- To conduct speciality clinics – Psychiatry, Neurology, Dental and Nutrition to meet the diversifying

healthcare needs and manage the associated conditions of persons with Multiple disabilities under the same roof.

- To promote continuity of chronic care management through regular follow-up services.
- To support the continuation of medications in chronic neuropsychiatric conditions.
- To organize and conduct tele-medicine services for follow- up for clients from remote and distant places.
- Refer the clients to the higher centres for accessible and affordable medical interventions.
- To meet the first aid & emergency medical needs of clients, staff and students.
- To conduct and coordinate HRD programs.
- To conduct and enhance academic and research activities of the institute.
- To conduct awareness and orientation programs and short-term training programs
- To participate in outreach programs and camps.
- To promote CSR programs pertaining to the health & welfare of persons with multiple disabilities and families.
- To collaborate with NGOs, State government and other medical colleges for treatment, academic and research purposes.

Organogram of the Unit

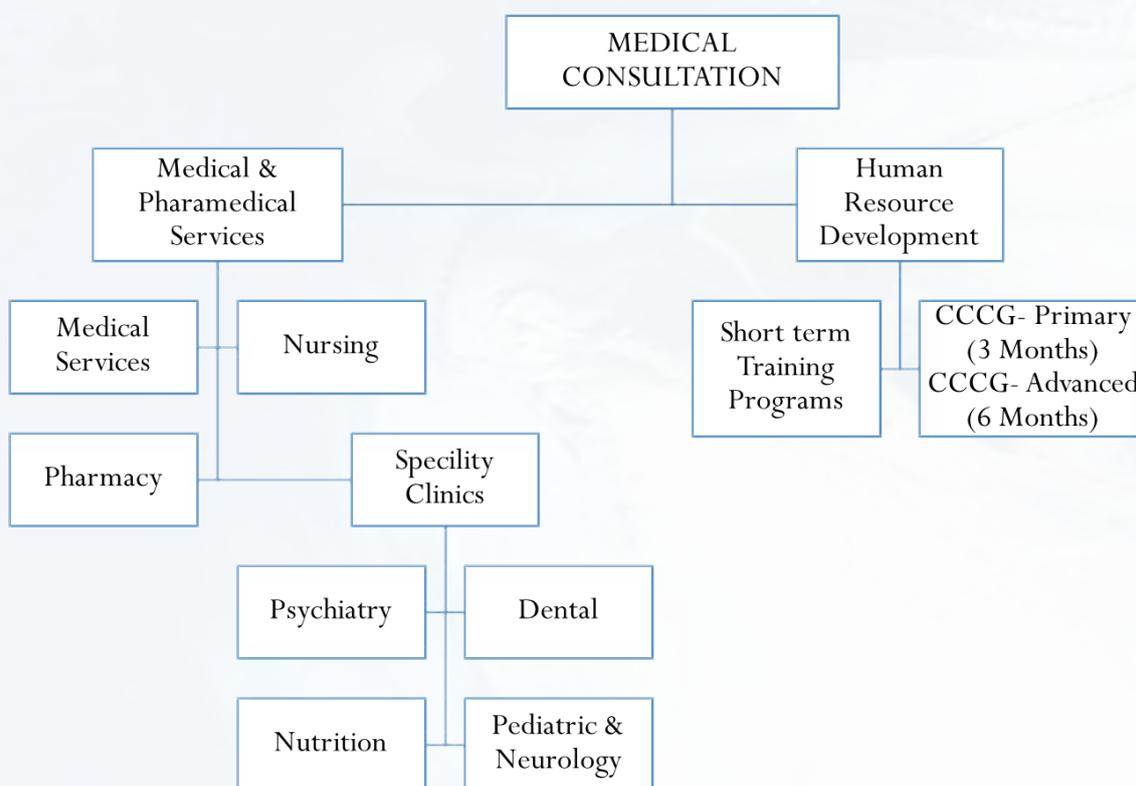

Fig: 76 Organogram of the unit.

SERVICE OFFERED BY THE UNIT

- Medical consultation. (all working days 10.00 am – 5.30 pm)
- Psychiatry consultation (weekly)
- Dental clinic (all working days 10.00 – 1.00 pm)
- Nutrition clinic. (every Thursday 10.00 – 2.00 pm)
- Paediatric Neurological consultation. (fortnightly)
- Distribution of Antipsychotics & Antiepileptic drugs.
- First aid & emergency services.
- Psychiatry follow-up services.
- Health Assessment Camps.
- Conducting awareness programs.
- Conducting HRD programmes

UNIT ACTIVITIES

- Assessment, diagnosis, treatment of medical conditions and prevention of further complications.
- Conducting speciality clinics- Psychiatry, Neurology, Dental and Nutrition.
- Continuing health care through online and offline follow – up services
- Distribution of antipsychotics and anticonvulsants
- Sending antipsychotics and anticonvulsants to clients who are in remote areas through postal services.
- Referrals to hospitals for emergencies, surgeries and in case of co-morbidities like heart, kidney and Central Nervous System diseases.
- Conduct and coordinate HRD programs- Certificate Course in Caregiving (RCI & National Trust programs)
- Conducting awareness and orientation programs.
- Participating and conducting Research and developmental activities.
- Coordinating and conducting various HRD & training programs.
- Collaborating with NGOs, State government and other medical colleges for treatment, academic and research purposes.

SPECIALTY CLINICS

Persons with Multiple Disabilities are often at risk of developing secondary conditions. Some health conditions associated with disability result in poor physical and mental health and require extensive health care need. To improve access to health services, the unit organizes and regularly conducts Psychiatry, Pediatrics neurology, Nutrition and Dental Clinics.

Fig: 77 Psychiatry, Dental, Nutrition, Pediatrics neurology & medical consultations

BENEFICIARIES FOR THE LAST THREE YEARS 2020-2023

During the year 2022- 23, 3097 new cases & 4373 follow-up cases availed services from the unit.

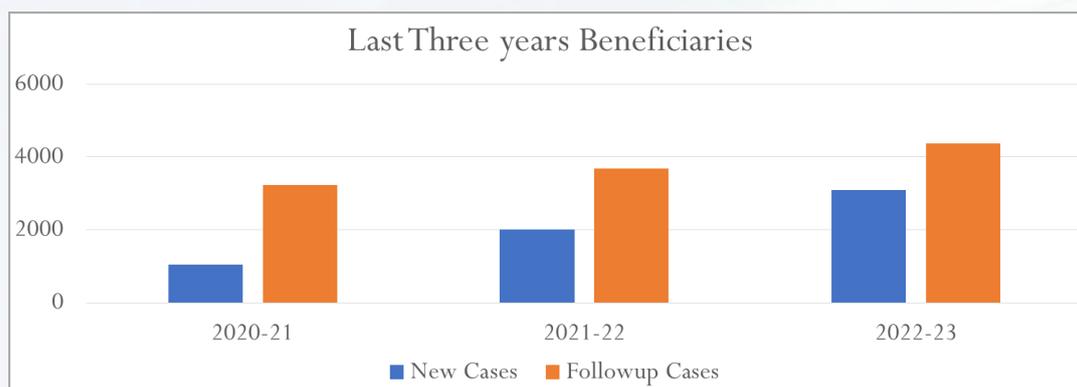

Fig: 78 Beneficiaries' details for the last three years.

BENEFICIARIES FOR THE YEAR 2022 –2023

Table:20 BENEFICIARIES FOR THE YEAR 2022 –2023

Types of Services	New Cases	Follow-up
Neurology	05	-
Psychiatry Consultation	936	222
Dental consultation	481	77

ENT OPD	88	09
Drug distribution	2186	685
Nutrition Consultation	192	06
Ophthalmology	50	18
Routine health Check-up	739	105
Homeopathy	4554	2651
Total	9231	3773

During the year 2022-23, 9231 new cases & 3773 follow-up cases availed services from the unit.

BEST PRACTICES OF THE UNIT.

Distribution of Antipsychotics and Anticonvulsants

Antipsychotic and Antiepileptic drugs are being distributed at subsidy cost to the clients after the follow-up. 23 antipsychotics, 22 antiepileptics and 26 first & emergency medications are being distributed through the pharmacy unit. This had lessened the financial burden of many families and supported to continue the long-term care.

Fig: 79 Distribution of drugs from the pharmacy unit.

Providing Telemedicine Services

As an optimal solution to provide timely and faster access to health care, the unit still provides telemedicine services (Psychiatry) for the clients from rural areas of Tamil Nadu, other states and abroad.

Identification of Rare cases and Referral services

Clients in need of specialized care and support were identified and referred for further medical management. Good networking with the State Government Hospitals, District Early Intervention Centre (DEIC) and other Specialty Hospitals had given hand to manage these difficult situations. Clients presented with rare cases like Congenital Varicella, Mucopolysaccharidoses, Jouberts Syndrome, Amyotrophic Lateral Sclerosis, Marcus Gun Syndrome, Weaver Syndrome, KlippelFeil Syndrome, Friederichs Ataxia Alternative Hemiplegia were referred to higher centers for further management. Appropriate and timely referrals had brought out good clinical outcomes in medical and psychiatric emergencies.

Health Assessment Camps for HRD trainees:

Unit had organized and conducted health check-up for HRD trainees of NIEPMD with the medical support of Sree Balaji Medical College & hospital on 6.04.2022, 8.04.2022 & 11.04.2022. 353 (Male – 93 & Female – 260) trainees were screened during this camp.

Fig: 80 Health assessment camps for HRD trainees.

Health assessment camps for HRD trainees of the academic year 2023-24 were also coordinated by the unit in collaboration with Chettinad Health City at Padur, Kelambakkam from 23, 24 & 25 January 2023. A total of 157 trainees attended the assessment camp held at Chettinad Health City at Padur, Kelambakkam.

Implementation of AYUSHMAN BHARTH –PM JAY health Benefit Package Master 2022

As per the instructions of the MSJE, the unit had prepared and submitted a list of corrective procedures and treatment especially for PwDs and essential procedures and treatment related to the co morbidities in PwDs to implement AB-PMJAY Health Benefit Package Master 2022. 92 special procedures directly related to disability management (Physical disability – 58, intellectual disability – 5, disability related to blood disorders – 5, Mental illness – 21, multiple disabilities – 2 & hearing impairment – 1) and 167 essential procedures related to the possible co morbidities in PwDs were listed proposed to include in the package.

COVID – 19 related activities:

Unit conducted basic COVID screening for the candidates attending various entrance examinations held at NIEPMD campus on 24.07.2022 & 30.10.2022. The unit had developed best practices to prevent respiratory infections as part of awareness creation.

Fig:81 Steps to prevent respiratory infections as part of awareness creation

Augmenting Short term HRD programs.

The unit continues the collaboration with State Government, as a mentor to train the care givers of five districts as part of Personal Assistance Service scheme. Action plans were outlined and preparatory works are in progress to implement the scheme.

Home visits:

C.C.C.G trainees and faculty visited homes of clients with multiple disabilities at yellow board on 19.10.2022. The trainees explained and demonstrated various ADL skills at the home set up.

Fig: 82. CCCG trainees explaining & demonstrating ADL skills to the mother during home visits.

School Health Program to identify Malnutrition:

Fig:83 Faculty and HRD trainees of the unit conducted health screening camps to assess malnutrition among school children at Venkataraman Memorial Govt. Higher Secondary School at Kovalam as part of National Nutrition Month -2023.

RESEARCH & DEVELOPMENT:

Dr. Vijayalakshmy J. had guided Venkateshwara Homeopathy Research and Hospital internes on the topic A to Z Causes of Multiple Disabilities.

HRD PROGRAMS

Programs Offered:

With the aim of developing professional care givers for Persons with Disabilities, the unit conducts two short term training programs and one long term training program. Based on the guidelines of National Trust curriculum CCCG- Primary (NT-Basic-A) and CCCG – Advanced (NT Advanced – B) are offered as short term training programs. RCI approved ten months Certificate course is also being offered to train

Care givers for Persons with Intellectual Disabilities, ASD, Cerebral palsy, Multiple disabilities, Locomotor disabilities and Deaf blindness. Four trainees are pursuing the program in the current academic year. The unit provides faculty support to other HRD programs too.

Fig:84 Visiting experts from RCI examines the resource room facilities & curriculum transaction activities for the extension of approval for CCCG program on 21, December 2022.

Fig:85 Admission committee interviewing the candidate for admission – academic year 2022-23.

Fig: 86 CCCG Students involved in various academic activities.

Exposure Visit:

As part of the curriculum activities of C.C.C.G program 3 trainees and 2 faculties were visit to Madhuram Narayan Centre at T. Nagar Chennai.

Fig:87 Exposure visit to Madhuram Narayan Center for Exceptional Children at T. Nagar.

CONVERGENCE AND COLLABORATION

CCAMH – CAMBODIA exposure visit

A team of four professionals from the Center for Child and Adolescent Mental Health (CCAMH) – CAMBODIA visited NIEPMD in the month of September. The aim of the exposure visit was to build capacity of the professionals in the disability sector through a quick impact project. The unit coordinated the entire program of one month for the team and enabled to gain an in depth knowledge and a wider perspective of the services offered by NIEPMD in the field of multiple disabilities.

Fig: 88 Professionals from CCAMH- Cambodia, Dr. B.O. Rany, Ms, S.O. Many, Ms. LAO Sreyon & Mr. Poeng Iyamto getting felicitation from Director & Deputy Registrar of NIEPMD during the valedictory function.

NO. OF INTERNS POSTED IN THE UNIT:

Interns from various colleges and disciplines were posted in the unit. Total no. of 349 interns from various disciplines related to the field of disability rehabilitation were posted in the unit.

EXPOSURE VISITS FROM OTHER COLLEGES

The unit coordinates the exposure visits from other medical and paramedical colleges. A total of 721 visitors from various disciplines had visited NIEPMD, through the unit to gain an in depth knowledge regarding the services provided by NIEPMD in the disability sector.

Fig: 89 Exposure visits from other colleges

The Medical Consultation unit is concerned with improving the quality of life of Divyangjans through the diagnosis and treatment of health conditions, reducing impairments, preventing and treating complications. Various services provided through unit is highly beneficial for clients, parents, staffs and students of different disciplines.

MATERIAL DEVELOPMENT (AIDS AND APPLIANCES) (PROSTHETICS & ORTHOTICS)

INTRODUCTION:

Material Development-Aids and Appliances unit under the Department of Medical Science is dedicated to catering to the needs of person with neuro-muscular-skeletal dysfunction which causes impaired mobility, poor posture, coordination and balance and optimal physical functional outcomes that restrict their physical functional capabilities and full participation. This unit by intervening with various kinds of assistive technology devices to PwDs, assists them to achieve maximum functional capacity and enhances fruitful participation in day-to-day activities of life.

OBJECTIVES:

- To empower the PwDs through the intervention of Assistive Technological Devices aiming to regain their mobility, posture control, building confidence, maximizes functional capability and full participation in the society.
- To promote and conduct research in prosthetics & orthotics, assistive technology rehabilitation to meet the needs of diverse groups of people with Multiple Disabilities.

Fig: 90 Assistive Technological Devices Designed and Developed by Material Development- Aids & Appliances Unit

SERVICES OFFERED BY THE UNIT:

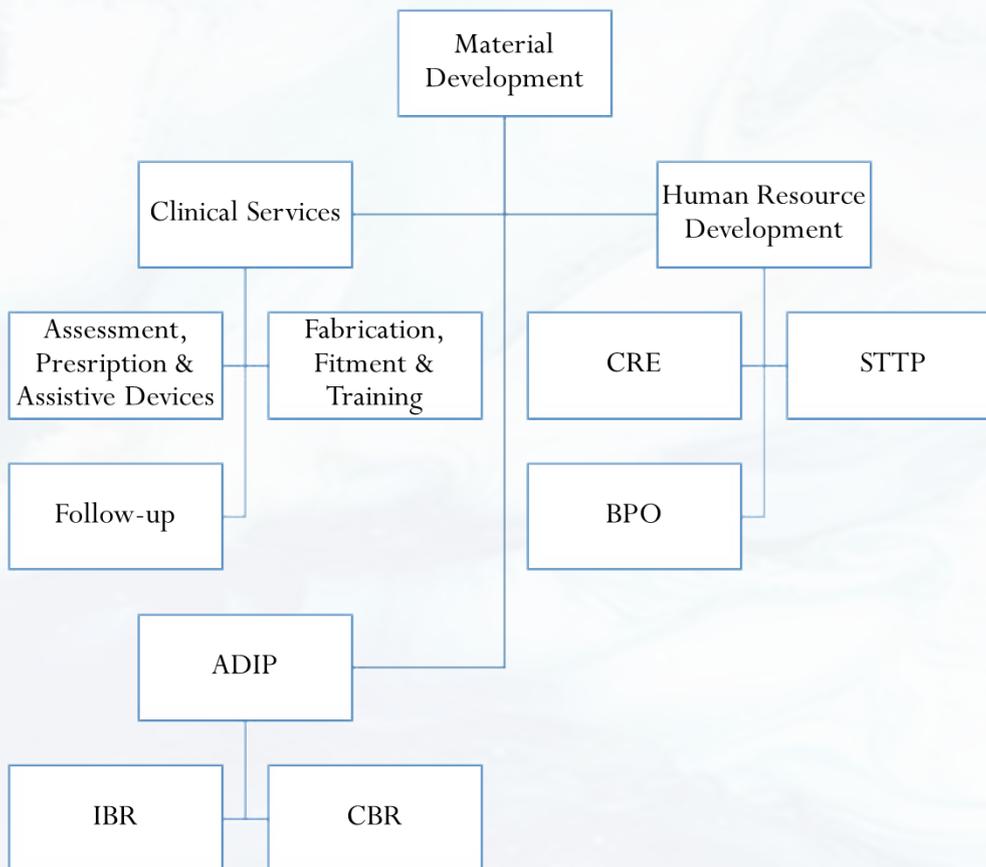

Fig: 91 services offered by the unit

Types of Aids & Assistive Devices Designed, Developed & Distributed by Material Development Unit:

Postural Control Device – CP Chair, Corner chair and molded postural control seat are prescribed for children and adolescents with poor postural control and balance. These devices help in maintaining proper posture while sitting and also prevent secondary physical and physiological complications that may arise due to prolonged poor sitting posture. These devices improve physiological function as well as hand functions while performing ADL activities and academic tasks.

Fig: 92 A baby sitting in a modified CP chair & Postural Control Devices

Adaptive devices – Customization and /or modification of pre-fabricated/over the counter devices to make suitable for use. Examples of adaptive devices are universal cuff, adaptive writing devices, adaptive utensils etc., are designed and developed in this unit.

Fig: 93 Low-cost adaptive devices for ADLs activities

Mobility Devices – Various kinds of mobility device like tri-cycle, wheel chair, crutches, walker, Rollator and walking sticks are modified/customized to make user-friendly.

Orthotic Devices – It is a bio-mechanical external device applied to the affected body part to minimize the impact of physical deformity and maximize functional gain. It is used for correction, support, prevention and control a joint’s range of motion. Various types of spinal, upper limb and, lower limb orthotic devices are manufactured using different kinds of materials that suit the need of user’s socio-economical needs.

Fig: 94: A Brachial plexus injury (BPI) Client fitted with Airplane splint

Fig: 95: PLS-AFO for a Foot drop client & An osteoarthritis client fitted with Left Knee Orthosis

Fig: 96 Custom made Philadelphia Collar

Prosthetic devices- Prosthesis is a replacement for missing body parts. It replaces, replicates and optimizes the lost body part appearance and function. According to the user's age, occupation and socio-geographical condition, prosthetic devices are prescribed and fitted.

Service Delivery Protocol:

The service delivery protocol involves registration, assessment & prescription, measurement, fabrication, trial, fitment and training about the prescribed appliance followed by the follow-up and review schedule for optimal outcomes. As and when required necessary repairing and replacement of appliances also is taken care of by this unit.

- Registration of Needy beneficiaries for Assistive device technology
- Detailed assessment & Prescription of different types of assistive device technology for ADLs, Mobility, Environmental Modification, Classroom seating adaptation, accessibility audits, etc.
- Design, development, fabrication, fitment and training of various kinds of Orthoses, Prostheses, Adaptive Devices, Mobility Devices, etc.
- Customization of Pre- Fabricated Assistive Devices.
- Out-reach ADIP Camp across India
- Repairing and Replacement of Orthotics, Prosthetics and Adaptive and Mobility Devices.

- Awareness and Orientation program to differ stakeholders of society regarding the importance of assistive devices in the socioeconomic rehabilitation of persons with disabilities.

