

World Thalassemia Day

NIEPMD observes Thalassemia day

National Institute for Empowerment of Persons with Multiple Disabilities (NIEPMD) observed World Thalassemia day by organising various events on May 9. A blood donation camp was organised in collaboration with The TamilNadu Dr.M G R

Medical University, Chennai; HRD students created awareness of Thalassemia through exhibition and Street play. The blood donors were provided free meals under the CSR

initiative of SMART Foundation. World Thalassemia day is observed on May 7. The day creates awareness about the patients suffering from the disorder and the efforts of doctors, scientists and medical staff for improving the lives of people suffering from this disorder.

Thalassemia is an inherited blood disorder that doesn't let the body create enough haemoglobin. The disease weakens and destroys the blood cells.