Fig: 99 Demonstration class about IC socket modification & Elbow gaiter preparation

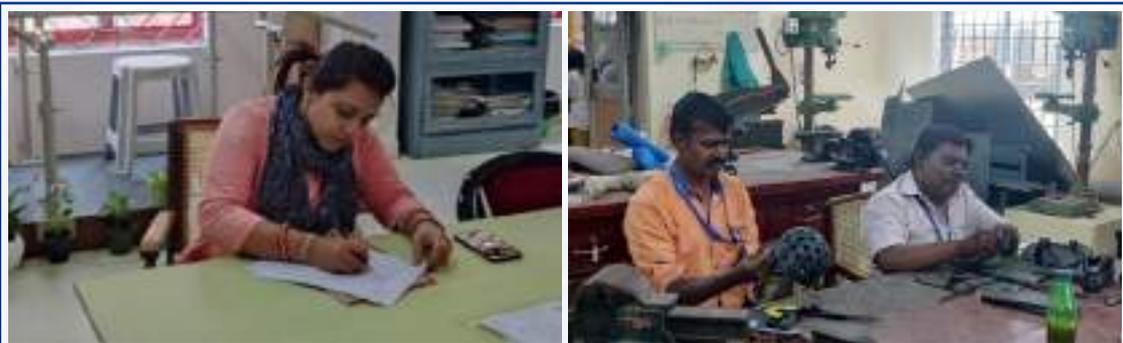

Fig: 100 P&O OPD registration & Leather related activities

Fig: 101 Congenital anomaly client fitted with 3D printing B/L upper extremity prosthesis

Fig: 102 Research & Development activities – Fabrication of adjustable TT-socket

UNIT ACTIVITIES:

- Identification and assessment of beneficiaries for selection and prescription of Aids & Appliances devices.
- Design and development of various types of Aids & Assistive devices.
- Measurement and fabrication of Aids & Assistive devices.
- Fitment and training about Aids & Assistive Devices to the beneficiary.
- Review, repair and replacement of various types of Aids & Assistive devices.
- Guidance and counseling of beneficiaries about the different types of assistive technology devices.
- Orientation, awareness and training to various stakeholders of society about the importance of assistive devices.
- Implementation of ADIP scheme.
- Outreach and CBR activities.
- Conducting Short-term training programme for professionals and non-professional stakeholders.
- Development of Human Resources in the disability sector to fill the gap between service provider and user.
- Started Bachelor in Prosthetics and Orthotics (B.P.O.) 4 ½ years programme from the academic year 2019-2020.
- Research and Development in the field of Aids & Assistive devices.
- Delivery of 3D printed Aids & Appliances.

BENEFICIARIES FOR THE LAST 3 YEARS :

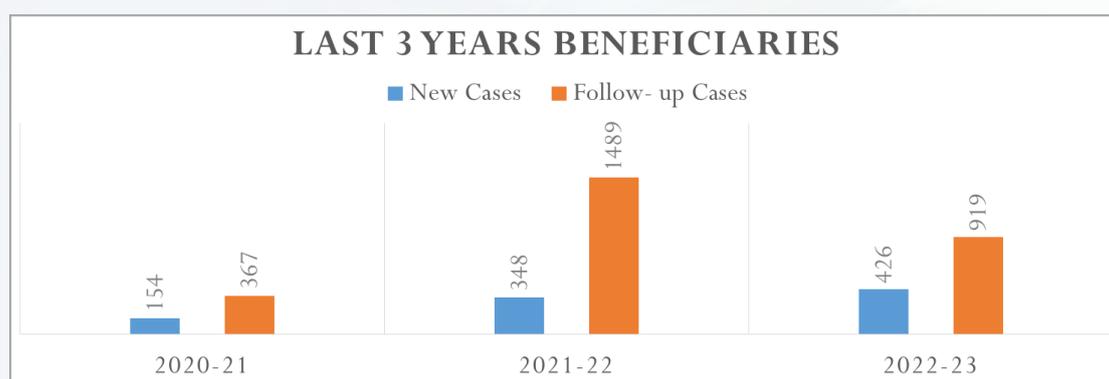

Fig: 103 Beneficiaries for The Last 3 Years

BENEFICIARIES FOR THE YEAR 2022-23:

During the year 2022-23, 426 New Cases & 919 Follow-up Cases availed services from the Material Development-Aids & Appliances Unit.

Table:21 BENEFICIARIES FOR THE YEAR 2022 –2023

Disability/ Cases	Uni- Disability		Multiple Disability		Total
	Male	Female	Male	Female	
New Case	98	47	189	92	426
Follow-up Case	206	83	410	220	919

BEST PRACTICES:

Prescription, selection and fitment of different types of assistive devices to the needy beneficiaries is based upon the socioeconomic and geographical location that help in cosmetic appearance, easy mobility, energy conservation, social acceptance and inclusion, easy in care and maintenance of appliances at their neighborhood.

Human Resource Development (HRD):

Programs Offered:

Started Rehabilitation Counseling of India (RCI) - New Delhi recognized and The Tamil Nadu Dr. M.G.R Medical University affiliated long term Human Resource Development Programme “Bachelor in Prosthetics & Orthotics (B.P.O.)” from the academic year 2019-2020.

Fig: 104 Welcome & Induction of Bachelor in Prosthetics & Orthotics (B.P.O.) trainees 4th batch (2022-2023) by HoD, Program Coordinator and other P & O faculties.

No. of Students Enrolled:

- 1st Batch (2019-20): 18 (Eighteen) (including 2 lateral entries)
- 2nd Batch (2020-21): 15 (Nine) (including 6 lateral entries)
- 3rd Batch (2021-22): 17 (Seventeen)
- 4th Batch (2022-23): 19 (Nineteen)

No. of Interns Posted in the Unit:

255 Interns from the various Universities and Colleges from Tamil Nadu are placed in the unit and acquired knowledge about the different types of aids and assistive devices used by persons with disabilities affected with neuro-musculoskeletal dysfunctions.

Convergence and Collaboration (Utilization of National and International Resources for HRD Programme):

Fig: 105 In collaborations of DRDO & Mobility India, Hands on workshop on KADAM knee organized by HoD, Program Coordinator and other P & O faculties.

SUCCESS STORIES

SUCCESS STORY-1

PROBLEMS FACED BY PATIENT

- Not able to open the hand
- Due to involuntary contraction of finger flexor muscles, hand was in closed position
- Deformity was progressing everyday

OUTCOMES

- ❖ Functional hand position was achieved
- ❖ Further deformity of hand was prevented
- ❖ Helped in therapeutic management

Fig: 106 Trial of 3D Printed Static WHO & Final fitting of Static WHO

SUCCESS STORY-2

CHIEF COMPLAINT: -

Report at NIEPMD for availing head safety helmet for his skull injury and also, he wants to secure safe independent mobility.

INTERVENTION BY NIEPMD: -

Detailed assessment of skull was done and found that, part of skull bone (Parietal & Temporal) was removed from postero-lateral region.

SUGGESTION: -

Recommended for Cranial Helmet

OUTCOMES: -

- ❖ 3D – Printed Cranial Safety Helmet fitted
- ❖ Walking with confidence and safety of skull
- ❖ Protection from exterior agent (Bus, Auto travelling & inside home mobility etc.)

SUCCESS STORY-3

PROBLEMS FACED BY THE PATIENT

- Not able to walk independently
- Facing difficulties in activities of daily living
- Not able to earn for his livelihood

OUTCOMES

- ❖ After 2 days of gait training, he was able to stand and walk independently
- ❖ Natural gait cycle was achieved
- ❖ Walking independently without any fear
- ❖ He was able to perform all the activities of daily living
- ❖ Started working as a daily wage worker for his livelihood.

Fig:107 Residual limb condition, Gait training inside the parallel bar & Patient with final prosthesis

SUMMARY

Department of Medical Science, proactively worked intending to improve the e well-being of persons with disabilities and their family members and empower through them social work intervention and also occupies a significant position in the Medical rehabilitation and also providing Assistive Technology & Devices according to the impairment/disability and the person's need to make them functionally independent and achieving an optimal level of active participation in day to day life skills and activities. This department ensure the quality of life for persons with disabilities and their family members by extending service to families, community, policy development, advocacy and research in liaison through the various units and departments of NIEPMD and also by networking with other institutions and organizations.

The department facilitates quality education in the field of Rehabilitation through a team of experienced faculty in the field through CRE, Short Term Training Programme & Long Term Training programme.

CHAPTER - 4

DEPARTMENT OF THERAPEUTICS

Department of Therapeutics comprises professionals to fulfil the objectives of NIEPMD, working towards the independence of our beneficiaries and developing skilled professionals. It provides its support to the beneficiaries by ways of Clinical services and HRD courses. In the clinical services which are Client-Centered and concerned with promoting health & well-being with skilled professionals such as Physiotherapists, Occupational Therapists, Early Interventionist, etc.

Department of Therapeutics offers its services under below mentioned divisions.

1. Cross Disability Early Intervention Centre
2. Physiotherapy
3. Occupational Therapy

CROSS DISABILITY EARLY INTERVENTION CENTER (CDEIC)

Early intervention provides specialized support and services for infants and young children at-risk or with developmental delays and their families and also to help their families to participate in community and family life.

Cross Disability Early Intervention Center (CDIEC) in NIEPMD provide services to children's from birth to 6 years of age with variety of special needs, including but not limited to: children's with developmental delay and with disability. The centre will provide comprehensive group and individual Early Intervention services, Parent participation group, Individual sessions and Pre-school programs; depending upon the children individual needs.

Cross Disability Early Intervention Center (CDIEC) was officially inaugurated on 17th June 2021 in NIEPMD.

AIM:

- Early identification of infants at risk and developmental delays.
- To enhance the normal development.
- Acceleration of rate of development.
- Acquisition of new behaviour/ skill.
- To increase the level of independency.
- To prevent secondary complication.
- To support the family psychologically.

OBJECTIVES:

- Screening and identification.
- Implementation of Therapeutic services.
- Counselling.
- School readiness

BENEFITS:

- About 90% of brain development occurs before 3 years.
- Brain development is highly restricted after 6 years
- Early intervention reduces the high risk and secondary complication.
- Associate condition and additional disabilities can be prevented.
- It fosters to cope up the parents' psycho-emotional status.
- It promotes inclusion by improving requisite readiness skill.

TARGET GROUP:

- Birth to 6-year children at risk

SERVICES OFFERED BY THE CDEIC

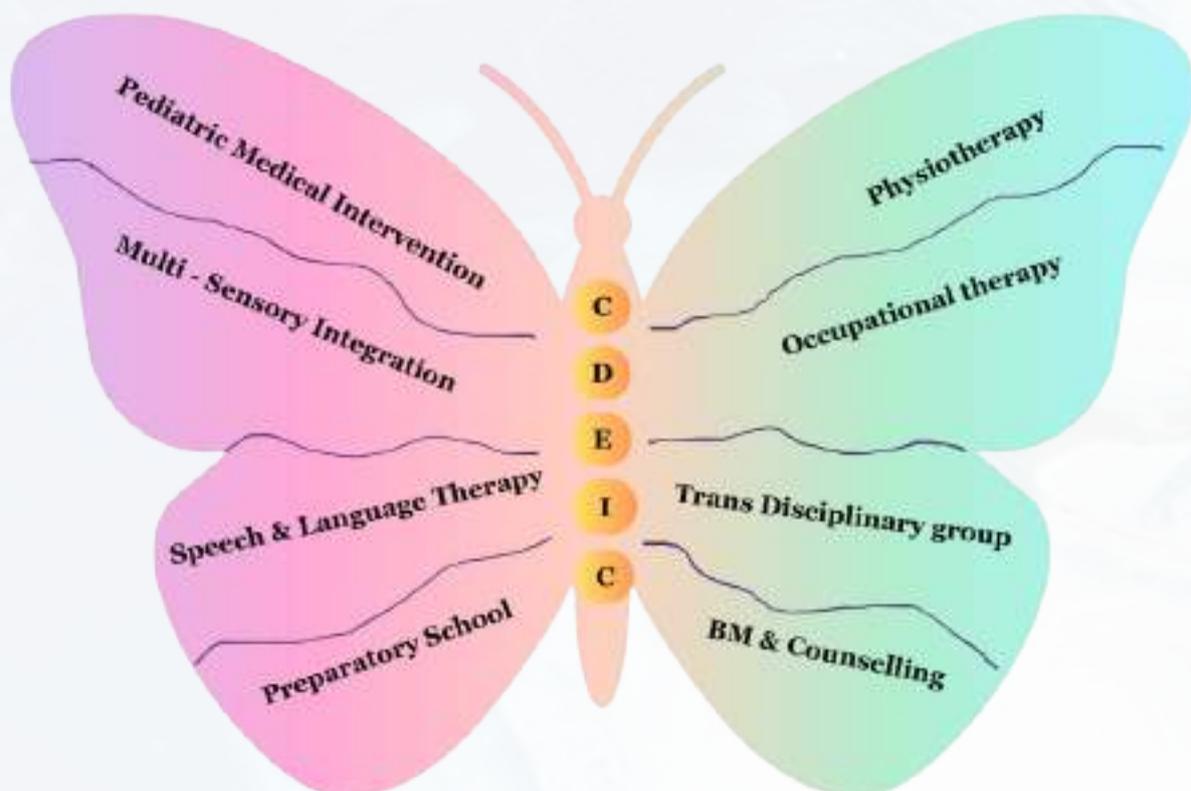

Fig:108 SERVICES OFFERED BY THE CDEIC

UNIT ACTIVITIES:

REGISTRATION AND FACILITATION UNIT:

Fig: 109 REGISTRATION AND FACILITATION

To orient the clients about the services offered and to enrol the new clients and follow up details, to facilitate UDID and Government benefits and concession to the visitors. Organizes program related to early intervention

PEDIATRIC CENTER:

To offer comprehensive health services for the beneficiary and offer paediatric services, treatment and management of childhood illness, nutrition and growth, paediatric neurology and neurodevelopment facilities etc. The CDEIC also provide weekly/fortnightly/ monthly specialty / super specialty medical services such as ophthalmology, E&T, psychiatric, Neurology, PMR, Paediatric dentist, Nutritionist etc.

Fig: 110 PEDIATRIC CENTER

III. BM & COUNSELLING UNIT:

Fig: 111 BM & COUNSELLING UNIT

To facilitate the psychological intervention support to parents and family members of children at risk or developmental delays. This unit provides assessments, individualized and group-based behaviour modification therapy etc.

IV. OCCUPATIONAL THERAPY UNIT:

To offer assessment and intervention for developing, recovering or maintaining the meaningful activities among children by use of self-care, play activities and assistive technology to promote and maintain health, prevent disability, increase independent function and enhance development. Therapy to be provided both in individualized session and small group

Fig: 112 OCCUPATIONAL THERAPY UNIT

PHYSIOTHERAPY UNIT:

Fig: 113 PHYSIOTHERAPY UNIT

To restore, maintain and maximize the strength, function, movement and over all well-being of children. Individual or small group session to be given for optimal physical development by means of Neuro-developmental therapy, Pulmonary Rehabilitation, Mobilization exercise, stretching exercise, therapeutic exercise, postural training and gait training.

SPEECH & LANGUAGE THERAPY UNIT:

To help address speech, language problem and communication issues faced by the child due to her/ his disability or developmental delay Audio logical evaluation-based hearing aid will be provided, along with training for the use of hearing aid.

Alongside in individual or small-group settings, as per requirement the strategies/ techniques for drooling-control; feeding issues and oro-motor training; Auditory Verbal Therapy; Augmentative Alternative Communication; etc. is used.

Fig: 114 SPEECH & LANGUAGE THERAPY UNIT

MULTI-SENSORY INTEGRATION UNIT:

Fig: 115 MULTI-SENSORY INTEGRATION UNIT

Multisensory Integration refers to how information from the different sensory modalities (such as sight, sound, touch, smell, self-motion and taste) may be integrated by the nervous system. It also deals with how different sensory modalities interact with one another and alter each other's processing.

To provided multisensory therapeutic environment to enhance and stimulate sensory development and cognitive function.

TRANS-DICIPLINARY THERAPY UNIT (GROUP):

Trans-disciplinary group activities are best way to deal the children with developmental delays, as peer interaction plays a major role in learning skill. The specific areas like turn taking, joint attention, imitation, group communication, self-control is concentrated in this along with the major units like motor, communication, socialization, cognitive, socio-emotional skill.

Parents are also involved in this intervention to emphasise the need of group intervention.

Fig: 116 TRANS-DICIPLINARY THERAPY UNIT

SERVICES OF PREPARATORY SCHOOL:

PREPARATORY CLASS 1 : (3 to 4 years)

Fig: 117 PREPARATORY CLASS 1

This class will cater the children with special needs (cross-disability) in the age range of 3-4 years. The education will be focused to lay an early year's foundation, through maintenance of good health and wellbeing; encouraging effective communication; and physical development, personal, socio- emotional. Readiness for learning literacy (pre-literacy) and expressive arts and design.

PREPARATORY CLASS 2 : (4 to 5 years)

A group of children with special needs (10 nos.) age range of 4-5 years will attend this class, the education is focused on the development of memory, vocabulary development, fluency and clarity of expressive and understanding, readiness for learning literacy (Pre-Literacy), Readiness for learning Mathematics (Pre –mathematics) and environmental science.

Fig: 118 PREPARATORY CLASS 2

SPECIALITY CLINICS:

Fig: 119 Eye camp Sankara Nethralaya

- Senior Consultants for Early Intervention and Medical Science.
- Eye camp was organized by CDEIC in collaboration with Sankara Nethralaya. Over all 130 clients were benefitted and they were referred to Sankara Nethralaya for further management.
- Clients were referred to Ragas Dental College and Chettinadu College for oral issues and hygiene.

BENEFICIARIES FOR THE LAST 3 YEARS:

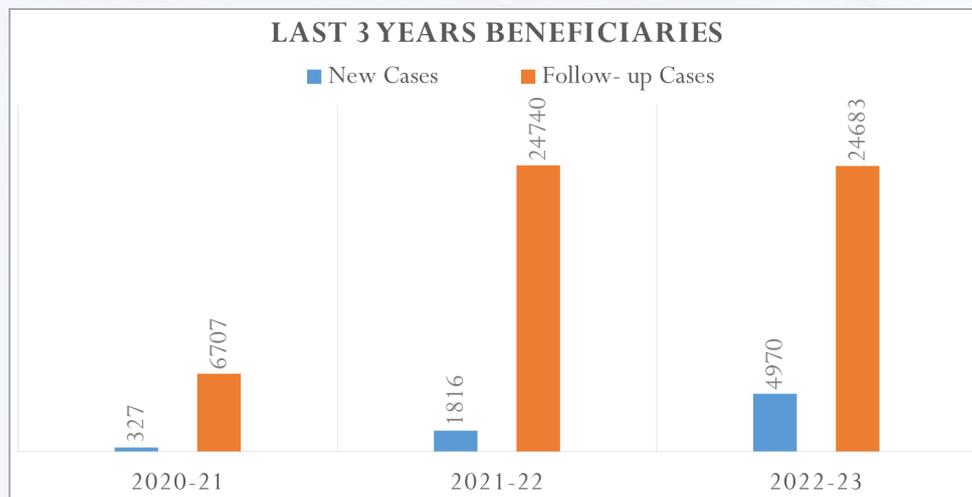

Fig: 120 BENEFICIARIES FOR THE LAST 3 YEARS

BENEFICIARIES FOR THE YEAR 2022-23

During the year 2022 – 23, 4970- New Cases & 24683 follow up Cases availed services from the above unit.

Feedback Letter

All students from West Division of girls and boys were taken to school for a month. We had a great productive time and enjoyed all activities. The clinical exposure that we received in Sports and outdoor games were very useful for our knowledge. We also got a chance to visit the other departments in various such as physiotherapy, Occupational therapy, psychology, etc. which were very useful. The campus and infrastructure were well-equipped and things were helpful and timely arrangements.

Students from West Division of girls and boys.

Feedback Letter

I am posted in NERPMO for about 3 months. I feel the infrastructure is good, peaceful. We get to know about the other departments as we are posted one hour one a week in other departments such as physiotherapy, occupational therapy, clinical psychology, early intervention, special education, and school psychology. We are exposed to different learning skills. The clinical exposure is well and impressive. The staff are approachable and helpful. The knowledge is based on our interest. It gives us other benefits.

PHYSIOTHERAPY

Introduction

Physiotherapy provides services for persons with movement difficulties to develop, maintain and restore maximum movement and functional ability throughout the lifespan and is also concerned with physical, psychological, emotional and social well-being thereby improving the quality of life of people with disabilities. This includes providing services through habilitation and rehabilitation for movement and functions threatened by ageing, injury, pain, diseases, disorders and conditions leading to impairment and disability.

Objectives

- To assess, plan and implement physiotherapy programs to improve or restore motor functions, maximize movement ability, relieve pain syndrome, associated with injuries diseases and other impairments.
- To prepare students to perform evidence-based physiotherapy and to gain knowledge, skills and behaviours to serve the health and welfare of society.

Services offered by the Unit

The core essence of the clinical services provided by the unit of Physiotherapy is Neurodevelopment Therapy (NDT), Gait training, Electrotherapy, Virtual Reality-Based therapy (VRBT), Pulmonary Rehabilitation, Tele rehabilitation and so on. Also to enrich the quality of life, activities like functional training, health education and home exercise programme are given.

Fig:128 Services offered by the Unit

NDT (Neurodevelopmental Therapy) is a holistic and interdisciplinary clinical practice model informed by current and evolving research that emphasizes individualized therapeutic handling based on movement analysis for the habilitation and rehabilitation of individuals with neurological pathophysiology.

The aim of the treatment for children with disabilities due to brain damage is to prepare and guide them towards their greatest possible independence and to prepare them for normal adolescences and adult life.

Gait training or **gait rehabilitation** is the act of learning or relearning how to walk, either as a child or more frequently after sustaining an injury or disability.

Gait training helps to strengthen muscles, improves balance and posture, develops muscle memory, builds endurance and retrains the legs for repetitive motion.

The body weight unweighing system is an advanced training equipment which enables the early Facilitation of gait in the paediatric and adult population with multiple disabilities.

Electrotherapy is derived from the word Electro – Electric Current or Electrical Energy, Therapy – Treatment of disease, a non-surgical treatment approach. It means various forms of therapeutic applications using electrical energy as a primary source. Electrotherapy is mainly used for pain management, treatment of neuromuscular dysfunction, tissue repair, peripheral blood flow, acute and chronic oedema, bladder and bowel incontinence etc.

LASER Therapy is an advanced electrotherapy treatment, it concentrates on the deeper penetration into the specific structure that is aimed at and has a profound effect on tissue healing and acts as a powerful anti-inflammatory agent.

Virtual Reality-Based therapy (VRBT) is a new generation tool for advanced rehabilitation which uses motion sensor (Gestures) technology to capture patient movements which can be associated with therapeutic games as a treatment regime. VRBT incorporates therapeutic techniques such as positional stretch, tone facilitation and inhibition through the game which makes the therapy session enjoyable and the patient gets benefited through motor relearning and patterning of movement using visual cues so they will stay self-motivated and engaged throughout the rehabilitation regime.

Pulmonary Rehabilitation: Pulmonary Rehabilitation is provided for clients with respiratory problems. Breathing lab is an advanced virtual reality-based breathing technique which improves Lung volumes, resistance on expiration and mobilises secretion. It also provides general relaxation for anxiety patient, Reduce heart rate, slow down breathing and suppress fight and flight response. Advanced diagnostics equipment had been installed to access the pulmonary function (Pulmonary function test).

Tele-rehabilitation for Cerebral Palsy is a recent advancement in the branch of telehealth. It comprises a telecommunications technology system to control or monitor remote rehabilitation. It is presented as a technique to increase accessibility and improve continuity of care in vulnerable, geographically remote populations with disabilities with the potential for saving time and resources in health care.

HRD

COLLEGE OF PHYSIOTHERAPY

Bachelor of physiotherapy (BPT) course affiliated to The Tamil Nadu Dr. MGR Medical University has been started in the academic year 2016-17 with the annual intake of 28 students.

The primary aim is to create qualified professionals in Physiotherapy to meet the diverse needs of the country with a focus on persons with Multiple Disabilities.

Students were encouraged to participate in both co-curricular and extracurricular activities in National and International conferences, Intra college activities during National days of importance such as Swatch Bharat, Vigilance awareness week, Disability day etc.

2016-17 Batch -7 students

Exposure Visit

Every year clinical visits to various places were arranged for students to improve their knowledge. This year, third-year and final-year BPT students visited Technomed Electronics, Perungudi, Chennai.

Any other Information:

Dr. B S Santhosh Kanna - Principal, College of Physiotherapy, NIEPMD (D) has been nominated as the Chairman of – the Board of Studies for Physiotherapy courses by The Tamil Nadu Dr. M.G.R Medical University from July 2022 to July 2025

OCCUPATIONAL THERAPY

Introduction

Occupational Therapy, Department of Therapeutics focuses on making clients independent in the activities of daily life. Occupational therapy intervention uses everyday life activities (occupations) to promote health, well-being and the client's ability to participate in various important activities of their lives. These include meaningful activity that a person wants to accomplish which includes taking care of self and their family, working, going to school/college etc.

Objectives

- Doing Holistic evaluation of the client & providing appropriate intervention for clients in the areas of work, play and leisure.
- Providing adaptive aids & training for clients to achieve independence in Basic ADL & IADL.
- Splint fabrication for clients to prevent deformity & to improve function.
- Providing academic activities for facilitating age-appropriate development of children by the use of Computer-based programs.
- Group therapy intervention for improving social skills of children & vocational resettlement for adults.
- Coordination & Conduction of Continuous Rehabilitation Education (CRE) programs, Parental Training, Awareness programs and other Outreach activities for empowering clients & parents of persons with disabilities.
- Imparting training to students & interns to develop human resources in the field of Occupational therapy.
- To carry out research activities to explore new facts and enhance the quality of services to Individuals with Disabilities.

Services Offered by the Unit

- ADL & Work Rehabilitation Sub-Unit
- Assistive Devices & Special Equipment Sub-Unit
- Developmental Therapy Sub-Unit
- Hand Function and Hand Splinting Sub-Unit
- Multi-Sensory Sub-Unit
- Psychiatry Sub-Unit

Unit Activities

- In Occupational Therapy, meaningful and age-appropriate tasks are used to treat short & long term goals. The activities chosen are ensured that they are relevant to the person's development stage, habits, roles, life-style preferences and the environment.
- Various Treatment services are provided to Individuals with Multiple Disabilities(MD), Cerebral Palsy (CP), Intellectual Disabilities (ID), Autism Spectrum Disorder (ASD), Attention Deficit Hyperactivity Disorder (ADHD), Attention Deficit Disorder (ADD), Specific Learning Disorder (SLD), Low vision (LV), Individuals with Neurological disorders (Stroke &* spinal cord injury) Orthopaedic Conditions, Psychiatric conditions /Mental Illness and other Disabilities enlisted in RPWD act.

Specialty clinics

- Sensory Integration Therapy
- Developmental Therapy
- ADL Training
- Transfer Training
- Wheelchair Training
- Hand Function Training
- Hand Splinting
- Work Rehabilitation
- Group Therapy

Summary:

Department of Therapeutics assess patients' abilities and tailor programs to restore physical function & cognitive function and devise ways to help clients with permanent limitations carry out everyday functions.

The unit focuses on adapting to the environment, modifying tasks, teaching skills & educating clients in order to increase participation in daily activities.

HRD programmes, NIEPMD provides Therapy education as well as training for students. Training & exposure to therapy is provided to students through workshops, seminars, conferences and other recreational activities throughout the year. The students are taught & involved in research & development activities in the field of Therapy.

CHAPTER - 5

DEPARTMENT OF CLINICAL PSYCHOLOGY

Department of Clinical Psychology comprises of professionals from Clinical Psychology as a part of the multidisciplinary team of NIEPMD, working towards the psychological issues in disability rehabilitation. The department executes rehabilitation programs by providing clinical services, developing human resources, conducting research projects and also by involving in community and outreach activities.

DEPARTMENT OBJECTIVES

- To carry out psychological assessment, intervention and psycho-social rehabilitation for persons with disabilities enlisted in RPWD Act and for persons with psycho-social problems
- To develop manpower in the field of Clinical Psychology to work with persons with disabilities enlisted in RPWD Act and for persons with psycho-social problems.
- To carry out research activities pertaining to persons with disabilities enlisted in RPWD Act and for persons with psycho-social problems.
- Department Activities

Table: 30 Department Activities of Clinical Psychology

- Webinar on Queer Affirmative Therapy was conducted by Department of Clinical Psychology, NIEPMD on October 26, 2022

TESTIMONIALS

From Parents-

I am visiting NIEPMD, Department of Clinical Psychology for Behaviour therapy for my child who is 10 years old and diagnosed with autism. He had behaviour issues like hitting others, screaming and not eating properly and his sleep was also reduced. After attending the regular sessions and following the therapist’s inputs and guidance, my child had very remarkable improvement. We were guided and educated on how to handle his behaviour at home and his activities were scheduled which we were following regularly. Now my child’s sleep has improved and he also started eating a variety of foods now. His hyperactivity has been reduced.

From Interns-

The HOD, Department of Clinical Psychology and staff members were very kind and approachable. They gave us intense training by giving the opportunity to learn various kinds of assessments and therapy procedures. We were allowed to participate in all academic presentations and were motivated to learn. We learnt many new things here and they cleared our doubts then and there which helped us to gain good knowledge throughout our internal posting. We would like to thank all of them for their wonderful support.

From Visitor -

I am having a child with an intellectual disability and I came for the purpose to avail a scribe and for certification purpose. During the visits, I was very well guided and informed about the procedures in detail. All the assessments were done in detail. After the assessment, we were well explained by the therapist and the faculty. They also provided me with further guidance and suggestions. The visit to the Department of Clinical Psychology at NIEPMD was very useful and we were very much satisfied with the services they provided.

SUMMARY:

The Department of Clinical Psychology is actively working towards mental health concerns and the rehabilitation of persons with multiple disabilities. It caters its services through various psychological assessments, interventions and psychosocial rehabilitation. M. Phil., Clinical Psychology program is being conducted that is approved by the Rehabilitation Council of India affiliated with Tamil Nadu Dr. M.G.R. Medical University. The faculties of the department are offering lectures, clinical supervision and guidance to fine-tune the skills of the scholars pursuing M. Phil., Clinical Psychology. The scholars are involved in academic activities like general seminars, journal clubs, case presentations, group discussions and research projects.

Community awareness programs are periodically conducted for the general population. Mental Health Day and Schizophrenia day was celebrated with series of extensive programs for the benefit of general population, staff members, HRD students and Parents of Children with Disability.

The scholars were facilitated and given opportunities to attend various conference, workshop, seminars and webinars conducted all over India. The faculties of the department were upgrading their knowledge by attending various webinars. They also disseminated their knowledge through various CRE programs and webinars to the professionals working in the field of disability rehabilitation and also to create awareness in the general public. Research projects with other institutions are done collaboratively with active involvement by the faculties of the department. Individual researches were also been carried out by the scholars and the faculties of the department which were published and presented in the conference.

CHAPTER - 6

DEPARTMENT OF SPEECH, HEARING AND COMMUNICATION

The Department of Speech, Hearing and Communication (SHC) extends its services toward fulfilling the objectives of NIEPMD. The department provides services to individuals of all age groups having issues related to Communication, Speech, Hearing, Balance, Feeding and Literacy. The department conducts Trans-disciplinary group therapy sessions which is the first of its kind at an international level and a pioneer model for our country.

Objectives of the Department

- To undertake the development of human resources for management, training, rehabilitation and through.
 - Long-term course B.ASLP (four years degree course)
 - Training for other college interns.
 - Conducting RCI–CRE programs, conferences and seminars.
- To promote and conduct research on multiple disabilities.
- To develop a Transdisciplinary approach
- To undertake service and outreach programs

Services Offered in the Department

Major units at the department of SHC are i) Speech-Language Pathology and, ii) Audiology, which offers excellent assessment and management services in the area of Speech, Hearing and Communication.

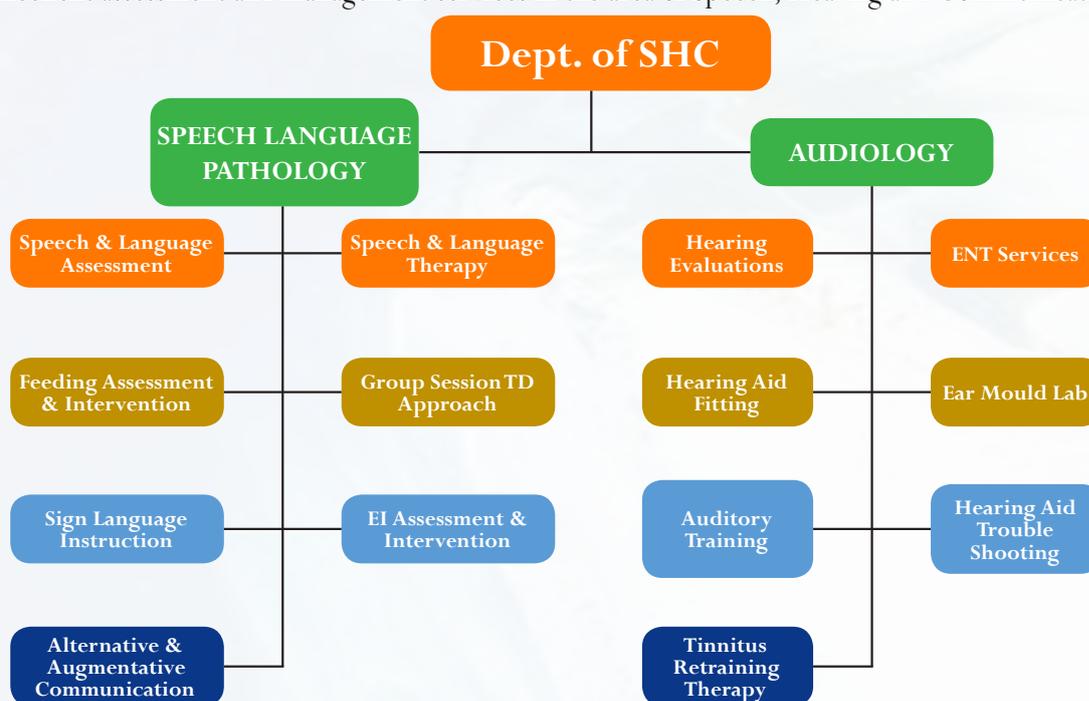

Fig: 141 Services Offered in the Department

Departmental activities

The department of SHC has two major units: Speech Language Pathology and Audiology. In the Speech-language pathology unit, the clinical services delivered are the assessment and management of speech and language disorders for all age groups. Speech disorders broadly includes articulation disorder, fluency disorder, voice disorder, dysarthria and apraxia. Language disorder includes developmental and acquired language (aphasia) disorders. Individuals identified to have speech and language disorders are assigned for follow-up speech and language therapy services. In the Audiology unit, assessment of hearing and balance issues for clients of all age range using state of the art equipment and tests such as the Pure tone Audiometry, Immittance Audiometry, Otoacoustic emissions, Brainstem Evoked Response Audiometry and, Vestibular /balance are carried out. Based on the type and the degree of hearing loss suitable management options and follow-up auditory training sessions are recommended & provided.

Speech-Language Pathology

The speech-language pathology unit has assessment and intervention services for all speech, language, swallowing and early literacy-related problems in children and adults. Clients with feeding difficulty, especially children with cerebral palsy and autism spectrum disorders are assessed for their posture, oro motor and sensory abilities and intervened for the same. Detailed counselling is given to parents on the current status of the speech and language of the client and immediate goals to be worked on in follow-up sessions and at home are discussed. Following the assessment, the client is assigned speech and language therapy sessions which happen half an hour twice or thrice a week. Based on the speech and language status of the client, individualized goals and lesson plans are prepared. The goal-based activities are executed in the speech and language therapy sessions. Clients progress is closely monitored and depending on the progress in speech and language skills, new goals are set or recommendations are made. The client-centred approach is practised in speech and language therapy sessions wherein parents participate actively during the session and generalize the skills learnt at home and in other settings.

Clients who have difficulty communicating verbally are trained in Alternative and Augmentative Communication (AAC). Low-tech AAC devices are developed in the department and based on the client's need and status, individualized AAC materials are provided to the clients. Clients who are unable to use speech to communicate including individuals with hearing impairment, cerebral palsy, autism and apraxia but have good hand and finger movements, are trained to communicate using sign language. Another special intervention service of the department of SHC is group sessions incorporating a transdisciplinary approach for children with multiple disabilities.

Fig: 142 Low Tech AAC Devices developed in Dept. of SHC

Transdisciplinary Model Applied in Group Session:

One of the prime objectives of NIEPMD is to develop a transdisciplinary model of service delivery in the assessment and intervention of individuals with multiple disabilities. To comply with this, since 2014 Department of Speech, Hearing and Communication has initiated a transdisciplinary model in a group session. The goal of the group session is to enhance prelinguistic skills, early language skills, social – pragmatics, motor skill, pre-literacy skills and sensory regulation. Each session lasts for 1 hour 30 minutes and includes 25 to 30 children with multiple disabilities accompanied by one of the parents. A set of activities including sand play, bowling, ring toss, ring stand, action rhymes, identifying objects/pictures, naming, turn taking waiting during a play activity, sensory mat walk, somersault, pulling the cart, walking in a line and so on are carried out.

SPEECH AND LANGUAGE UNIT

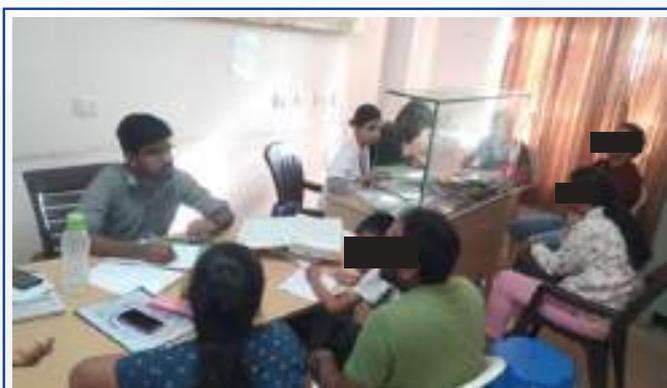

Fig:143 Speech and Language Assessment

Fig: 144 Individual Speech & Language Therapy

Fig: 145 Group Therapy incorporating TD approach

Fig:146 Individual Sign Language Training Session

Audiology

The audiology unit has assessment services for hearing and balance. The test includes tuning fork tests, Pure tone audiometry, Speech audiometry, Immitance audiometry(Single frequency and multiple frequencies), Brainstem evoked response audiometry, Otoacoustic emission test, special tests for retrocochlear and cochlear pathologies, detailed assessment for tinnitus, Central Auditory Processing disorders test battery and vestibular evoked myogenic potential tests. Following the diagnosis of the type and degree of hearing loss, suitable management options are provided. Recommendation to ENT is made for needed clients. For clients with sensorineural hearing loss, Hearing Aid Trial and fitting is carried out to augment their residual hearing. Behind-the-ear hearing aids are provided free of cost under the ADIP scheme. At NIEPMD(D), 214 beneficiaries and through camps 972 beneficiaries were provided hearing aids under the ADIP scheme. Ear impressions are taken in the ear mould lab to make ear moulds and to ensure appropriate fitment of the hearing aid. Children and suitable clients using amplification devices are provided regular Auditory training sessions in the unit, twice or thrice a week for 45 minutes. Apart from auditory training, the audiology unit also provides, tinnitus retraining therapy.

Fig: 147 Pure tone Audiometry

Fig: 148 Auditory Verbal therapy

ENT Services: The department has an outpatient ENT unit for children with disabilities as well as for parents and professionals. About 167 clients were assessed between April 2022 to March 2023.

Fig:149 ENT Consultation

Hearing Aid Troubleshooting: The hearing aid troubleshooting and maintenance services are being provided in Speech and hearing department. Initially, on providing a new set of hearing aid the clients are given an orientation on maintenance and usage of Hearing aids. General instructions on how to use the hearing aids, changing batteries, the volume control, using tele coil mode, cleaning of the ear tubes and ear tips from wax and general maintenance and care for the hearing aids are demonstrated to the clients. Troubleshooting of hearing aids has been done for over 525 clients against improper functioning of hearing aids.

The tables below show the details of new and follow-up clients who have undergone assessment including speech, language and hearing assessments and follow-up intervention services for the past two years i.e., 2020-2021, 2021-2022 and the current year 2022-2023.

BENEFICIARIES FOR LAST THREE YEARS

Other Services Offered in Dept. of SHC: Apart from speech, language and hearing assessment and management, the department also provide & services such as hearing aid trouble shooting, sign language Instructions, ENT consultation, conducts ADIP camps, SC/ST flagship program and webinars.

Table:33 Details of other services offered and clients benefited in Dept. of SHC

Details of other services offered and clients benefited in Dept. of SHC	
Services	No. of beneficiaries
Hearing Aid trouble shooting	525
Webinars	1427
Sign language Instructions (follow up)	768
ENT OPD	167

Best practices of the Department of SHC

The transdisciplinary model incorporated in group sessions is implemented by carting together Occupational therapy, Physiotherapy, Speech therapy, Special education and parents. This approach enhances communication development by simultaneously facilitating gross motor, fine motor, pre-literacy skills etc. Here a common plan is devised for the group and the targets are addressed through a play way method. The parental participation along with the therapist is ascertained to extend the therapy activities beyond the clinical settings. The expected goals for the groups are to enhance preverbal skills, socialization skills and motor skills. The group targets to work on the set goals by including activities like taking attendance of the group for initiation followed by sand play, passing the ball, water play, bowling, rolling, hurdle race, blanket ride and ring toss

During the COVID-19 pandemic period, continuous support to our clients was provided through teletherapy. Speech and language assessments and therapy and home training programs were provided online by videoconferencing through the google meet platform.

Human Resource Development

Programme offered: Bachelor in Audiology and Speech-Language Pathology (B.ASLP) College of Audiology and Communication Sciences. Department of SHC runs the BASLP program since the year 2017. The program has 4 academic years including 10 months of internship. The details of the students enrolled each year are given below. The first and second batch students of the BASLP program successfully completed the course in December 2021 and January 2023, respectively. The passed-out students are currently working in Government rehabilitation Institutes and centres, Private speech and hearing centres, hospitals and ENT clinics and pursuing higher education.

Table: 34 B.ASLP course intake and details of students

B.ASLP course intake and details of students						
Year	Batch	Year of study	Intake	No. of students	No. of Boys	No. of Girls
2022-2023	6 th	1 st year 1 st Semester	25+2 (EWS)	24	7	17
2021-2022	5 th	1 st year 2 nd semester	25+2 (EWS)	22	5	17
2020-2021	4 th	2 nd year 4 th semester	20+ 2 (EWS)	20	4	16
2019-2020	3 rd	Intership	20	19	2	17
Total No. of students currently studying				85	18	67

Every working day, students would have 4 periods of theory classes and 3 hours of clinics. Students are posted in different units in the department of SHC which includes, speech and language assessment, speech therapy, speech and language assessment and intervention in the EI unit, group therapy, audiology diagnostics, auditory rehabilitation, Hearing aid troubleshooting and sign language.

Fig: 151 1st year B.ASLP students showcasing Speech & Language Therapy Materials in the Classroom

During their internship, they are posted in different settings (hospitals, special schools, Institutes and clinics) and places including SRTC, Madras Medical College, MERF-Institute of Speech & Hearing, Vidya Sagar and Chengalpattu Hospital and NIEPMD(D).

No. of BASLP Interns Posted in the Department (2022-23) : 54

Special Initiatives

NEWS READING IN SIGN LANGUAGE: News in Sign language is video recorded and delivered through the NIEPMD Whatsapp group everyday morning by the Sign language instructor of Dept. of SHC.

SUCCESS STORY-1

Client Name: XXXXX

Age/ Sex: 35 years/ Male

Diagnosis: Broca's Aphasia

Causes of Disability: Acquired

Client XXXXX, a 35-year-old adult diagnosed with Broca's Aphasia has been attending speech therapy at NIEPMD for the past 3 and a half years. His initial evaluation showed deficits in naming, spontaneous speech, reading, writing and auditory recognition. His repetition skill was good till 2-word utterances.

Therapy was focused on improving single-word responses, naming skills, 'Wh' questions and repetition. Presently, he is able to execute picture description tasks, sequence short events, recall from the past, generalise tense markers, build sentences, retell a story and express case markers. He initiates communication often and answers questions appropriately, however, needs more time to take his turn and utter the phrase/ sentence.

He has shown significant improvement in articulation. His speech is intelligible when the listener is familiar with the context. He exhibits naming difficulty and on a recent Speech Evaluation, the patient is diagnosed to have Anomic Aphasia.

He is now confident and happy to interact with friends and family.

SUCCESS STORY-2

Client Name:YYYYY

Age/ Sex: 14 years/ Male

Diagnosis: Dysarthria

Cause of Disability: Developmental

Client YYYYY, a 14 year old boy was diagnosed to have Dysarthria on 07.03.22. He has been attending speech therapy at NIEPMD for the past 2years in online and offline mode. His initial evaluation showed difficulties in substitutions for sounds like /p/ for /v/, /r/ for /d/, /b/ for /o/, /u/ for /s/, /t/ for /o/, along with cluster reductions, reduced phonation duration and deficit in narrative ability.

Therapy was focused on correcting articulatory errors, improving breath support for speech, improving story narration in sequence and enhancing phonation duration. Correction of all the misarticulated sounds was done in the initial, medial and final positions. Once the sounds were established in isolation, generalisation to word, sentences and in conversation was carried out.

Presently the client is able to maintain adequate breath support during general conversations. The client is able to narrate story and exhibits topic maintenance. The client is now able to produce most of the misarticulated sound in word level. He has shown significant improvement in articulation. His speech is intelligible to strangers.

CHAPTER - 7

DEPARTMENT OF SPECIAL EDUCATION

The Department of Special Education of the National Institute for Empowerment of Persons with Multiple Disabilities established in the year 2005 has a determined vision on developing an appropriate Special Educational service delivery model that ranges from providing clinical services to meeting the specific requirements of persons with multiple disabilities. The department is credited with launching the HRD training programmes in the educational arena ranging across various levels from diploma to master degree level along with research work in the field of special education and rehabilitation which proactively contributes to the holistic development of Persons with Multiple Disabilities. The activities stated above are conducted in line with the various acts and policies by Govt. of India enacted for the education and rehabilitation of persons the disabilities including multiple disabilities. The department is in sync with guidelines of various educational provisions available for persons with disabilities and aims to develop service delivery models which transition from promoting exclusion to inclusion, community participation and to facilitate a respectable lifestyle for persons with multiple disabilities.

OBJECTIVES

- To provide an appropriate service delivery model including Special Educational Assessment and follow-up program for individuals with multiple disabilities.
- To provide home-based programs and integrated programs for children with special needs.
- To promote the quality of life and facilitate the clients with severe and profound multiple disabilities to live as close as possible to their family and community.
- To promote successful Rehabilitation following a Trans-disciplinary approach.
- To facilitate the transition from EI/ECSE to the school programme and from school to the vocational programme and also to develop a suitable curriculum to facilitate the functional activities of children with multiple disabilities in the school, home and community.
- To develop professional skills among human resources trainees in the field of special education who will work for children with multiple disabilities at various levels and programmes.
- Preparing teaching-learning materials and adaptive devices for facilitating the learning of persons with multiple disabilities.
- To facilitate inclusive education and develop training modules for in-service teachers and other professionals to carry out the task of inclusive education.
- To create a least restrictive environment by implementing an inclusive model classroom for children with disabilities, right from toddlers.

ACTIVITIES

The Flowchart depicts the activities of the Department of Special Education.

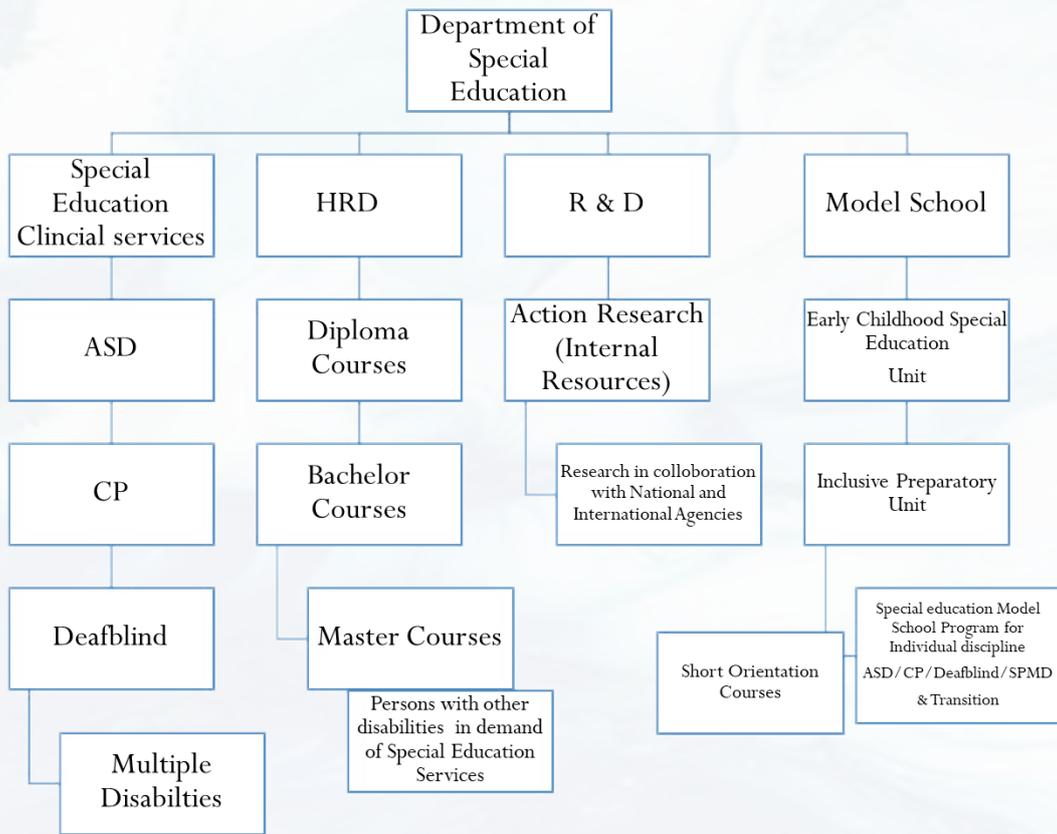

Fig: 154 Flowchart depicts the activities of the Department of Special Education

SERVICES OFFERED IN THE DEPARTMENT

CLIENTS DETAILS:

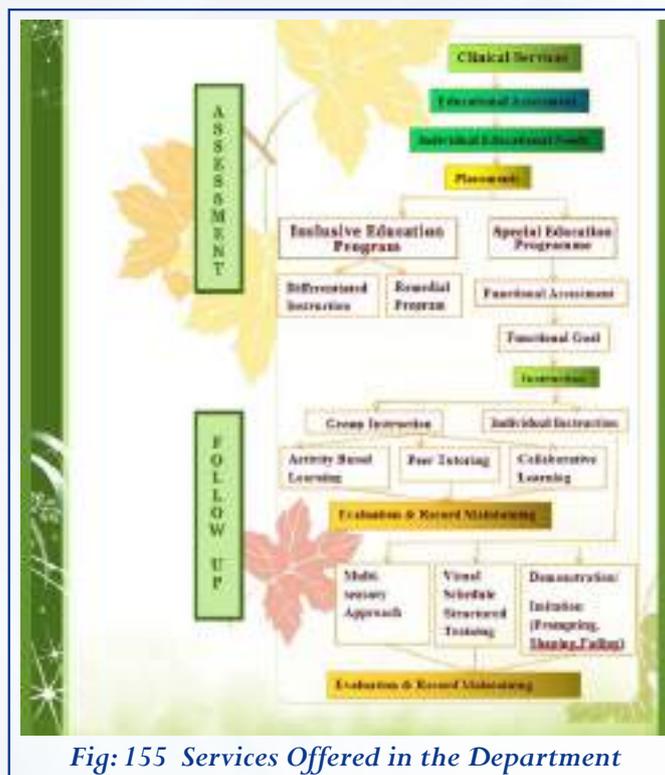

Fig: 155 Services Offered in the Department

Special Education services are provided to all clients who have congenital and adventitious conditions or disabilities. A graduated approach beginning with identification followed by adequate and appropriate programme planning is necessary for children with multiple disabilities. Special Education services are provided to clients taking into consideration the needs, concerns and requests of the parents. On completion of the Special Education Assessment, the client is expected and guided to be a part of the consistent follow-up services in NIEPMD. Long-distance clients who face the challenge of commute and travelling will be supported by providing them with referral services to places that are convenient to the clients.

The follow-up procedure requires the clients to undergo a detailed assessment using **Functional Programming Checklist (FACP), GLAD, PEP 3, CallierAzusa, Carolina curriculum** and careful planning of the **Individualized Education Plan** by setting goals and objectives. To meet the goals and objectives which are tailor-made for each child, appropriate teaching/learning strategies are developed and applied to children with multiple disabilities. The Special Education follow-up services will be scheduled **twice or thrice a week for about 30-40 minutes**. The services are need-based and individualized in nature. Activities such as art and craft, music, painting, finger-printing, thumb impression and games are also given priority and conducted as part of the follow-up programme, through group sessions.

Services included in follow-up programme:

- I. Daily living skills such as brushing, bathing, dressing and eating (task analysis)
- II. Sensory activities (using a sensory kit) for children with autism, cerebral palsy with additional disabilities, or blindness with additional disabilities. Functional academics for Children with multiple disabilities based on the psychological IQ assessment.
- III. Remedial Special Education services to children with Specific learning disabilities, thereby supporting the Inclusive Education program.
- IV. Compensatory skill training such as Orientation & Mobility, Braille, Abacus and Sign language will be given to the adults/ children who need the requirement.

PARENTS-CLINICIAN MEET CONDUCTED SINCE AUGUST 2022 EVERY QUARTER

Parents - Clinicians Interactive Meet is a regular and consistent feature since August 2022. It is conducted on a quarterly basis to develop transparency in services provided to the children and the sessions provide the opportunity to the parents to be updated on the improvement and progress of their children receiving special education services.

SUCCESS STORY OF OUR CLIENTS WHO APPEARED FOR BOARD EXAMS

STORY - I

Name: XXXX

Age: 18

Gender: Male

The client was brought by his parents with a major concern about his academic performance with unclarity of words. He had difficulty writing words when dictated and struggled to do board copying. As per the psychological report he had been diagnosed with Intellectual Disability with low vision. The client had difficulty with communication skills, a lack of grooming skills and reading and writing skills. Various intervention was given to enhance his deficit skills. Now, he has improved with continuous sessions in special education. He is able to read and write the content when dictated. He can say multiplication tables from his rote memory and his arithmetic skills have been enhanced with training. He can read and tell time on an analog clock and has been practicing money transaction concepts. He has given his X board exams this April and waiting for the result.

STORY - II

Name: XXXX

Age: 17

Gender: Male

In 2010, He was brought by his parents to NIEPMD for assessment and he was diagnosed with an Intellectual Disability with reference to his medical history and psychological assessment. As per the suggestion from the experts, his parents decided to provide intervention through special education clinical services. He started his follow-up session from the level of scribbling on notes with no exposure to academics. He also expressed his needs and communicate through gestures. He had been given training on improving his grooming skills, social skills and communication skills. In 2022 he passed his X standard and continued his vocational training. Now he is continuing his studies at ITI, Guindy and obtaining training in a mechanic shop to overcome his dependency at the financial level.

STORY - III

Name: XXXX

Age: 17

Gender: Male

The client has been given intervention in various therapies including OT, Speech and Special education when he was diagnosed with Intellectual disability by the psychological department, NIEPMD. He has been given special education and therapy since 2016. He has learned to write his name, address, phone numbers along with concepts such as addition, time, money identification from the special education follow-up services. He was also provided with sessions for curriculum content to write his school exams. In the year 2023, he gave his XII standard board exam on mainstream schooling.

Model School for Children with Multiple Disabilities (MSCMD)

Model school for Children with multiple disabilities is being organized successfully to provide various educational and other rehabilitation services in the school atmosphere. The children registered in Model School belong to the category of multiple disabilities in varying combinations. The model school has different units. As the unit changes, the methodology of teaching and the core focus area varies based on the needs of the said group of children. The program of each child carried out in the school is well informed to the parents through conducting a regular parent-teacher meeting and during daily interaction with them as parents/guardians must accompany the clients when they come to Model School.

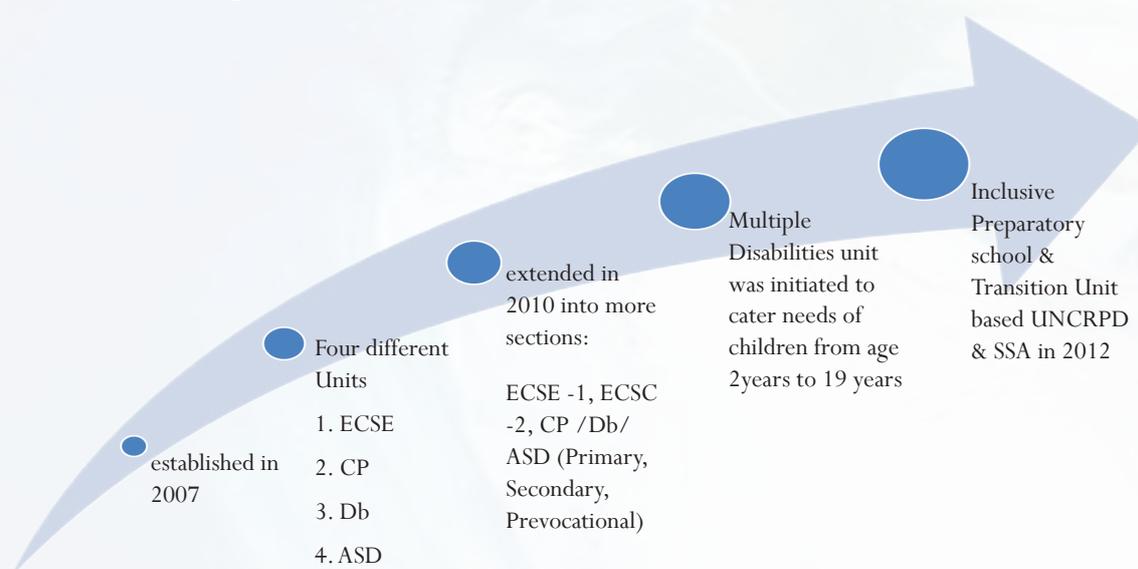

Fig: 166 Model School for Children with Multiple Disabilities

The model school is also working as a place to provide practical exposure to trainee teachers in their concerned area of specialization. The trainee teachers of HRD programs carry out various practical assignments and research in the area of multiple disabilities in various Units of the Model School as a part of their course curriculum. The teacher-student ratio has been maintained at 1:8 with mild to moderate challengeable groups and 1:4 with severe and profound challengeable groups as it requires more special attention and facilities. About 120 children enrolled in the model school during the year 2022-23.

Early Childhood Special Education

The Early Childhood Special Education Unit of Model School focuses on children in the age bracket of 3-6 years. In the ECSE unit, diverse combinations of children with multiple disabilities are a part of the preschool education program being imparted in the Unit is also managed. The preschool education program is being imparted in the Unit through which professionals prepare the child for school as a part of the School readiness program. After the successful completion of the program, the unit recommends the child to study in a regular school i.e. inclusive education setup. A total of 12 children studied in the ECSE unit in the academic year 2022-2023.

Autism Spectrum Disorder Unit

The ASD Unit admitted 29 children having autism with additional disabilities. The Unit is further divided into three sections viz. primary, secondary, & Pre-Vocational. The Children admitted to this unit are assessed using the Childhood Autism Scale Rating (CARS), Psycho Educated Profile (PEP) and Functional Assessment Checklist for Programming (FACP) tools with the purpose of identifying their

current level functioning and accordingly planning and implementing the Individualized Educational Program. In this unit, the children were trained in the communication domain which includes both verbal and non-verbal modes based on the PECS method. Based on the assessment, these children were provided with a structured classroom teaching setup using appropriate teaching-learning materials (TLM) and visual strategies for better improved learning.

Cerebral Palsy Unit

A total number of 29 children were enrolled in this unit during the academic year 2022-2023. The Units are divided into three levels/classes based on their age group, namely: Primary (7-11 years), Secondary (12-14 years) & Prevocational (15-18 years). A trans-disciplinary approach along with Cerebral Palsy specific intervention and the provision of adapted aids & Assistive technology is provided for training in the areas of mobility, communication, feeding, self-help skill and academic skills. Children's performance was assessed with standardized assessment tools. The baseline assessment is done using Student Functional Assessment Profile (SFAP). The functional assessment tools used for assessing their specific problems like academic skills through Carolina Curriculum for preschool children with special needs, feeding skills by Eating Drinking Functional Classification System, communication skills by Communication Functions Classification System, gross and fine motor skills using Gross Motor Functions Classification System and Handling Object Classification Systems, the overall development was assessed using Development Assessment of Young Children and in addition to that, the Adapted Functional Assessment Checklist for Programming (FACP) also used. The unit supports children with cerebral palsy with a dedicated assistive technology lab and adapted sports lab which was donated by Inner Strength Trust, under CSR initiatives of Private-Public Partnerships. Children's progress is measured through these checklists and reported to parents at IEP meetings.

Deafblind unit:

The activities of the Deafblind Unit are unique as each child with Deafblindness is different from one another depending on the degree of visual and hearing impairment that contributes in various associated problems and interferes with the growth & development of the child. The major areas of target are communication, accessing information, orientation and mobility, functional academics, transition and vocational activities. Special strategies such as coactive signing and tangible symbols are used to develop communication. Tactile modes along with residual sensory abilities help to explore and learn from the classroom activities. Real-life experiences and real objects are used to develop concepts at the early education level. The children with deaf-blindness also have scheduled visits to the specially designed tactile garden. During the year 2022- 2023, 28 individuals were enrolled in the unit.

Severe and Profound Multiple Disabilities (SPMD) Unit:

The total number of 12 children were admitted to the Unit. Most of the children have been diagnosed with cerebral palsy with additional disabilities like Intellectual Disabilities, seizures and low vision and hence termed as severe and profound multiple disabled children. These children were assessed by a severe profound program assessment checklist during their admission to see their level of functioning based on the assessment. This was followed by the planning and implementation of long and short-term goals. The children were provided communication files for functional communication and parents were provided with a home program to care for their children in functional academics, communication development, mobility, self-help skills, positioning and lifting. There are different children with multiple disabilities who were admitted to the unit.

Transition unit

A total number of 10 children were enrolled in this unit during the academic year of 2022-2023. The admitted Students are assessed with VAPS (Vocational Assessment Programming System), Assessment checklist during their admission to see their current level of the functional level of vocational skills. Based on the assessment, the long and short-term goals were set and implemented in lesson plans in the classroom with suitable teaching-learning material. The transition is a program in which persons with disabilities are prepared for fitting into a new climate of the workplace from the school environment. A gradual input on the vocational program is taught to the persons with disabilities from the school program and the progress of the persons performing the assigned vocational activities is monitored. The unit focuses to identify the interest area of vocation and possible avenues and abilities of the individual to achieve vocational independence ensuring maximum utilization of the potential of the individual. The different combinations of children with multiple disabilities were admitted to the unit. Apart from the curricular activities they were also given exposure to co-curricular activities. The students did participate in the competition held in different categories such as sports, culture, etc.

SUCCESS STORY

Name: xxxx

Age: 17

Diagnosis: ASD+ID

History

He enrolled in the prevocational level ASD Unit at the age of 17. He was diagnosed with Autism Spectrum Disorder with Intellectual disability. The presenting complaint was self-laughing and beating her mother. The behavior issues started in 2months, provisionally obsessive about making sounds and speech problems only responding to the question and answers. He was assessed with the FACP, ISAA, PEP and INCLIENT to measure his present level performance and he showed dependency in ADL Skills, academic skills. He didn't mingle with others and preferred to be in isolation.

Intervention

After the assessment based on the curriculum-based measurement, the long-term and short-term goals were planned with the help of parents. The skills program has been selected from FACP, ISAA, PEP and CLIENT. He showed improvement in his sitting tolerance, attention, concentration and interest activities and started communicating with words and repetitions. He can read newspapers and books. He can write personal details and fill bank challan, railway booking form, etc. He has gone to inclusive Education at Govt.HSC school Pallavaram. He has passed SSLC this year. Now he has gone to HSC 11th standard in Pallavaram Govt.HSC school, Chennai. He is able to join a group, shares enjoyment with others and participates effectively. He has the ability to open a laptop/computer and also open word files, type alphabets and do paint activities.

In the ADL domain, he has learnt to eat, go to the toilet, bathe himself and brush his teeth independently post the training programme given by the teacher. He also presents with a reduction in his problem behaviour that was managed with positive behaviour support, token economy, circle of friends, floor time activity and time-out techniques. He can express his needs and shows a positive response. Hypersensitivity in Auditory and tactile sensations was addressed by OT and communication was helped by the Department of Speech.

Name: XXXX

Age: 17

Diagnosis: ASD+ID

PAST HISTORY:

He enrolled in the transition unit of the model school in the academic year of 2021 at the age of 17. He was diagnosed with Autism Spectrum Disorder with Intellectual Disability. He reported having complaints of difficulties in functional academics, communication, not attending schools and behavior problems such as touching others, self-laughing and body racking.

Intervention:

He was assessed with the vocational assessment of programming system (VAPS). The generic skill assessment was administered to measure his present level performance and he showed dependency in ADL skills, social skills and Domestic area occasionally and he has a low performing level for functional academics and social skills.

Improvement:

Based on the Comprehensive assessment long-term and short-term goals were planned with the help of parents. He was trained by a special educator along with the support of his parents the training programme and activities were scheduled and taught regularly and consistently. The session helped him to improve his sitting tolerance in the classroom, attention, concentration and improvement in communication. He is able to communicate in single sentence his needs. He is also attending eight-grade inclusive education programme at the Government higher secondary school at Thiruvanmiyur, Chennai.

Best practices of the department – HRD programme

- The Department of Special Education is unique in the service delivery system in the country for children with multiple disabilities. The Best Practices in the services to children with multiple disabilities in the use of a multisensory approach and ICT-based teaching & learning were provided.
- Practical training: The clients were allotted to the trainees of the special education department and model school to get familiarized with practical aspects such as IEP, Writing Lesson plan Task analysis, TLM preparation, methods of teaching, strategies and approach. The department insists on following an inclusive pedagogy and a cross-categorical approach, a home-based approach for students trainees (D.Ed&B.Ed)
- Interdepartmental activities participation was provided for a holistic approach for students to be well equipped in the area of disability and special education. Students from Diploma, UG to PG level are given exposure to observe the interdisciplinary department and its services. Frequent visits to OT, PT and Psychology department are also provided.
- Research and development activities: PG students (M.Ed scholars) are exposed to research – dissertation-related activities. The undertaking researches are promoted for paper presentations and publication during their second year. This is an extensive learning experience.
- Educational tour: Visiting various institutes in different places is arranged by the department for the student trainees to develop their interest and understand the existing programme. Besides internships were given to B.Ed/D.Ed trainees in inclusive and special Schools.

- Seminars, workshops: Seminars & workshops, special lectures are organized by the department for students to provide hands-on experiences
- Competitions, Festivals celebrations: The Department organized cultural programmes, festival celebrations and activities for students during Pongal, Deepavali, Christmas, etc. The students are encouraged and made to participate in national days such as vigilance awareness week, Hindu Diwas, etc
- Students are motivated to involve in swachh Bharat activities as part of community programmes in and out of the institute
- Extension programmes: Students are involved in extension activities to create awareness of disability on the occasion of International Day for PWD and Hellen Keller's birthday, world braille day, etc

SUMMARY

The Department of Special Education established in 2005 focuses on Special Education Model School, clinical services, training HRDs through various courses from diploma level to master's level and to contribute to the holistic development of Person with Multiple Disabilities. NIEPMD, Dept of Special Education offers D.Ed in Special Education (ASD)(MD)(CP)(Db), B.Ed Special Education (ASD)(MD)(Db) M.Ed Special Education (ASD)(MD).

The objective of the department is to provide an appropriate service delivery model including Special Educational Assessment and follow-up program for individuals with multiple disabilities and it is more focused on a transdisciplinary approach that is viable to execute in our country. The aim is to also develop professional skills to work from primary education to higher education programme of special education, integrated education and inclusive education among Human Resources Trainees in the field of special education who will work with individuals with multiple disabilities.

NIEPMD undertakes R&D programmes pertaining to the issues related to persons with multiple disabilities in education and day-to-day life. Furthermore, HRD trainees are exposed to curricular and co-curricular activities and various programmes including Swachh Bharat and CBR activities and sports activities, webinars and seminars throughout the year and are encouraged to actively participate in academic research as well as projects. The College of Education takes pride in providing exposure to practical activities for HRD trainees. Special Education Students admitted to the HRD training program are availing United Way scholarship and Cognizant scholarship every year.

CHAPTER - 8

DEPARTMENT OF ADULT INDEPENDENT LIVING

The Department of Adult Independent Living (DAIL) is energising the noble task of empowerment of Adults with Disabilities through a structured training in social, vocational and life skills. 2	Sewing Machine Operator (Sales of Masks, Bag, Pouch)	Rs.11,620/-
3	Food & Beverage Steward (Sales of Tea & Snacks)	Rs.16,102/-

AWARDS

“ It’s Perseverance that Counts”

Ms. Indhu Uma Elilarasi. S (22 Years) is diagnosed as Person with multiple disabilities (Cerebral Palsy with Intellectual Disability- 80%). she is the third heir in the family being supported by her Mother, elder brother, elder sister, younger sister and a young brother. Her younger brother is also happened to be a severely multiple disabled. Amongst the family members, her elder brother is a known practitioner in

SIDDHA medicine at Kerala having sound expertise & experience in Siddha medicine. She has approached NIEPMD in the year 2010, for acquiring the core rehabilitation services such as Physiotherapy, Speech therapy, Occupational Therapy, Special Education, Clinical & Rehabilitation Psychology, Prosthetic & Orthotic Services and Independent Living skills strengthening the livelihood.

At the Clinical assessment of Multi-Disciplinary Team, she was diagnosed as individual with Cerebral Palsy & Intellectual Disability. At outset she was enrolled for fine motor and gross motor training. Subsequently she was imparted exclusive training in the essentialities of high support needs services, life skill training, ADL skills, soft skills, employability skills, work readiness skills, communicational skills, social skills, special counselling & guidance about vocational and skilling related programmes etc. Her mother is very much experienced in making handicrafts, arts & house hold related products since 13 years. Also well-versed in manufacturing the handicrafts of all type including Textile, Decorative, Paper, Functional and Fashion Crafts type. More so the Parents during the initial assessment itself have expressed that they are particular to initiate an exclusive outlet on handicrafts & herbal allied home related products manufacturing at their residence itself after receiving sufficient training from NIEPMD. The entire family is keen enough to make out this project a family venture to out forth the efficiency & efforts of the two severe multiple disabled of their family.

On accomplishing the commitment of the family the DAIL too offered the utmost training on the grounds of promotion of mother child concept. Further surprisingly noticed that the Client's mother has ample work experience in manufacturing of handicraft & home related products but not aware of the management strategies. Hence as part of curriculum the mother was also taught about the entrepreneurial skills namely, Communication, Creativity, Leadership, Problem solving, Strategic thinking & management, Stress management, Financial literacy, Active listening, Persistence, Critical thinking skills, Time management & organizational skills, Risk taking skills and Resourcefulness etc. Anent successfully they have established the home based unit in the year 2015 titled as EZHIL KARAN ENTERPRISES. At continuance, as per the guidance of NIEPMD the said unit was registered with MSME in the year 2017. Presently, M/S. Uma karan enterprises is busily manufacturing numerous products such as Straw Painting / Arts / Jute Bags / Tailoring works / Herbal Sambarani / Herbal Napkin / ' Phenol / Surf / Soap / Artificial Garland / Herbal Candle / Oma Water / Silk Thread Jewelry etc.. Her brother who is a doctor in siddha medicine is the advisor in planning of making herbal products. They have Developed rapport with various shops / stalls / vendors and comfortably marketing their products. In totem the said novel enterprise is one structured up with the enormous efforts and tireless congruence of family members that is expertised through NIEPMD has now made laudable record with considerable marketory value.

Fig: 205 Ms. S Indhu Uma Elilarasi is honoured with outstanding performance as Shrestha Divyangjan.

So is transparent inspiringly that “it’s the commitment & congruence of the parents expertised by NIEPMD brought out the talent & hard work of a PwMD to lime light as a role model Gladly based on her tenacious achievement as a successful entrepreneur, she was honoured with National Award under the category of “Best

Self-Employment with Disability”– Female (Multiple Disabilities), for the year 2020 by DEPWD, MSJ&E, GOI

It’s honestly evident as well as proud to state that Uma (a person severely multiple disabled) who is rightly guarded by parent and was timely guided by the NIEPMD have greatly become a proven paradigm for perseverance. She attitudinally dedicated her track record to her parent, brother and to her master trainers i.e NIEPMD.

Summary:

The DAIL since inception is continued to bestow every aorta of service to the at best potentials in fulfillment of skill gaps and employability skills towards ensuring quality of life. At totem, the DAIL prudently assure to carry forward the objectives with the congruence & commitment of the Dail’ians.

CHAPTER - 9

Summary

Mental health is a major concern worldwide, especially in India, where we do face many challenges and obstacles due to various factors and stigma. To end this stereotypical situation and emphasise the importance of mental health in our society, the Ministry of Social Justice and Empowerment and the Department of Social Justice and Empowerment of Disability (DIVYANGJAN), GoI have launched Kiran-Mental Health Rehabilitation Helpline (24*7) Toll-free number 18005990019 in 13 regional languages with 660 professionals across India on September 7, 2020. To provide support to people facing anxiety, stress, depression, suicidal thoughts and other mental health concerns.

CHAPTER - 10

INFORMATION AND DOCUMENTATION CENTRE

INTRODUCTION:

Information & Documentation center of NIEPMD was started in the year 2005 to provide information dissemination service, Information Technology & Media service and Documentation services to the staff, HRD students, organizations, Community & Government functionaries, rehabilitation professionals, Persons with Disabilities (Divyangian) and their parents through acquisition, Publications, Generation of new knowledge by Research & Development. It plays an important role in satisfying the academic & research mission of NIEPMD and facilitates the creation and dissemination of knowledge. It includes three sections Library, Documentation center and Information Technology & Media.

Fig: 207 Library

OBJECTIVES:

- To establish and Implement Library and information policies and procedures.
- To analyze and evaluate information services, technology and media service requirement for the Information and Documentation Center.
- Acquisition of Information Resources for the library users.
- Arrange, organize and preserve the information for academic and research needs.
- Documentation & dissemination of information to individuals and organizations working in the area of Multiple Disabilities.

Services Offered:

- Circulation service
- Membership service
- Reference Services
- Document delivery service

- Resource sharing service
- Current awareness/ Selective dissemination of Information Services
- Bibliography services
- Abstracting services
- Inter-Library loan and Inter-Library Reference Services
- Reprographic Services
- Library Orientation Services

Library:

NIEPMD Library has a unique collection of 7804 information resources in the form of CD-ROMS, E-Journals, E-Books, Books, Braille Books, Journals, thesis and reports related to Multiple Disabilities. All students, faculty members and employees of the Institute are entitled to make use of the Library facilities by taking library membership. The Library has a rich collection of books on various disciplines of Disabilities including Special Education, Deafblind, Hearing Impairment, Visual Impairment, Clinical & Rehabilitation Psychology, Vocational Training & Rehabilitation, Physiotherapy, Occupational Therapy, Speech & Communication, Intellectual Disability, Autism, Cerebral Palsy and Education. A user-friendly SOUL 3.0 (Library management software) and barcode scanner were adopted in the library to automate the library management work. NIEPMD Library also has a lifetime membership in the National Digital Library of India (NDLI), developed by the Indian Institute of Technology, Kharagpur and Sponsored by the Ministry of Education. The Students and staff can access more than 48,984,683 books through this portal.

During this year, 18,245 Visitors availed of the library facilities and 4117 books were circulated to the users.

Table: 61 Total collection in the Library as of 31st of March 2022

Collection	Total No. as of 31 st March 2022
Books	5830
Journals & Magazine	33
Newspaper clippings	3633
Back Volumes	263
E-Books	730
E-Journals	833
CDs	450
Theses & Reports	173

Fig: 208 Documentation centre

Documentation Center:

The Documentation centre enables the users by providing current & recent activities of NIEPMD and also other Disability-related information to its beneficiaries. This centre is also preparing Daily reports, Monthly Reports, Annual reports and Ministry-related reports.

Information Technology & Media:

Information Technology & Media section is creating awareness about the disability schemes and program of NIEPMD to the general public through print, electronic & social media, which includes a computer lab with internet facilities for the use of staff and students to access the digital learning resources like e-journals and e-books. It also helps to generate digital learning resource & awareness materials through photoshop and video editing software. Under dissemination of information, this unit has put up stalls at the exhibitions organized by Government and NGOs.

This Unit also maintains the NIEPMD Website. All information had been updated at regular intervals. To create awareness about COVID-19 among the public, NIEPMD developed an exclusive webpage for COVID-19. The awareness posters, videos, Government orders, SOPs, etc., have been uploaded on the webpage and also circulated via social media.

RTI Act 2005

NIEPMD has implemented the Right to Information Act 2005 as per the norms of the Central Information Commission, the Government of India and the Department of Empowerment of Persons with Disabilities (Divyangjan). The Right to Information Act 2005 (RTI) is an act of the parliament of India to provide for setting out the practical regime of the right to information for citizens to secure access to information under the control of public authorities, to promote transparency and accountability in the working of every public authority. The Central Public Information Officer headed by the Director of the Institute who is the appellate authority is responsible for providing information. The Public Information Officer serves as the liaison officer and handles correspondence with the authorities concerned. The institute received 112 RTI applications during the year 2022-23 and replied to the queries within the stipulated time. The quarterly returns pertaining to RTI are filed and submitted to Central Information Commission online as per the prescribed guidelines.

Public Grievances

During the year 2022- 23, 06 Public Grievances were received through the online Grievance portal. The reply has been prepared and sent to the complainant.

SUMMARY

NIEPMD Library is the soul of the institution and it acquires, processes, preserves and disseminates information to the user community with the motto of empowering knowledge. It has an extensive collection of books, reference materials for satisfying the academic and research needs of the students and faculty. The Library and Information Centre consists of a Reference Section, Circulation Section and Periodical Section. The library has automated all its library activities to provide an effective and wide range of academic resources such as books, journals and online databases. All the Staff and students can access the internet and digital sources of e-Journals and e-books. Library activities have been automated with SOUL software. NIEPMD is also a member of the National Digital Library of India (NDLI).

During the reporting year, 18245 visitors availed of the facilities of the library and 4117 books have been circulated to the users.

CHAPTER - 11

CHAPTER - 14

NATIONAL BOARD OF EXAMINATION IN REHABILITATION

The National Board of Examination in Rehabilitation (NBER) is a statutory body under the Rehabilitation Council of India. It was created as the registered society under Society Registration Act, 1870 and given effect as an adjunct body of RCI on 8th June 2014.

The Rehabilitation Council of India (RCI) is responsible for the Standardization of curriculum, monitoring standards of the Training programs and regulating the training of Rehabilitation Professionals which are the prime functions of the Council. NBER-NIEPMD has been established with a mandate to conduct centralized examinations for most of the Certificate and Diploma level courses of RCI.

It conducts various Diploma and Certificate level courses in the field of Special Education through RCI recognized Teacher Training Institutions. NIEPMD-NBER has been given the responsibility to conduct Examinations, Evaluations and Certifications for the following Diploma and Certificate courses.

Table:81 NIEPMD-NBER has been given the responsibility to conduct Examinations, Evaluations and Certifications for the following Diploma and Certificate courses.

S.No	Course Name	Course Code	Duration
01	Diploma In Special Education (Intellectual and Developmental Disabilities)	D.Ed Spl. Ed. (IDD)	02 years
02	Diploma in Special Education (Multiple Disabilities)	D.Ed.Spl. Ed. (MD)	02 years
03	Diploma in Early Childhood Special Education (Intellectual Disability)	D.E.C.S.E.(ID)	01 year
04	Diploma in Rehabilitation Therapy	D.R. T.	02 years
05	Diploma in Community-Based Rehabilitation	D.C.B.R	02 years
06	Diploma in Vocational Rehabilitation (Intellectual Disability)	D.V.R.(ID)	1 year
07	Diploma in Prosthetics and Orthotics	D.P.O.	2 years
08	Certificate Course in Care Givers Training	C.C.C.G.	10 months
09	Certificate Course in Rehabilitation Therapy	C.C.R.T.	01 year

Admission Process:

Rehabilitation Council of India conducts the **All India Online Aptitude Test (AIOAT)** to allow eligible candidates to admit into various courses related to Special Education and Rehabilitation. Enrolment of candidates to a particular course shall be done by the examining body, solely based on the authentic data by the NBER (RCI), verification of data and documents and confirmation of admission will be done by examining bodies. Accordingly, Enrolment number (PRN) will be allotted to the candidates to enroll into courses.

Keeping in view of RCI policies, courses such as D.Ed.Spl.Ed (ID) and D.Ed.Spl.Ed.(ASD) are included in the D.Ed.Spl.Ed (IDD) courses. One year Diploma course on D.C.B. R has been converted into Two years Diploma Programme and D.Ed.Spl/Ed (CP) course was merged with D.Ed.Spl.Ed (MD).

The distribution of students enrolled during the academic year 2022-2024 is appended in the table below.

Table:82 The Enrolment status of the candidates admitted during the academic year 2022-23

S.No	Courses Code	No. of Institutions	Total Number of Students Enrolled
01	D.Ed Spl.Ed.(IDD)	386	10896
02	D.Ed Spl.Ed.(MD)	28	712

Fig: 223 NIEPMD-NBER – Advisory Committee Meeting – 2022 - 23

Fig: 224 Google Meet was conducted with various officials involved in Examinations/ and Evaluations of July 2022 and January 2023.

Fig: 225 Dr. Natchiketa Rout, Director, NIEPMD has published the results of Diploma/ Certificate course examinations conducted in July 2022.

Fig: 226 The Member Secretary of RCI, DEPwD, Govt. of India visited NIEPMD-NBER on 21/5/2022. He had a meeting with all NBER officials and encouraged all the staff.

Best practices followed in conducting Examinations and Evaluations during COVID-19 -pandemic situations.

- a. Google Meet was conducted with National Institutes (operating NBER) and RCI to set the strategy for conducting Examinations and Evaluations.
- b. All NBER's functioning at the National Institutes followed the uniform pattern of time guidelines to conduct examination evaluations and publish results.
- c. Several Google Meets were conducted with the Teacher Training Institutions conducting Special Education Courses.
- d. NBER initiated Payment Gateway to receive the following payments from Teacher Training Institutions and candidates attending examinations.

1. Incidental Charges
 2. Students Enrolment fees
 3. Examination fees (Theory/Practical's)
 4. Certificate correction fees
 5. Retotaling, Revaluation fees,
 6. Transcript Fees
- e. Candidates selected through the All India Online Aptitude Test (AIOAT) were given Enrolment Numbers (PRN) to admit into various disciplines in Special Education.
 - f. Candidates selected through Direct Admission were also given the Enrolment Numbers.
 - g. Examination Schedule was posted on the website well in advance. The Examination was conducted in a decentralized way.
 - h. State Nodal Officers, Central Level Observers, Center Superintendents, Invigilators and Support Staff were involved in conducting Examinations/ Evaluation.
 - i. Chief Coordinators of RCI-Zonal Coordinators of ZCC were involved in the conduct of Examinations and Evaluations.
 - j. Google Meet was conducted with Nodal officers and ZCC members of NBER - RCI.
 - k. National Institutes, CRC centers, Government Colleges and Private Institutions were identified as Exam Centers (based on the topography and distribution of the Students attending Examinations)
 - l. Standard Operating Procedures (SOP) on conducting Examinations and Evaluations, the roles and responsibilities of CLO, CS and Invigilators were sent to all the Exam Centers.
 - m. Short Video film was made on conducting Examinations and Evaluations. It was shared with all the officials involved in examination related activities through google meet.
 - n. Barcoded answer booklets were sent to all Examination centers. Directions on using Barcoded answer booklets were sent through SOP and Short videos. Google Meet was conducted for the exam officials.
 - o. Covid19 safety measures were strictly followed at all the Exam/Evaluation Centres. Special provision was made to distribute hand sanitizer and facial masks.
 - p. Google Meet was arranged to discuss conducting Practical Examinations using simulations (since Special Need Children were not attending schools).
 - q. Question bank was made with the involvement of top-class professionals having sufficient experience and Model Papers.
 - r. As per the recommendations of TTIs, more objective questions were used in conducting Examinations.
 - s. Examinations and Evaluation was conducted through a decentralized mode. ZCC members / Flying Squads and State In-Charges were involved in monitoring and supervising the centers.

- t. Result was published on the NBER- website in time. Evaluation was conducted at the National Institutes and CRC centers
- u. Candidates were given SMS messages regarding publishing results and viewing their results from the website
- v. Statement of Mark sheets and Certificates were distributed to the candidates through Teacher Training Institutions.
- w. High-Level Committee was formed to review the malpractice issues. The report of the same was sent to RCI for further directions.
- x. NBER-Advisory Committee Meeting was conducted (every month) to give directions to NBER.
- y. Review committee was formed to revisit the best practices/shortfalls found while administering examination related activities.
- z. Supplementary examinations were conducted

Meeting with NBER officials at RCI

As per the direction of the Secretary, DEPwD & Chairperson, RCI, Govt. of India, NBER, RCI meeting of central examination body conducted a meeting with all four National Institutes (NIEPMD-Chennai, AYJNISHD(D) Mumbai, NIEPVD, Dehradun, ISLRTC, New Delhi) on 3/4/2023 at RCI headquarters to review the Scheme of Examinations, Multi Chances for the Supplementary examinations, Grace marks, Internal Examination Improvements and other official matters. Dr.B.Balabaskar, In-charge-NBER and Mr.V.R.Mathivanan, ADCE, attended the meeting.

Table: 89 Report on Google Meet Conducted:

Month& Date	Title	Resource Person	No. ofTTIs attended

7/12/2022	“Best Practices in preparing students for Conducting Theory/ Practical Examinations of RCI recognized Diploma/One-year Courses	Dr Shilpa Manogna Faculty Dept Special Education NIEPID.	115
5/1/2023	Best practices in preparing Students to appear for Diploma/Certificate courses examinations (Theory/ Practical) Batch 2021-22.	Dr.Suboth Kumar Dy. Director, RCI, New Delhi	125

CHAPTER - 15

CSR ACTIVITIES

Every organization seeks to follow good governance practices in all aspects of its operations. Generating goodwill and developing long-term sustainability is the vision of every entity. It is believed that an institution, in order to leave a positive footprint, should give back to the society in which it operates. A positive contribution to the betterment of society would be possible only by conducting its operations in a socially, environmentally and ethically responsible manner.

Persons with disabilities are more likely to experience adverse socio-economic outcomes than persons without disabilities, such as less education, worse health outcomes, less employment and higher poverty rates. The Corporate Social Responsibility (CSR) unit of NIEPMD seeks to improve the lives of disabled persons by making resources available to them through corporate collaborations. The main objective of the CSR policy of NIEPMD is to provide financial assistance, access to services, community support and advocacy through collaborations. It helps to create a more inclusive and equitable society for disabled persons. When education and employment are made inclusive and accessible to persons with disabilities, their well-being improves and so do the prospects of their families. In addition, society benefits when people are able to use their human capital to their full potential.

The other roles of CSR include providing a voice for disabled persons, identifying their needs, expressing views on priorities, evaluating services and advocating change and public awareness. As a vehicle of development, CSR provides the opportunity to develop independent functioning, individual abilities, mutual support, information sharing and often vocational skills and opportunities. *This annual report on CSR activities highlights the valuable collaborations made with corporates during the financial year starting from 1st April 2022 to 31st March 2023. The reported collaborations created a positive impact on the lives of many individuals with disabilities.*

DEPARTMENT OBJECTIVES

The objectives of the CSR department are as follows:

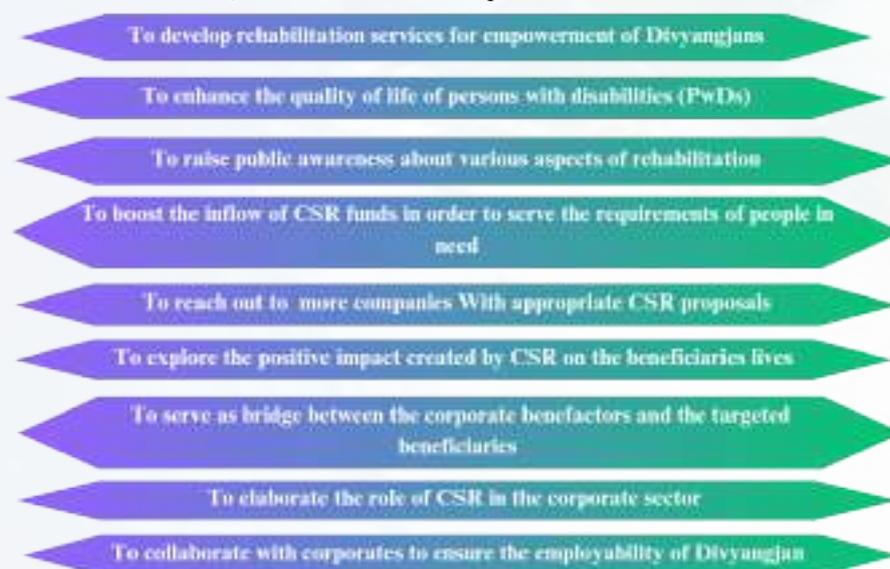

Fig:227 The objectives of the CSR department

FRAMEWORK OF THE CSR POLICY

The CSR policy of NIEPMD is formulated keeping in mind the following points:

Fig:228 Framework of the CSR Policy

DEPARTMENT ACTIVITIES

The following projects have been carried out during the year 2022-23:

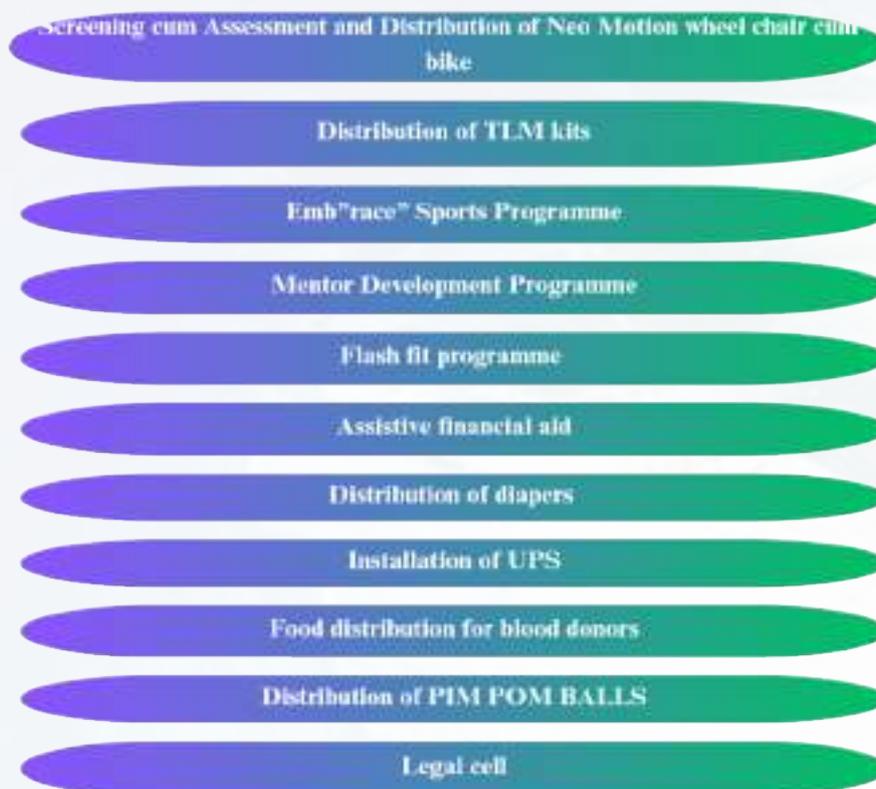

Fig: 229 Department activities

SERVICES OFFERED UNDER CSR

The focus areas prioritized by NIEPMD for supporting differently abled persons are:

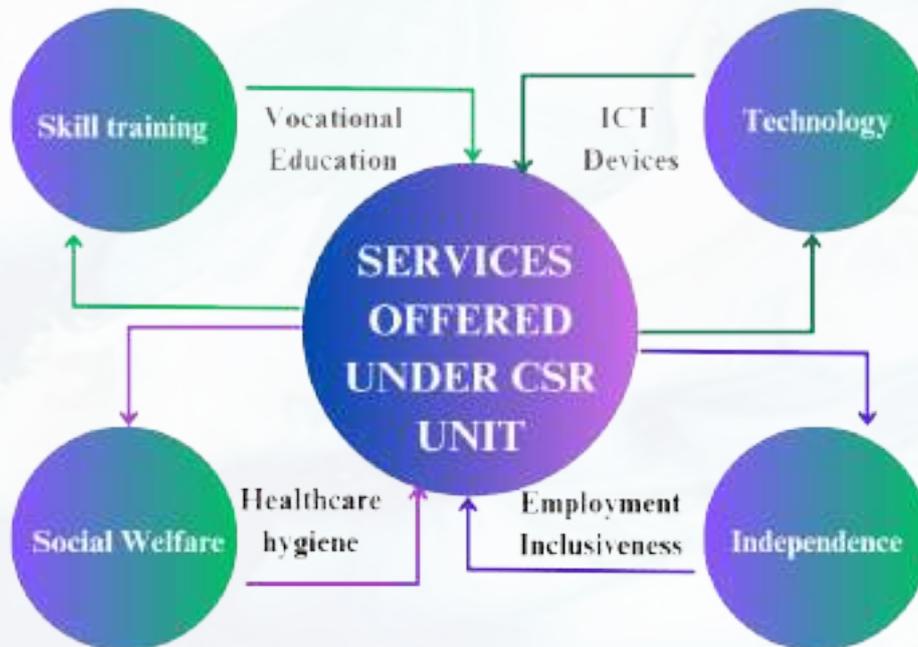

Fig: 230 Services offered under CSR

PILOT PROJECTS

Fig: 231 Pilot Projects

SCREENING CUM ASSESSMENT CAMP AND DISTRIBUTION OF NEO MOTION WHEEL CHAIR CUM BIKES

Under CSR initiatives, a screening cum assessment Camp was held on October 30th 2022 at Kanchipuram district in which 100 beneficiaries participated from various districts of Tamil Nadu.

Fig: 232 Assessment camp

The event was sponsored by the Mobis India Foundation, working with the Smart Foundation and NIEPMD. A total of 120 recipients took part and 100 of them with mobility issues received wheelchair cum bikes worth Rs. 1 lakh each. Along with love and laughter, food and refreshments were also distributed to the participants.

Fig: 233 Distribution of New Motion Bike

Similarly, On 12th December 2022, in commemoration of the International Day for Persons with Disabilities, Neo motion motorized wheelchairs worth Rs.50 lakh was distributed to 50 deserving beneficiaries. The event was held under CSR initiatives of NIEPMD at Mobis India Foundation campus, SIPCOT, Sirperumbudur. Mr. Park ki chal, Managing Director, Mobis India Foundation and Mr. A. Mahindran, former GC Member of NIEPMD honoured the event by their presence. Dr. S.M. Abinaya, Advocate and Mr. Swasthik, CEO, Neo Motion and other officers of Mobis India Foundation have also graced the event.

By greatly enhancing their quality of life, the distribution of Neo Motion Wheel Chairs will significantly lessen the hardships experienced by the physically disabled persons. It gives the recipients the freedom to commute to work on their own, which is a major life achievement.

DISTRIBUTION OF TLM KITS

The National Institute for Persons with Multiple Disabilities (NIEPMD), Chennai, collaborated with MOBIS India Foundation for distribution of Teaching Learning Material (TLM) Kits worth Rs. 4.41 Crores to 10,000 children with intellectual disabilities across the three states of Tamil Nadu, Madhya Pradesh and Gujarat. The TLM Kits act as efficient teaching tools for special educators and foster a germination for differently abled children to be able to grasp theoretical concepts with ease. Dr. S.M. Abinaya, handling CSR at NIEPMD, has facilitated this Pan India CSR Project with an aim to nurture inclusiveness and learning and development of children with special needs.

Fig: 234 Special kids enthusiastically using TLM Kits

Distribution in Tamil Nadu

As part of this pan India initiative, 949 TLM Kits were distributed at Special Schools in Tamil Nadu in various districts.

- First distribution in the State of Tamil Nadu was conducted on Jan 19th, 2023 at Thiruvallur and 345 TLM kits were distributed by the District Differently Abled Welfare Officer.

Fig: 235 Distribution of Kits, Thiruvallur , Tamil Nadu

- 163 Teaching Learning Materials were distributed by the District Differently Abled Welfare Officer at District Collectorate, Salem, Tamil Nadu, on 27th Jan 2023.

Fig:236 Distribution of Kits, Salem, Tamil Nadu

- 283 Teaching Learning Materials worth Rs.11,18,000 were distributed by District Collector, Mr.B.Murugesh at District Collectorate, Thiruvannamalai, Tamil Nadu, on April 3rd, 2023.

Fig: 237 Distribution of Kits, Thiruvannamalai, Tamil Nadu

- 165 Teaching Learning Materials were distributed by the District Collector at his office, Tiruchirappalli, Tamil Nadu, on April 23rd, 2023.

Fig:238 Distribution of Kits, Tiruchirappalli, Tamil Nadu

Distribution in Gujarat

- Inauguration programme for the distribution of 3000 Teaching Learning Materials held at Gandhi Nagar, Ahmedabad, Gujarat.

Fig: 239 Distribution of Kits, Ahmedabad, Gujarat.

Distribution in Madhya Pradesh

- Distribution of 6100 TLM Kits in Madhya Pradesh is currently in progress.

EMB” RACE” – SPORTS PROGRAMME

EMB”RACE”- Sports programmes conducted by the CSR unit of NIEPMD in collaboration with LADIES CIRCLE INDIA & ROUND TABLE INDIA for special children at its campus on 5th August 2022 to promote the active participation of children with disabilities in sporting activities in an educational, motivating and fun environment. 136 differently abled children participated in the event and enjoyed various indoor and outdoor activities. The program included the involvement of Ladies Circle India to promote active participation and boost confidence among the children. As a gesture of appreciation, the children were given art kits while the winners were recognized with medals. This CSR programme aimed to raise awareness of the value of sports, especially outdoor activities, for children with special needs. On the occasion of Independence Day, cloth flags commemorating the “Azadi ka Amrut Mahotsav and Har Ghar Tiranga” were given to the unique children and their parents.

Fig: 240 EMB”RACE”- Sports programmes

MENTOR DEVELOPMENT PROGRAMME

The CSR unit of NIEPMD conducted a two-day Mentor Development Programme on May 17th, which aimed to train individuals to become mentors. The program provided internationally accredited training and certification issued by City and Guilds, London. It also offers round-the-year upskilling opportunities. This program was organized in association with Bharatiya Yuva Shakti Trust (BYST), Chennai, as part of the CSR initiative.

Fig: 241 Online Mentorship Program by BYST & Distribution of Certificate

TRAINING PROGRAMME

On November 10th, 2023, a training session on inclusive employment for the employees of Chennai Petroleum Corporation Limited (CPCL) was conducted. The training aimed to increase awareness and understanding of the importance of creating an inclusive work environment where people with disabilities are treated with respect and given equal opportunities to grow and succeed in their careers. The NIEPMD experts shared their expertise on various aspects related to inclusive employment such as disability etiquette, accessibility, reasonable accommodations and the benefits of hiring individuals with disabilities. The training also emphasized the need to promote an inclusive culture and remove social and physical barriers to create a conducive work environment for people with disabilities.

Fig: 242 Training program for CPCL Employees

FLASH FIT PROGRAMME

FLASHFIT Private Ltd sponsored FLASHFIT Innovative Interactive Fitness equipment worth Rs. 24,00,000/- to support individuals with disabilities in moving, measuring and motivating themselves through fun workouts. Keeping the special population physically and mentally active is essential for

their welfare. These interactive fitness training systems can be utilised as both fitness and rehabilitation equipment to enhance an individual’s physical, cognitive and emotional quotient and promote overall social development. Virendra Kumar Khatik, the Minister of Social Justice and Empowerment inaugurated this initiative in Gujarat. On July 13th, 2023, Mrs. Anjali Bhawra, Secretary, Department of Empowerment of Persons with Disabilities inaugurated the same in NIEPMD, Tamil Nadu. The establishment of smart interactive play devices for children with special needs was highly welcomed. FLASHFIT makes it easy to increase challenges gradually, maintain engagement and progress, measure outcome and track the incremental steps and build self-efficacy and self-esteem in children.

Fig: 243 FLASHFIT Private Ltd sponsored FLASHFIT Innovative Interactive Fitness equipment

ASSISTIVE FINANCIAL AID

The United Way, Chennai had sanctioned Rs. 49,000/- towards scholarships to NIEPMD students as detailed below:

Table:90 Scholarships to NIEPMD students

S.No	Student Name	Course	Amount
1	K. Divya Bharathi	B.Ed	Rs. 10,000/-
2	M. Velayutham	M.Ed	Rs. 10,000/-
3	M. Sherley	B.Ed	Rs. 10,000/-
4	Lokeshwaran	B.Ed	Rs. 19,000/-

The said amount Rs. 49,000/- has been remitted into NIEPMD Internal Accrual account by the CSR Partner. The cheques were drawn in favour of student beneficiaries and handed over to them accordingly.

DISTRIBUTION OF DIAPERS

Diapers worth Rs. 2,00,000 were provided to children and adults with special needs who struggle with urinary incontinence by the CSR partner, CPCL. Without consistent diaper changes, there is a risk of infections, diaper rash and other significant health problems like problems that require medical attention and this distribution reduces the additional financial strain on the families.

Fig: 244 Distribution of diapers

INDEPENDENCE DAY CELEBRATION

On August 13th, on the occasion of 75th Independence Day, speeches on independence day and the glory of our freedom fights were given by the NIEPMD director, Dr Nachiketa Rout, the Advocate Dr. S. M. Abinaya and the deputy registrar, Mr. Sankara Narayanan. The organizers went door-to-door to distribute the sweets and flags and many people were delighted to receive them. Events for the day were coordinated by Ms. Leelavathi, Principal, Model School, together with Dr. K. K. Dhanavendhan, HOU, CP Unit & Special Teacher, Model School.

Fig: 245 75th Independence Day Celebrations

INSTALLATION OF UNINTERRUPTIBLE POWER SUPPLY (UPS)

UPS were installed inside NIEPMD premises to keep computers operational with battery backup during power cuts or inadequate voltage, thereby creating a seamless workflow. United Way, Chennai, assisted in accomplishing this step.

Fig: 246 Distribution of UPS, NIEPMD

FOOD DISTRIBUTION

As part of CSR initiative by SMART Foundation, on 10th May 2022, over 100 blood donors were served with food at NIEPMD on celebration of world Thalassemia Day.

Fig: 247 Distribution of Food to 100 blood donors – World Thalassemia Day

DISTRIBUTION OF PIM POM BALLS

PIM POM BALLS distributed on November 15, 2023, in honour of Children’s Day to kids with special needs, including clients of services. Pim poms are a fun way to help develop the children’s fine motor skills and dexterity and a great addition to sensory play.

Fig: 248 Distribution of PIM POM balls to kids with Special Needs

DISTRIBUTION OF BABY STROLLER

In March, the SMART Foundation gave a baby stroller to a child in a CP unit who had multiple disabilities. Special needs strollers are more flexible than wheelchairs because they are collapsible, adjustable and easy to transport.

LEGAL AWARENESS LECTURE ON RIGHTS OF PWDs TO LAW STUDENTS

Advocate Dr.S.M. Abinaya gave a brief lecture on international conventions and national policies and statutes on the welfare of PwDs to the students of SOEL, Tamil Nadu Dr.Ambedkar Law University.

Fig: 249 Advocate Dr. S.M Abinaya gave legal awareness lecture on Rights of PwDs to Students of SOEL, Tamil Nadu Dr.Ambedkar Law University

ACCOMPLISHMENT OF LEGAL CELL

The Legal Cell was constituted to render effective legal advice, assistance and representation as required from time to time in consultation with the qualified legal professionals. Advocate Dr.S.M. Abinaya is in-charge of the legal cell managing all the legal queries of HRD students, parents of special children, service clients and NIEPMD's staffs and persons falling under the marginal income group. The primary goal of the legal cell is to empower women and people with disabilities (PWDs) by raising knowledge of their rights and enticing them to seek redress.

RECOGNITION FROM DISTRICT COLLECTOR OF KANCHEEPURAM

Dr. S.M. Abinaya received recognition from Smt. Arthi, the District Collector of Kancheepuram, for her outstanding contributions to the welfare and empowerment of people with special needs at the celebration of the International Day of Disabled Persons organised at the Kancheepuram Collectorate.

Fig:250 Dr. S.M. Abinaya received recognition from Smt. Arthi, the District Collector of Kancheepuram

BENEFICIARIES FOR THE LAST TWO YEARS

Fig: 251 Flagship projects during the year 2019–2020

Table:91 beneficiaries for the last two years

S. No	Project	Description	Partner	Beneficiaries
i	Skill development programme for adults with disabilities	Skill training by the Department of Adult Independent Living in NIEPMD for a duration of six months offered to 20 beneficiaries in two batches covering Handlooms, Art and painting and Artistic creation. Material kit and sublimation printing equipment were distributed to all the participants.	Chennai Petroleum Corporation Limited (CPCL), Chennai	Twenty adults with disabilities

ii	Cultural events to exhibit the talents of differently-abled people	Various activities like dancing, singing, mime and playing of musical instruments performed by people with Multiple Disabilities at V R Mall, Chennai. Students from various institutions including Saveetha School of Law, School of Excellence in Law and other schools for children with special needs participated in the event. This event attracted more than 5000 viewers.	CPCL, Chennai V R Chennai	100 individuals with disabilities. More than 2000 people came to be aware of services offered by NIEPMD
iii	Distribution of nutrition supplements	Providing nutritious health mix for children in NIEPMD.	CPCL, Chennai	136 Children with multiple disabilities
iv	Promoting hygiene under the Swachh Bharat mission	Distribution of diapers (free of cost) to children with multiple disabilities to create awareness on personal hygiene	Chennai Petroleum Corporation Limited (CPCL), Chennai	Children with multiple disabilities
v	Additional financial support to students with disabilities – project aimed at creating equal opportunities	Scholarship to students pursuing B.Ed. (Special Education), M.Ed. (Special Education) and Diploma in Special Education courses. These students come from economically weaker families. Financial aid to an individual with deaf blindness and honouring his biographic work skills.	United Way, Chennai	Students pursuing B.Ed. (Special Education), M.Ed. (Special Education) and Diploma in Special Education courses.

vi.	Accomplishing the goal of Skill India Mission by making and distribution of cloth bags	Cloth bags made by persons with multiple disabilities were procured from NIEPMD by CPCL for pan India distribution under the Government of India's initiative banning usage of plastics. CPCL played a remarkable role in motivating the artistic minds behind the cloth bag project. These cloth bags are made of natural fibre thereby minimizing the environmental degradation. The cloth bags were distributed to various parts of the county including Help Age India and other Government schools.	CPCL, Chennai Help Age India	Children's from various Government Schools
vii.	Distribution of cloth bags to children with special needs and their parents	Distribution of cloth bags to children with special needs at NIEPMD and their parents for protection of environment and promote sustainable development.	Oil and Natural Gas Corporation Limited (ONGC)	Children with special needs at NIEPMD and their parents

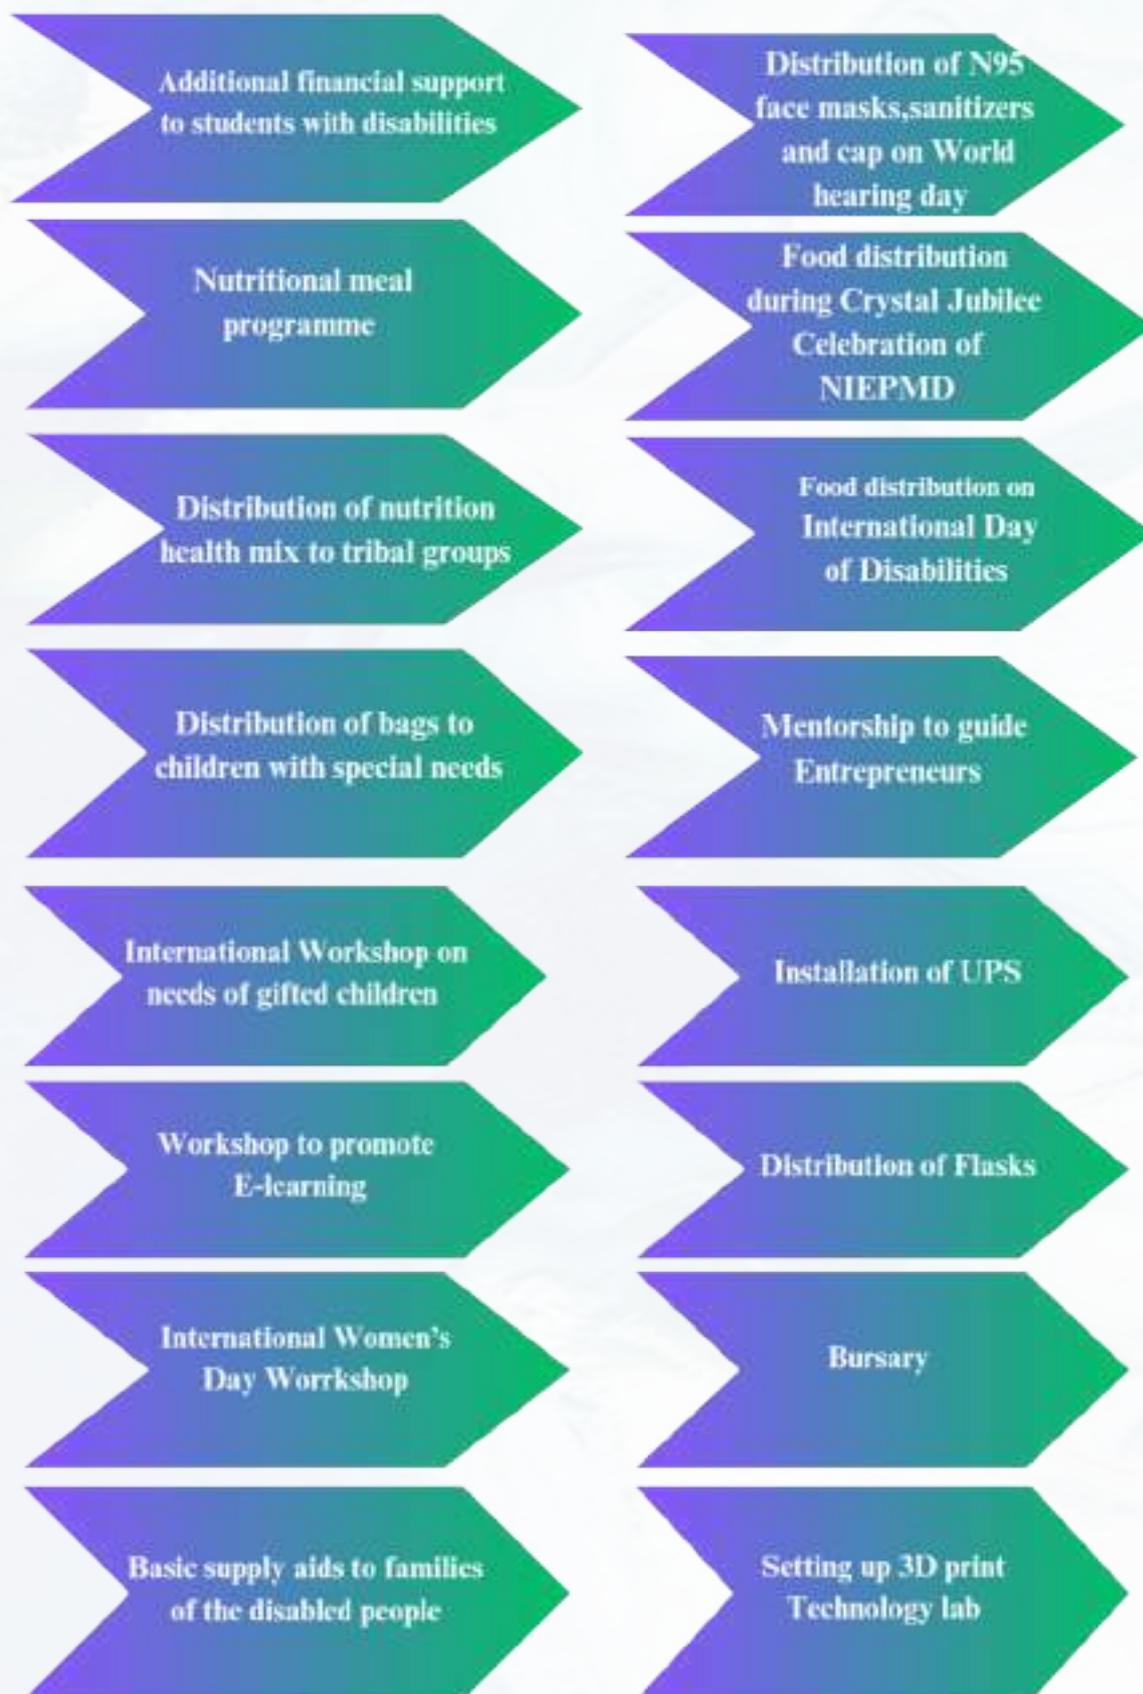

Fig:252 Flagship projects during the year 2020–2021

Table: 92 Flagship projects during the year 2020–2021

S. No.	Project	Description	Partner	Beneficiaries
i	Setting up 3D Printing Technology Lab	Opened 3D Printing Technology Lab	PEHEL FOUNDATION- Subsidiary Body of Punjab National Housing Finance. Limited, New Delhi.	People with Special Needs

All the special children were gifted art kits as a token of appreciation for their participation. Prize winners were honoured with medals.	Ladies Circle India & Round Table India	Persons with disabilities

PROJECTS IN THE PIPELINE:

NIEPMD intends to sustain the momentum of CSR efforts by carrying out more initiatives in the coming years. The demand for aid and assistance among the differently-abled individuals associated with the institution continues to increase with time and NIEPMD is committed to making adequate provisions for their needs. The institute aims to raise more funds and launch new projects to address these needs and positively impact the lives of many others beyond the confines of its immediate community. NIEPMD recognizes that CSR is an ongoing process that requires persistent effort and dedication to achieve its objectives and it remains committed to fulfilling its responsibilities and contributing to the betterment of society. The institute’s goal is to promote an all-inclusive and equitable society that provides equal opportunities and access to everyone, irrespective of their disabilities or limitations and it will continue to work tirelessly towards achieving this noble objective.

During the next fiscal year (2023-2024), the CSR unit intends to investigate potential sponsorships to finance certain designated initiatives, as well as any additional activities that may be deemed necessary or relevant at any given point in time. These specific activities have already been identified for the annual action plan and will be considered for sponsorship funding.

CSR activities planned for the Fiscal year 2023-2024:

- Scholarship / bursary
- TLM kits distribution
- Therapeutic Play Area
- Neo-Motion Motorised Wheel-Chair/Bike distribution
- Infrastructure Development
- ICT Devices
- Physio Equipment
- Accessible Transportation Services
- Workshops

SUCCESS STORIES

B. SIVA KUMAR (Artist)

A classic example to show that the NIEPMD CSR team extends a helping hand to differently-abled people beyond its campus, is the story of **Mr. B. Siva Kumar**. Siva Kumar is an Artist hailing from a remote village in Muthupettai Taluk, Thiruvavur District. He lives with his wife and two children and belongs to a feebler economic background. He suffers from Loco motor disability with 100 % disability due to Polio Attack. The NIEPMD CSR Team and Mobis India Foundation presented an electronic wheel chair-cum-motor bike called “Neo Motion” to mitigate the hardships faced by him as a physically challenged person. The vehicle enhanced the lifestyle of Siva Kumar making him more independent and self-sufficient. He now commutes to his workplace independently and is able to meet and interact with people on his own. The Neo Motion Vehicle has removed all his mobility barriers and has given him a new lease of life with more freedom.

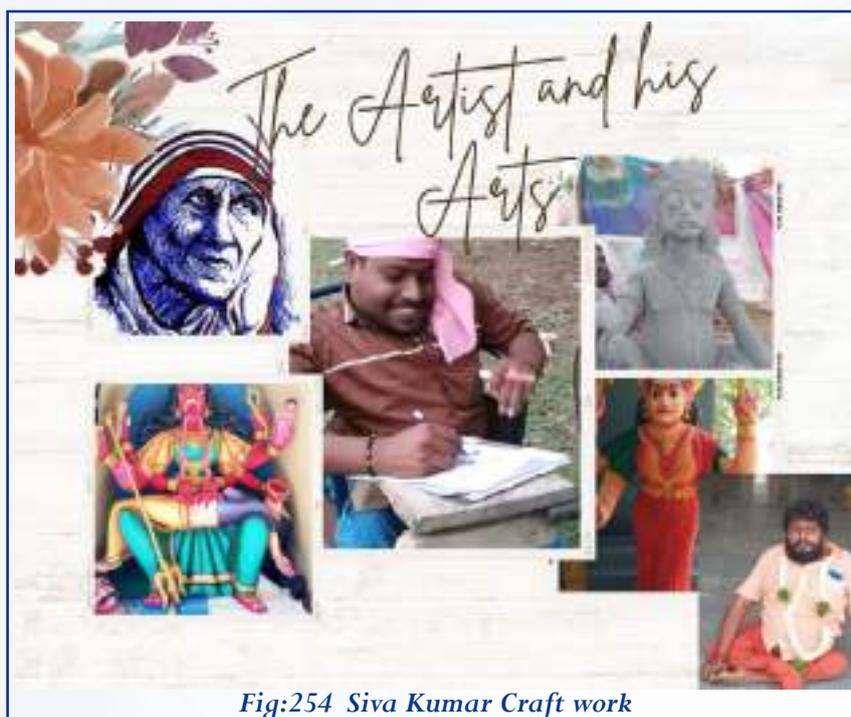

Fig:254 Siva Kumar Craft work

Sivakumar states that this wheelchair acts like man-made wings to a butterfly which has lost its wings. He is an artist who draws and paints and crafts temple sculptures. However, his agility issues prevented him from interacting with the outside world. Though he got carving orders from temples for making idols, he was not in a position to carry out his job due to the nature of his disability. His financial situation did not permit him to purchase any kind of assistive equipment to aid mobility. Despite having talent, Siva Kumar's life was a huge question mark due to his disability. Earlier, Sivakumar crawled for long distances or required the help of 2-3 people to carry him from one place to another but now, the entire scenario has changed with the New Motion vehicle.

With the help of NIEPMD's CSR initiative, he is able to move around individually and engage in his profession. Sivakumar made a special mention of situations where he had to depend on outsiders' assistance to meet his own friends. Not every time would people come forward to help. Even his someone helps him travel, he used to wind up his conversation in a few minutes to not cause inconvenience to the other person lest, that may deter them from helping him the next time. However, now the Neo Motion vehicle helps him meet people on his own terms and also take care of the needs of his wife and children. We are also glad to note that Sivakumar, with the confidence that the Neo Motion vehicle gave him, has completed a course in astrology. NIEPMD is sure that he will create a unique artistic footprint with his paintings and sculptures. We wish him all the best for his creative endeavours.

ITHAYATHULLA. S (Student)

The NIEPMD CSR team extends its support to differently-abled students, not only in Chennai but also those based out of other districts of Tamil Nadu. **Mr. Ithayathulla. S** is a bright student pursuing his final year of Law at Theni Government Law College. He resides at No. 195, North Street, Bomminayakkanpatti, Periyakulam Taluk, Theni District. As a consequence of Polio Attack, he was affected with Loco motor disability. Under the CSR scheme, Mobis India Foundation collaborated with NIEPMD and provided an electronic wheel chair-cum-motor bike in the name of "Neo"

Fig: 255 Mobis India Foundation collaborated with NIEPMD and provided an electronic wheel chair-cum-motor bike in the name of "Neo"

The introduction of this automobile has changed the life of Ithayathulla for the better. He is now able to commute to his College independently and get along with his fellow students and teachers without any movement barriers. The Neo Motion Vehicle has eased the life of Ithayathula by providing access to education and interaction with the outside world. Freedom to move around and do what feels right without depending on a third person. What more could he ask? We at NIEPMD envisage that he will reach greater heights and wish him all success for a vibrant journey.

RAMAKRISHNAN (Lecturer)

Mr. Ramakrishnan is a Junior Lecturer at NIEPMD. He has been suffering from Locomotor Disability since his childhood days. Further adding salt to the injury, in October 2016, he had a bus accident that caused head injuries and left his left leg bones completely broken. Ramakrishnan's scope for attaining formal education was limited due to the financial constraints faced by his family. His family consists of a younger brother and 2 sisters whom he had to take care of and the medical expenses due to the accident added to the monetary burden. After completing B.Ed., he wished to pursue M.Ed. However, he had to sacrifice his Masters dream for the sake of his younger brother's education. With the help of the NIEPMD CSR initiative, Ramakrishnan received a scholarship of Rs.40,000/- to pursue M.Ed. Special Education (ASD) at NIEPMD in the year 2019.

Thanks to the prompt financial assistance provided by NIEPMD, Ramakrishnan completed his Masters in 2021. He is now a Junior Lecturer at NIEPMD. He is grateful to the NIEPMD CSR Team for the timely support. He is now able to take good care of his family and continues to be a role model for many. He inspires youngsters to be responsible citizens. NIEPMD takes pride in nurturing the mentor in him and looks forward to be a part of all his accomplishments.

CSR PARTNERS OF NIEPMD

Fig: 256 CSR PARTNERS OF NIEPMD

Fig: 257 MEDIA RECOGNITION

ACKNOWLEDGEMENT

We believe that our CSR efforts should not be limited to our immediate surroundings, but should extend to the larger community and beyond. We have therefore taken steps to collaborate with government agencies, non-governmental organisations and other stakeholders to address critical social and environmental issues. Through such collaborations, we hope to leverage our resources and expertise to make a broader impact and address challenges faced by disabled people.

We also recognize the importance of transparency and accountability in our CSR initiatives. We regularly undertake impact assessments and provide regular updates on our progress and performance. This helps us to continuously improve our CSR efforts and ensure that we are staying true to our commitments.

In conclusion, we remain committed to driving positive change through our CSR initiatives and we will continue to explore innovative and impactful ways to make a difference in the lives of people. We thank all our stakeholders such as our CSR partners, teaching and non-teaching staff of the institute, service providers, parents and students of NIEPMD for their support and look forward to their continued cooperation as we undertake this journey of creating a sustainable future.

OUR JOURNEY CONTINUES...

“Small actions multiplied by millions of people can transform the world.” - Howard Zinn. Hence, the CSR activities undertaken by NIEPMD aim to improve the quality of life of people with disabilities and create more opportunities for them to thrive. As we move forward, we will continue to work towards this goal and strive to make a positive difference in society.

Yesterday is history. We will not be resting on our laurels. Tomorrow is a mystery. We have miles to go. Today is a gift. We will be mindful of ourselves and our surrounding and do our best to serve the differently abled. After all, when we want something, all the universe conspires in helping us achieve it!!!

TO CARE, SHARE, BE AWARE - our CSR journey starts here!

CHAPTER - 16

COMPOSITE REGIONAL CENTRE FOR SKILL DEVELOPMENT, REHABILITATION & EMPOWERMENT OF PERSONS WITH DISABILITIES – CRC

There are three Composite Regional Centre for Skill Development, Rehabilitation & Empowerment of Persons with Disabilities under NIEPMD working in the field of disability rehabilitation. CRC will inclusive society where persons with disabilities enjoy equal opportunity, protection of rights and respects for their autonomy, which further enable them to lead a productive, safe and dignified life for different types of disabilities. These institutes are engaged in Human Resources Development in the field of disability, providing rehabilitation services to the persons with disabilities and Research and Development efforts. These three CRC are as follows:

The main objectives of CRC

- To serve as a total rehabilitation centre for persons with disabilities
- To establish linkages with existing medical, educational and employment services following the principles of community-based rehabilitation and offer extension services in the rural areas.
- To stimulate the growth of services by encouraging and supporting voluntary organizations, parent groups self-help groups.
- To undertake human resource development by training rehabilitation professionals, village-level workers, multi-rehabilitation workers and other functionaries in the government and non-government sectors required for providing services to persons with disabilities.
- To develop strategies for the delivery of rehabilitation services suitable to the socio-cultural background of the region.
- To undertake research and development with specific reference to the needs of diverse groups of people with disability, keeping in view the nature and severity of disability in the region.
- To undertake public education program for the creation of awareness among parents and the community.
- To undertake services of education and skill development, leading to enhancement of opportunities for employment, rehabilitation, mobility, communication, recreation and integration in society.
- To guide the persons with disabilities to get the State & Central Govt. schemes and concessions
- To provide aids and appliances free of cost under the ADIP Scheme
- To provide UDID services to the Divyangjan

Sreedharan Pillai inaugurated the Disability Medical Board services of CRC Kozhikode on 02 Nov. 2022, by distributing Disability Medical Board Certificates to the beneficiaries.

Shri. S Krishnakumar (Chairman DLSA and District & Sessions Judge), Shri. R.L. Baiju (District Judge, Kannur), Shri. Shyjal M.P. (DLSA Secretary, Kozhikode & Sub Judge) & Director CRC Kozhikode Dr. Roshan Bijlee K N were present.

Fig: 2 Inauguration of Disability Medical Board services of CRC Kozhikode by Hon'ble Governor of Goa, Shri. P.S. Sreedharan Pillai

India Book of Records recognized Azadi Ka Amrit Mahotsav - Recital of National song exclusively in Indian Sign Language:

As part of an observance of the 'Azadi Ka Amrit Mahotsav', CRC Kozhikode in association with Kerala Police – Kozhikode City, jointly conducted a program for the recital of our National Song 'Vande Matharam', exclusively in Indian Sign Language, by the co-operation of Ability Arts & Science College for Hearing Impaired, Pulikkal. This is an effort towards a declaration of solidarity to the Hearing Impaired, by the entire Police force of Kerala and CRC Kerala and as an attempt in mainstreaming & include the differently abled. More than 200 persons including Police personnel in uniform, the entire staff & students of CRC-K and students of Ability College for Hearing Impaired participated in this unique attempt at the ISL recital of 'Vande Matharam'.

Fig: 3 India Book of Records recognized Azadi Ka Amrit Mahotsav - Recital of National song exclusively in Indian Sign Language

The unique attempt done by CRC-K was finalized by India Book of Records as a record titled, 'Maximum people reciting the national song in Indian sign language'.

Cultural Programs:

connection with Azadi ka Amrit Mahotsav, CRC-K conducted different programmes for differently abled children on 17/08/2022. Flag making and Fancy dress were the competition items and prizes were distributed to the winners. Children participated in dance, group songs, individual songs and mimicry their parents also participated in different games. The program ended with planting vegetables as a part of horticulture therapy.

Fig:4 Cultural Programs

Quiz in ISL:

A Quiz program in ISL for hearing-impaired students on the Indian freedom struggle was conducted in connection with the Azadi Ka Amrit Mahotsav observance of CRC-K.

Fig:5 Quiz in ISL

Employability Initiatives of CRC-K:

CRC Kozhikode started two unique employability initiatives for Persons with Disabilities in association with the Rotary Club on 29th June 2022. These initiatives will enable some of the PwDs and their families to earn a livelihood.

- a. Sublimation printing unit &
- b. Tea-Coffee vending outlet:

Fig:6 Job placement initiative

c. Job placement initiative:

Two Children with Special Needs who were regularly attending the Vocational Rehabilitation & Training Unit of CRC Kozhikode received placements in the housekeeping department of MyG – an electronic

network in Kerala. For this purpose, these CwSNs were given special training and a job placement interview was conducted by the MyG officials at the CRC campus for the recruitment.

Fig: 7 Job Placement at housekeeping department of MyG – an electronic network in Kerala.

Special Initiative for issuance of Disability Medical Board Certificate to Haemophilia patients:

CRC-K in association with Govt. Medical College conducted two days special camp for the issuance of Disability Medical Board Certificates exclusively for patients with sickle cell anaemia, thalassemia and haemophilia on 21st and 22nd July 2022 at CRC-K. Dr. E. V Gopi Principal, Govt. Medical College, Kozhikode inaugurated the initiative. Dr. Ajith Kumar (HOD Paediatrics), Dr. Sreejayan (Superintendent Medical College), Shri. V. P Sadiq (General Secretary, Haemophilia Society Kozhikode Chapter) was present.

Fig: 8 Special Initiative for issuance of Disability Medical Board Certificate to Haemophilia patients

Enabling children with borderline intelligence (with 25% disability) to avail examination benefits at par with benchmark disability:

In unique orders issued by the Hon'ble Commissioner for Persons with Disabilities for Kerala State, Justice S.H. Panchapakesan and the District Legal Service Authority Kozhikode, Children with borderline intelligence (IQ 70 to 84) and with a medical board certificate percentage of 25% disability only, were permitted to avail exam benefits (extra time, interpreter, scribe etc.) at par with children having benchmark disability of 40% and above (mild ID & SLD). CRC Kozhikode could play an instrumental role in availing such an order from the Hon'ble Commissioner and DLSA. Hundreds of thousands of children with borderline intelligence thus were enabled to avail the service of scribe/interpreter etc.

CRC Kozhikode also facilitated the conduct of such disability medical board sittings in the Kozhikode district exclusively for the issuance of disability medical board certificates for borderline intelligence children.

ISL Training for Police Officers in Kozhikode City:

A training program for Police Officers on Indian Sign Language in association with Kozhikode City Police was conducted at CRC-K with the cooperation of Ability Arts & Science College for Hearing Impaired, Pulikkal. Sri A. Akbar, Kozhikode City Police Commissioner inaugurated the initiative. Shri Umesh A. (Assistant Commissioner of Police), Shri. Naseem (Principal, Ability Arts and Science College) and Dr. Roshan Bijlee Director CRC-K were present.

Fig: 9 ISL Training for Police Officers in Kozhikode City

Special Film Festival on Disability:

CRC Kozhikode jointly with Kerala Chalachitra Academy (Government of Kerala) and Yellowings conducted a film festival exclusively for persons with disabilities on 29th and 30th of June at CRC-K campus. Movies classics like “Children of Heaven” “The Song of Sparrows” “Thare zameen par” etc. were screened in this two-day film festival, which probably is first of its kind initiative in Kerala, exclusively for persons with disabilities

Fig: 10 Special Film Festival on Disability

Special ADIP Camp – As part of the celebration of Azadi Ka Amrit Mahotsav, a special ADIP assessment/ distribution camp was organized on 17 Sep. 2022 at CRC-K and assistive devices were distributed to around 200 beneficiaries. Shri. M.K. Raghavan, Hon’ble Member of Parliament Kozhikode inaugurated the function and Shri. Tej Lohit Reddy, District Collector Kozhikode was Chief Guest.

Client Registration, Assessment, Diagnosis, Action Plan and Therapeutic Intervention CRC-A&N Islands

CRC A&N Islands has a unique way of functioning and the new clients are guided to the social work department for the preliminary data collection about the client i.e, identification and demographic data, presenting complaints, history of the present illness and treatments, Family history, personal history pre and post-natal history, history of immunization and developmental history. After the preliminary data collection, the clients are led to the various departments as per the need of the client and an initial assessment is conducted in each of the departments.

Initial assessment and detailed assessment are conducted in one or two sessions and it depends upon the cooperation of the client. Based on the diagnosis, an action plan is prepared in which the goals according to the present functioning of the client are set up i.e., short-term goals and long-term goals.

Weekly once or twice therapeutic sessions are provided to the client as per the need of the client and periodical evaluations and Interdisciplinary meetings are conducted to assess the improvement of the client.

ANNUAL REPORT 2022 - 23

**Separate Audit Report of the Comptroller & Auditor General of India on the
Accounts of National Institute for Empowerment of Persons with Multiple Disabilities,
Chennai for the year ended 31 March 2023**

We have audited the attached Balance Sheet of National Institute for Empowerment of Persons with Multiple Disabilities, Chennai as at 31st March 2023, Income & Expenditure Account and Receipts & Payments Account for the year ended on that date under section 20(1) of the Comptroller & Auditor General's (Duties, Powers and Conditions of Service) Act, 1971. The audit has been entrusted for the period up to 2025-26. These financial statements are the responsibility of the Institute's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller & Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting, standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency-cum-performance aspects, etc., if any are reported through Inspection Report/CAG's Audit Reports separately.

3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidences supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

- i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
- ii. The Balance Sheet, Income & Expenditure Account and Receipt & Payment Account dealt with by this report have been drawn up in the format approved by Government of India, Ministry of Finance.
- iii. In our opinion, proper books of accounts and other relevant records have been maintained by National Institute for Empowerment of Persons with Multiple

Disabilities Chennai as required in the rules and regulations of the Institute in so far as it appears from our examination of such books.

iv. We further report that:

A. General

1. As per Form 65, deposits with CPWD was ₹2.99 crore and Work-in-progress was ₹48.17 crore. Whereas as per annual accounts, deposits with CPWD in Schedule 11 – Current Assets, Loans and Advances was ₹9.91 crore and Work in progress as per Schedule 8 Fixed Assets was ₹36.11 crore. Differences in figures between Form 65 and annual accounts were not reconciled.

Further, within the Schedules forming part of Balance Sheet, deposits with CPWD was shown in Schedule 11 – Current Assets as ₹9.91 crore, where as per schedule 7 – Current Liabilities it was ₹22.98 crore. The difference was not reconciled.

This non-reconciliation is a persistent issue not addressed by the Institute.

2. Provision for retirement benefits was not made on the basis of actuarial valuation as prescribed in Accounting Standard 15. In the absence of actuarial valuation, Audit could not assess the sufficiency of provision of ₹2.49 crore made for Pension /gratuity in annual accounts.

B. Effect of revision in accounts

Accounts of the Institute were revised on the basis of audit observations. As a result of revision, Assets and Liabilities increased by ₹16.25 crore and surplus reduced by ₹5.47 crore.

C. Grants in aid

The institute received ₹32.69 crore as grants-in-aid for the year 2022-23 and an unspent balance of ₹14.94 crore of previous year was available, totaling to ₹47.63 crore. Out of this, the institute could utilize a sum of ₹32.33 crore, leaving a balance of ₹15.30 crore as on 31st March 2023.

- v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, Income & Expenditure Account and Receipts & payments Account dealt with by this report are in agreement with the books of accounts.
- vi. In our opinion and to the best of our information and according to the explanations given to us, the said financial statements read together with the Accounting Policies and Notes on Accounts, and subject to the significant matters stated above and other matters mentioned in Annexure to this Audit Report give a

true and fair view in conformity with accounting principles generally accepted India.

a. In so far as it relates to the Balance Sheet, of the state of affairs National

Institutes of Empowerment of persons with Multiple Disabilities, Chennai as at 31st March 2023; and

b. In so far as it relates to Income & Expenditure Account of the surplus for the year ended on that date.

For and on behalf of the C&AG of India

Sd/-

Principal Director of Audit (Central), Chennai

Annexure to Audit Report

1. Adequacy of Internal Audit System:

Internal audit was conducted by a Chartered Accountant Firm for the year 2022-23

2. Adequacy of Internal Control System:

Internal Control System is adequate.

3. System of Physical Verification of Fixed Assets and Inventory:

Physical Verification of Fixed Assets and Inventory was carried out for the year 2022-23.

4. Regularity in payment of statutory dues:

The Institute was regular in payment of statutory dues.

NATIONAL INSTITUTE FOR EMPOWERMENT OF PERSONS WITH MULTIPLE DISABILITIES (NIEPMD)

(Dept. of Empowerment of Persons with Disabilities (Divyangjan),

Ministry of Social Justice & Empowerment, Govt. of India)

Chennai, Tamilnadu - 603 112

Schedule: 24 - Accounting Policies

Accounting policies of the Institute to be followed from the accounting the year of 2005-06 and onwards in order to maintain proper books of account with respect to:

- a. All sums of money received and expended and matters in respect of which the Receipts and Expenditure took place;
 - b. All sums of Revenues / Income received / recoverable and expenditure paid/payable;
 - c. All sales & purchases of goods; and
 - d. All Assets & Liabilities; to give a true and fair view of the affairs of the Institute.
1. The books of Accounts of the Institute have been kept on accrual basis (except Pay & allowances of regular staff, Retirement benefits, Receipts of Tuition Fees, accounting of Government Grants and purchase of Medicines to Clients. These are accounted as cash basis) to ensure the accomplishment of its essential features namely (a) revenue is recognized as it is earned irrespective of whether cash is received or not; and (b) Expenses are matched against such revenues.
 2. Since the books of accounts have to be kept on accrual basis (except Pay & allowances of regular staff, Retirement benefits, Receipts of Tuition Fees, accounting of Government Grants and purchase of Medicines to Clients. These are accounted as cash basis) the cut-off date will be reckoned as 15th April.
 3. The Books of Accounts of the Institute have to be kept according to the Double Entry System of Book Keeping.
 4. For proper identification & maintenance, codification of accounting heads
 5. has to be carried out.

Secretary visit 12th - July, 2022

Secretary visit to the state capital on 12th July 2022. The Secretary, NIEPMD, accompanied by the Director, NIEPMD, visited the state capital to meet the officials of the Health Department and to discuss the progress of the NIEPMD activities in the state.

The Secretary, NIEPMD, was accompanied by the Director, NIEPMD, and the Deputy Director, NIEPMD, during the visit. They were received by the Secretary, Health Department, and the Director, Health Services, at the state capital.

The Secretary, NIEPMD, presented a detailed report on the progress of the NIEPMD activities in the state to the Secretary, Health Department. He also discussed the various challenges faced by the NIEPMD and sought the support of the Health Department to overcome these challenges.

The Secretary, Health Department, appreciated the efforts of the NIEPMD and assured the support of the Health Department. He also discussed the various initiatives of the Health Department to improve the health services in the state.

The visit was a fruitful one and it was decided to continue the collaboration between the NIEPMD and the Health Department to improve the health services in the state.

Union Cabinet Minister Visit - 03/10/2022

Union Cabinet Minister visit to the state capital on 03/10/2022. The Union Cabinet Minister, Health, visited the state capital to meet the officials of the Health Department and to discuss the progress of the NIEPMD activities in the state.

The Union Cabinet Minister, Health, was accompanied by the Secretary, NIEPMD, and the Director, NIEPMD, during the visit. They were received by the Secretary, Health Department, and the Director, Health Services, at the state capital.

The Union Cabinet Minister, Health, presented a detailed report on the progress of the NIEPMD activities in the state to the Secretary, Health Department. He also discussed the various challenges faced by the NIEPMD and sought the support of the Health Department to overcome these challenges.

The Union Cabinet Minister, Health, appreciated the efforts of the NIEPMD and assured the support of the Health Department. He also discussed the various initiatives of the Health Department to improve the health services in the state.

The visit was a fruitful one and it was decided to continue the collaboration between the NIEPMD and the Health Department to improve the health services in the state.

Awareness Programme on Sexual Health Education 22.07.2022

Awareness programme on sexual health education was held on 22.07.2022. The programme was held at the state capital and was attended by the officials of the Health Department and the NIEPMD.

The programme was a successful one and it was decided to continue the awareness programmes on sexual health education in the state.

World Thalassaemia Day

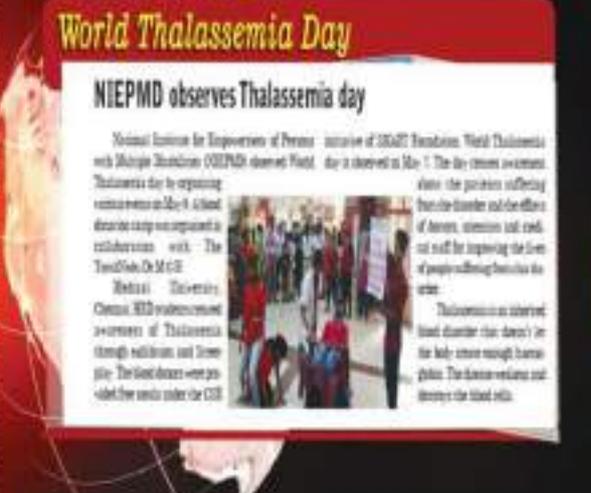

NIEPMD observes Thalassaemia day

National Institute for Empowerment of Persons with Multiple Disabilities (NIEPMD) observed World Thalassaemia day on 05.11.2022. The day is observed to raise awareness about the disease and to provide support to the patients suffering from the disease.

The NIEPMD organized a series of activities to observe the day. These activities included a quiz competition, a drawing competition, and a dance performance. The NIEPMD also distributed pamphlets and brochures to the patients and their families.

The NIEPMD also organized a blood donation camp for the patients and their families. The camp was held at the state capital and was attended by the officials of the Health Department and the NIEPMD.

The NIEPMD also organized a series of awareness programmes on thalassaemia in the state. These programmes were held at the state capital and were attended by the officials of the Health Department and the NIEPMD.

Sensitization program on Sexual Harassment 25.11.22

Sensitization program on sexual harassment was held on 25.11.22. The program was held at the state capital and was attended by the officials of the Health Department and the NIEPMD.

The program was a successful one and it was decided to continue the sensitization programmes on sexual harassment in the state.

Eye Screening Camp

22 & 23.11.22

Eye screening camp

As part of Children's day celebration, Child Early Intervention Centre (CEIC), NIEPMD in collaboration with Sankari Netra Shikshakalaya, organized a 2-day eye screening camp on Nov.22 and 23.

Nicholas Rao, Director of NIEPMD, inaugurated the camp. Dr. B.S. Senthil Kumar, Coordinator CEIC, NIEPMD, inaugurated, along with Dr. Radhika Anand, Head - Vision Enhancement Clinic, Senior Optometrist and T. Thiruvengadam, Senior Optometrist. About 100 children with special needs benefited in the eye screening camp.
